Accessory USA KTAUB-1807170097

Accessory USA AC DC Adapter User Manual

Model: KTAUB-1807170097

1. INTRODUCTION

This manual provides instructions for the safe and effective use of your Accessory USA AC DC Adapter. This adapter is designed as a replacement power supply for Tranquil Ease Raffel Systems IVP1200-3000 and IVP12003000 units. Please read this manual thoroughly before use and retain it for future reference.

3. SETUP INSTRUCTIONS

1. **Verify Compatibility:** Before connecting, confirm that your device (Tranquil Ease Raffel Systems IVP1200-3000 or IVP12003000) requires a 12V, 3A power supply with a barrel connector.
2. **Connect to Device:** Insert the barrel connector end of the adapter cord firmly into the power input port of your Tranquil Ease Raffel Systems unit.
3. **Connect to Power Outlet:** Plug the AC prongs of the adapter into a standard AC 100-240V wall outlet.
4. **Power On:** Once connected, your device should receive power. Follow your device's instructions to power it on.

4. OPERATING INSTRUCTIONS

The Accessory USA AC DC Adapter operates automatically once connected to a compatible device and a power source. It converts the AC input voltage (100-240V) to a stable DC 12V output at 3A, providing power to your connected device.

- Ensure all connections are secure before operating your device.
- Disconnect the adapter from the wall outlet when not in use for extended periods.
- Avoid pulling the cord to disconnect; always grasp the plug firmly.

5. MAINTENANCE

The adapter requires minimal maintenance:

- **Cleaning:** Disconnect the adapter from the power outlet and your device before cleaning. Wipe the exterior with a soft, dry cloth. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place when not in use. Avoid wrapping the cord too tightly around the adapter body.
- **Inspection:** Periodically inspect the cord and connectors for any signs of wear or damage.

6. TROUBLESHOOTING

If your device is not receiving power, consider the following:

- **No Power to Device:**
 - Ensure the adapter is securely plugged into a working wall outlet.
 - Verify the barrel connector is fully inserted into your device's power port.
 - Check if the wall outlet is functional by plugging in another device.
 - Confirm that your device's power switch is in the "On" position.
- **Adapter Overheating:**
 - Disconnect the adapter immediately.
 - Ensure it is not covered and has adequate ventilation.
 - Verify that your device's power requirements do not exceed the adapter's output (12V 3A).
 - If overheating persists, discontinue use and contact support.
- **Device Damage:** If you suspect the adapter has damaged your device, discontinue use and contact

both the device manufacturer and Accessory USA support.

7. SPECIFICATIONS

| | |
|------------------------------|--|
| Brand | Accessory USA |
| Model Number | KTAUB-1807170097 |
| Input Voltage | AC 100-240V (Worldwide AC Input 50-60Hz) |
| Output Voltage | DC 12V |
| Output Current | 3 Amps |
| Wattage | 5 Watts |
| Connector Type | Barrel Connector |
| Cable Length | 4 feet |
| Safety Certifications | CE / FCC / RoHS (OVP, OCP, SCP Protection) |
| Compatible Devices | Tranquil Ease Raffel Systems IVP1200-3000, IVP12003000 |
