Coleman 8-Person Instant Family Tent Instruction Manual

Brand: Coleman

Model: 2000018295

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Coleman 8-Person Instant Family Tent. Designed for quick assembly, this tent features pre-attached poles and WeatherTec technology for enhanced weather protection. Please read all instructions carefully before use to ensure proper setup and enjoyment of your tent.

WHAT'S IN THE Box

- Coleman 8-Person Instant Family Tent
- Integrated Rainfly
- Carry Bag

SETUP INSTRUCTIONS

The Coleman Instant Tent is designed for quick and easy setup, typically in about 60 seconds. Follow these steps for assembly:

1. **Unfold the Tent:** Lay the tent flat on your chosen campsite. Ensure the pre-attached poles are spread out.
2. **Extend the Poles:** Begin extending the pre-attached poles at each corner and in the middle. Listen for a click to confirm they are locked into place.
3. **Raise the Tent:** Continue extending all poles until the tent structure stands upright and resembles a traditional tent.
4. **Secure the Tent:** Guy out your tent using the provided stakes and guy lines to ensure stability, especially in windy conditions.

OPERATING INSTRUCTIONS

Ventilation and Space

The tent features large windows that can be opened for excellent ventilation, helping to regulate internal temperature and airflow. With a center height of 6 ft. 7 in., most adults can stand and move comfortably inside. The spacious 14 ft. x 10 ft. floor plan can accommodate up to 4 queen-size airbeds or 8 people.

Weather Protection

Equipped with WeatherTec technology, the tent features patented welded floors and inverted seams to prevent water entry. The integrated rainfly provides additional protection from the elements. The rugged double-thick fabric is designed to withstand various outdoor conditions.

Storage

Interior storage pockets are available to help keep small items organized and off the tent floor, maximizing usable space.

MAINTENANCE

To ensure the longevity of your Coleman Instant Tent, follow these care instructions:

- **Cleaning:** Hand wash the tent with mild soap and water. Do not use harsh detergents or bleach.
- **Drying:** Always ensure the tent is completely dry before packing it away to prevent mildew and odor.
- **Storage:** Store the tent in its carry bag in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Pole Care:** Inspect poles for any damage before and after each use. Ensure they are clean and dry before storage.

TROUBLESHOOTING

If you encounter any issues with your tent, consider the following common solutions:

- **Difficulty with Setup:** Ensure all pre-attached poles are fully extended and locked into place. Refer to the setup video for visual guidance.
- **Water Leakage:** Verify that all zippers are fully closed and covered. Check for any tears or damage to the fabric or seams. Ensure the tent is properly guyed out to prevent pooling.
- **Condensation Inside:** Increase ventilation by opening windows and doors when weather permits. Ensure adequate airflow to reduce moisture buildup.
- **Packing Difficulty:** Ensure all air is expelled from the tent before folding. Fold the tent neatly to fit into the carry bag.

SPECIFICATIONS

Brand	Coleman
Model Number	2000018295
Occupancy	8 Person (fits 4 queen-size airbeds)
Floor Dimensions	14 ft. L x 10 ft. W (140 sq. ft.)
