TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common problems and solutions:

- **No Power:**

- Ensure the power cable is securely connected to both the TV and the electrical outlet.
- Check if the power outlet is functioning by plugging in another device.
- Press the power button on the TV itself, not just the remote.

- **No Picture, But Has Sound:**

- Check the input source. Press the "Input" or "Source" button on your remote to cycle through inputs.
- Ensure all video cables (HDMI, AV) are securely connected to both the TV and the external device.

- **No Sound, But Has Picture:**

- Check the volume level and ensure the TV is not muted.
- Verify audio cable connections if using external speakers.
- Check audio settings in the TV menu.

- **Remote Control Not Working:**

- Replace the batteries with new AAA batteries, ensuring correct polarity.
- Ensure there are no obstructions between the remote control and the TV's IR sensor.

If the problem persists after trying these solutions, please contact customer support.
