Fastrack 38003PP06

Fastrack Black Dial Analogue Watch (Model 38003PP06) User Manual

Your guide to setting up, operating, and maintaining your Fastrack watch.

1. INTRODUCTION

Thank you for choosing the Fastrack Black Dial Analogue Watch, Model 38003PP06. This manual provides essential information for the proper use and care of your new timepiece. Please read it thoroughly to ensure optimal performance and longevity of your watch.

2. PRODUCT OVERVIEW

The Fastrack Black Dial Analogue Watch is designed for both men and women, featuring a classic analogue display and a comfortable silicone band. Its robust design makes it suitable for daily wear.

Key Features:

- **Display Type:** Analogue
- **Movement Type:** Quartz
- **Band Material:** Silicone
- **Clasp Type:** Deployment Clasp
- **Case Shape:** Round
- **Dial Colour:** Black

3. SETUP

3.1 Unpacking

Carefully remove the watch from its packaging. Inspect the watch for any visible damage. Retain the packaging for future reference or warranty claims.

Image 2: An angled view of the Fastrack watch, showing its design.

3.2 Setting the Time

1. Locate the crown (the small knob on the side of the watch case).
2. Gently pull the crown outwards to the time-setting position. You may feel a slight click.
3. Turn the crown clockwise or counter-clockwise to adjust the hour and minute hands to the correct time.
4. Once the time is set, push the crown back into its original position against the watch case. This will start the watch movement.

Image 3: Side view of the Fastrack watch, highlighting the crown used for time adjustment.

3.3 Wearing the Watch

Place the watch on your wrist. Adjust the silicone strap to a comfortable fit using the deployment clasp. Ensure the watch is snug but not too tight, allowing for proper circulation.

4. OPERATING INSTRUCTIONS

Your Fastrack Analogue Watch is designed for straightforward operation. Once the time is set, the watch will continuously display the current time. No further adjustments are typically needed unless the time needs to be reset due to battery change or travel.

5. MAINTENANCE

5.1 Cleaning

- Wipe the watch case and silicone strap with a soft, damp cloth.
- Avoid using harsh chemicals, solvents, or abrasive cleaners, as these can damage the watch's finish or strap material.
- Ensure the watch is dry before wearing it again.

5.2 Battery Replacement

This watch uses a quartz movement powered by a battery. When the watch stops or the time becomes inaccurate, the battery may need replacement. It is recommended to have the battery replaced by a qualified watch technician to ensure proper sealing and prevent damage to the internal components.

5.3 Storage

When not in use, store your watch in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing it near magnetic fields, which can affect the accuracy of the quartz movement.

6. TROUBLESHOOTING

- **Watch not running:**
Check if the crown is fully pushed in. If it is, the battery may need replacement. Consult a professional watch technician.
- **Time is inaccurate:**
Ensure the crown is fully pushed in after setting the time. If inaccuracy persists, the battery may be low, or the movement may require servicing. Avoid strong magnetic fields.
- **Strap discomfort:**
Adjust the deployment clasp for a more comfortable fit. Clean the strap regularly to prevent skin irritation.

7. SPECIFICATIONS

Brand	Fastrack
Model Number	38003PP06
Display Type	Analogue
Movement Type	Quartz
Case Diameter	38 mm
Dial Colour	Black
Band Material	Silicone
Band Colour	Black (Note: Product specifications listed 'Green', but product title and images indicate 'Black'. Please verify your specific model.)
