Litter Genie Cat Litter Box Instruction Manual

Model: 10078300031588

INTRODUCTION

The Litter Genie Litterbox is an innovative solution designed to provide a comfortable and private space for your cat while simplifying the litter management process. Its unique design focuses on ease of use and cleanliness, ensuring a fresher environment for both you and your pet.

PRODUCT FEATURES

- **Innovative Design:** Specifically engineered to facilitate usage and provide privacy for your cat.
- **High Walls:** Extra-tall (16 inches) walls prevent litter scatter, offering privacy and a sense of security.
- **Flexible & Compact Size:** Made with soft, flexible plastic that adapts to small spaces, unlike rigid litter pans.
- **Easy to Use:** Features a curved base and an open-hood design for quick and easy clean-up, eliminating hard-to-reach corners.
- **Integrated Handles & Spout:** Convenient handles allow for easy transport and spillage-free emptying of contents.

MAINTENANCE

Regular cleaning is essential for maintaining hygiene and extending the life of your Litter Genie Litter Box. The integrated handles and pour spout make emptying and cleaning simple.

- **Daily Scooping:** Scoop solid waste daily to minimize odors.
- **Full Litter Change:** Completely empty and clean the litter box regularly (e.g., weekly or bi-weekly, depending on usage).
- **Cleaning Process:**

1. Using the integrated handles, lift the litter box and use the pour spout to empty all contents into a trash bag.
2. Wipe out any remaining litter or residue with a paper towel.
3. Clean the interior with a pet-safe cleaner or a solution of mild soap and water. Rinse thoroughly.
4. Allow the litter box to air dry completely before refilling with fresh litter.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Litter sticking to the bottom	Insufficient litter depth.	Ensure adequate litter depth (at least 3-4 inches) to allow for proper clumping and prevent urine from reaching the bottom.

Problem	Possible Cause	Solution
Litter scatter outside the box	Vigorous digging by cat; insufficient litter depth.	The high walls are designed to minimize scatter. Ensure sufficient litter depth. Consider placing a litter mat around the box.
Persistent odors	Infrequent cleaning; scratches in plastic.	Increase frequency of scooping and full litter changes. If the plastic is heavily scratched, it may be time to replace the litter box as scratches can trap odors.
