BXROIU ES-LCL-088

BXROIU CR2032 Battery Operated Fairy Lights Instruction Manual

Model: ES-LCL-088

INTRODUCTION

Thank you for choosing BXROIU Fairy Lights. This manual provides essential information for the safe and effective use of your CR2032 battery-operated LED string lights. Please read these instructions carefully before use and retain them for future reference.

These lights feature a flexible silver wire with 20 warm white LEDs, powered by two CR2032 batteries, making them ideal for various indoor decorative applications.

PACKAGE CONTENTS

- 6 x BXROIU Fairy Light Strings (6.6ft/2m, 20 LEDs each)
- 1 x Small Screwdriver (for battery compartment)
- 12 x CR2032 Batteries (2 per string, pre-installed or included)

Image: Six BXROIU warm white fairy light strings with CR2032 battery boxes and a small screwdriver. This image displays six individual sets of BXROIU fairy lights. Each set consists of a coiled string of warm white LEDs on a silver wire, connected to a compact white CR2032 battery box. A small blue-handled screwdriver is also included, likely for battery compartment access.

SAFETY INFORMATION

- **Indoor Use Only:** These lights are designed for indoor use.
- **Battery Safety:**
 - Keep batteries out of reach of children.
 - Do not mix old and new batteries.
 - Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
 - Remove batteries if the product is not used for an extended period.
 - Dispose of batteries properly according to local regulations.
- **Water Resistance:** The LED string lights are waterproof, but the battery box is **NOT** waterproof. Ensure the battery box is protected from moisture and direct water contact.

- **Heat:** The LED lights remain cool to the touch during operation.

SETUP

1. **Unpack:** Carefully remove the fairy light strings from their packaging.
2. **Battery Installation/Check:**
 - Each battery box requires two CR2032 batteries.
 - If batteries are not pre-installed, use the included screwdriver to open the battery compartment.
 - Insert the CR2032 batteries according to the polarity markings (+/-) inside the compartment.
 - Close the battery compartment securely.
3. **Test:** Locate the ON/OFF switch on the battery box and slide it to the "ON" position to ensure the lights function correctly.

Image: Detailed view of the BXROIU fairy light battery box, showing CR2032 batteries, silver wire connection, and ON/OFF switch. This image provides a close-up of the battery box component. It highlights the two CR2032 batteries inside the compartment, the thin silver wire extending from the box with micro LEDs, and the small ON/OFF switch located on the side of the battery case.

OPERATING INSTRUCTIONS

1. **Power On/Off:** Use the ON/OFF switch located on the battery box to turn the lights on or off.
2. **Placement:** The flexible silver wire allows for easy shaping and draping. You can wrap the lights around objects, intertwine them with plants, or place them inside decorative containers.
3. **Decorative Ideas:**
 - Enhance indoor settings such as bedrooms, hallways, and living spaces.
 - Create festive decorations for holidays like Christmas and Halloween.
 - Use for special occasions such as weddings and parties.
 - Accentuate courtyards and gardens (ensure battery box is protected from elements).

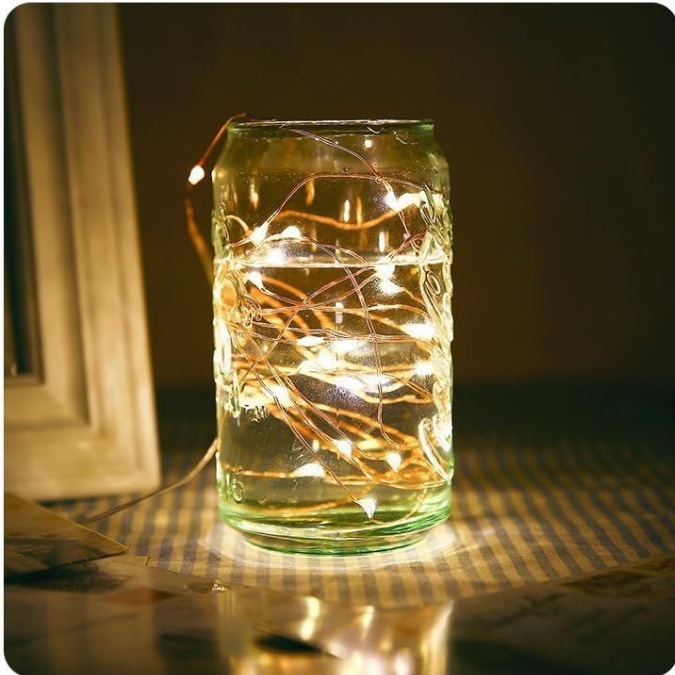

Image: Examples of BXROIU fairy lights used in various decorative settings, including a lantern, glass cloches, a jar, and a decorative tray. This composite image showcases four different decorative applications of the fairy lights. Top left shows lights wrapped around a candle in a lantern. Top right features lights inside multiple glass cloches. Bottom left displays lights coiled inside a glass jar. Bottom right shows lights arranged in a decorative tray with candles and ornaments.

Image: Further decorative examples of BXROIU fairy lights, including a glass dome, a heart-shaped display, outdoor plant decoration, and lights in a fishbowl. This image illustrates additional creative uses for the fairy lights. Top left shows lights inside a glass dome. Top right depicts lights formed into a heart shape around a photo. Bottom left features lights intertwined with outdoor plants. Bottom right shows lights illuminating a fishbowl.

MAINTENANCE

- **Cleaning:** Gently wipe the lights and battery box with a dry, soft cloth. Do not use liquid cleaners.
- **Battery Replacement:** When the lights dim or stop working, replace the CR2032 batteries. Use the included screwdriver to open the battery compartment. Ensure correct polarity when inserting new batteries.
- **Storage:** When not in use, turn off the lights and store them in a cool, dry place. Consider removing batteries for prolonged storage to prevent leakage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	- ON/OFF switch is in "OFF" position. - Batteries are depleted. - Batteries are inserted incorrectly. - Loose battery connection.	- Slide switch to "ON". - Replace with new CR2032 batteries. - Check and correct battery polarity. - Ensure batteries are seated firmly.
Lights are dim.	Batteries are low.	Replace with new CR2032 batteries.
Some LEDs are not working.	- Individual LED failure (rare). - Damage to the wire.	- If multiple LEDs fail, the string may need replacement. - Inspect the wire for visible damage.

SPECIFICATIONS

Model Number	ES-LCL-088
Brand	BXROIU
Light Color	Warm White (2700-2900K)
Number of LEDs	20 per string
String Length	6.6 feet (2 meters)
Power Source	2 x CR2032 batteries (per string)
