IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

- **DANGER:** Keep away from water. Do not use while bathing or in a shower.
- Always unplug the appliance immediately after use.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- If an appliance falls into water, unplug it immediately. Do not reach into the water.
- Do not operate any appliance with a damaged cord or plug, or if the appliance malfunctions or has been dropped or damaged in any manner.
- Keep the cord away from heated surfaces. Do not wrap the cord around the appliance.
- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.
- Never use while sleeping.
- Never drop or insert any object into any opening.

- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use an extension cord with this appliance.
- Do not direct hot air towards eyes or other heat-sensitive areas.
- The appliance is hot when in use. Do not let heated surfaces touch eyes or bare skin.
- Do not place the appliance directly on any surface while it is operating.
- Do not use this appliance for any purpose other than its intended use.

PRODUCT FEATURES

The BaBylissPRO BABSS8000 STEELFX Hair Dryer is engineered for professional performance and durability. Key features include:

- **2000 Watt Motor:** Powerful drying performance for various hair types.
- **Stainless Steel Housing:** Modern, durable, and robust construction.
- **Ferrari-Designed Engine:** Advanced motor technology for efficiency and longevity.
- **Ergonomic Design:** Allows comfortable handling by the handle or barrel.
- **Lightweight Design:** Reduces user fatigue during extended use.
- **Noise-Reducing Filter:** Contributes to a quieter operation.
- **3 Heat Settings:** Provides versatile styling options.
- **2 Speed Settings:** Offers control over airflow intensity.
- **Cold Shot Button:** Helps to set hairstyles for a lasting finish.
- **9-Foot Power Cord:** Provides ample reach and flexibility.

SETUP

Before first use, ensure the hair dryer is properly prepared.

1. **Unpack:** Carefully remove the hair dryer and all accessories from the packaging.
2. **Inspect:** Check the appliance for any signs of damage. Do not use if damaged.
3. **Power Source:** Ensure your power outlet matches the voltage requirements of the hair dryer (120V AC).
4. **Plug In:** Insert the power cord plug firmly into a suitable electrical outlet.

OPERATING INSTRUCTIONS

Follow these steps for effective and safe operation of your hair dryer.

1. **Preparation:** Towel-dry hair to remove excess moisture before blow-drying.
2. **Power On:** Plug the dryer into an electrical outlet.
3. **Select Speed:** Use the speed switch to choose between two airflow settings (low or high).
4. **Select Heat:** Use the heat switch to select one of three heat settings (cool, warm, or hot).
5. **Drying:** Direct the airflow towards your hair, moving the dryer continuously to prevent overheating any single section.
6. **Cold Shot:** Press and hold the cold shot button to deliver a burst of cool air, which helps to set your style and add shine. Release the button to return to the selected heat setting.
7. **Power Off:** After use, switch the dryer to the 'OFF' position and unplug it from the outlet.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your hair dryer.

- **Cleaning the Air Filter:** Regularly clean the rear air filter to prevent lint and hair buildup, which can restrict airflow and cause overheating. Twist or pull off the rear filter cover, remove any accumulated debris, and replace the cover securely.
- **Exterior Cleaning:** Wipe the exterior of the dryer with a damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, unplug the dryer and allow it to cool completely. Store it in a dry, safe place, out of reach of children. Do not wrap the power cord tightly around the dryer, as this can damage the cord.

TROUBLESHOOTING

If you encounter issues with your BaBylissPRO BABSS8000 STEELFX Hair Dryer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Dryer does not turn on.	No power, faulty outlet, or tripped safety feature.	Check if the dryer is properly plugged in. Test the outlet with another appliance. Check your household circuit breaker.
Low airflow or overheating.	Blocked air intake filter.	Unplug the dryer and clean the rear air filter as described in the Maintenance section.
Dryer suddenly stops during use.	Overheating protection activated.	Unplug the dryer and allow it to cool down for several minutes. Clean the air filter. Re-plug and try again.

SPECIFICATIONS

- **Model Number:** BABSS8000
- **Wattage:** 2000 watts
- **Power Source:** Corded Electric
- **Number of Speeds:** 2
- **Number of Heat Settings:** 3 (plus Cold Shot)
- **Material:** Stainless Steel, Plastic
- **Product Dimensions:** Approximately 1 x 1 x 1 inches
