CARE AND MAINTENANCE

To ensure the longevity and appearance of your WLIVE dresser, follow these simple care instructions:

- **Cleaning:** Wipe the wood top and steel frame with a dry cloth. For the fabric drawers, spot clean with a damp cloth and mild soap if necessary, then air dry completely.
- **Avoid Moisture:** While the wood top has a protective coating, avoid prolonged exposure to liquids. Wipe up spills immediately.
- **Weight Distribution:** Distribute weight evenly across the drawers and on the top surface to prevent warping or damage.
- **Drawer Care:** Do not overstuff the fabric drawers, as this can cause them to lose shape over time.

TROUBLESHOOTING

If you encounter any issues with your dresser, consider the following common solutions:

- **Instability/Wobbling:** Ensure all screws are tightened securely. Adjust the leveling feet at the bottom of the frame to stabilize the unit on uneven floors.
- **Drawers Not Sliding Smoothly:** Check that the fabric drawers are correctly inserted and not overfilled. Ensure no foreign objects are obstructing the drawer paths.
- **Missing Parts:** If any parts are missing upon unboxing, please contact customer support immediately with your product model and a description of the missing components.
