CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your WLIVE dresser.

- **Cleaning:** Wipe the wood top and steel frame with a dry cloth. The high-quality non-woven fabric drawers are easy to clean; spot clean with a damp cloth and mild soap if necessary, then air dry. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** Immediately wipe any spills on the wood top to prevent staining, as it is water-resistant but not stain-proof.
- **Drawer Condition:** Periodically check the fabric drawers for any signs of wear or damage. While designed to be non-deforming and wear-resistant, proper handling will extend their life.

- **Frame Stability:** Occasionally check all screws and connections on the steel frame to ensure they remain tight. Retighten if necessary.
