## 4. SETUP GUIDE

### 4.1 Charging the Headphones

1. Locate the Micro-USB charging port on the headphones.
2. Connect the Micro-USB end of the charging cable to the headphone port.
3. Connect the USB-A end of the charging cable to a compatible USB power source (e.g., computer USB port, wall adapter).
4. The LED indicator on the headphones will illuminate to show charging status. It will typically change color or turn off when fully charged.
5. A full charge provides approximately 10 hours of playtime.

### 4.2 Bluetooth Pairing

1. Ensure the headphones are fully charged.
2. Press and hold the Power button on the headphones until the LED indicator flashes, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), go to the Bluetooth settings.

4. Search for available devices and select "Wrapsody" from the list.
5. Once connected, the LED indicator will typically show a solid light or flash slowly.

### 4.3 Wired Connection (Optional)

For a wired connection, use the included 3.5mm audio jack cable.

1. Plug one end of the 3.5mm audio cable into the audio input port on the headphones.
2. Plug the other end into the 3.5mm audio output jack of your device.
3. Note: Some headphone functions, such as noise cancellation or built-in microphone, may operate differently or not at all when using a wired connection, depending on the headphone's design.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Power On/Off

- **Power On:** Press and hold the Power button until the LED indicator lights up.
- **Power Off:** Press and hold the Power button until the LED indicator turns off.

### 5.2 Volume Control

- **Increase Volume:** Press the Volume Up button.
- **Decrease Volume:** Press the Volume Down button.

### 5.3 Music Playback

- **Play/Pause:** Press the Multi-function button (often the Power button or a dedicated Play/Pause button) once.
- **Next Track:** Press and hold the Volume Up button (or a dedicated button, refer to specific headphone controls).
- **Previous Track:** Press and hold the Volume Down button (or a dedicated button, refer to specific headphone controls).

### 5.4 Call Management

- **Answer/End Call:** Press the Multi-function button once during an incoming call or during an active call.
- **Reject Call:** Press and hold the Multi-function button during an incoming call.

### 5.5 Active Noise Cancellation (ANC)

The Wrapsody headphones feature active noise cancellation to reduce ambient sounds.

- **Activate ANC:** Locate the dedicated ANC switch or button on the headphones and slide/press it to the 'ON' position.
- **Deactivate ANC:** Slide/press the ANC switch/button to the 'OFF' position.
- Note: ANC can typically be used independently of Bluetooth audio playback.

10+ hours of  
playtime

## 6. MAINTENANCE

---

### 6.1 Cleaning

- Wipe the headphones with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or spray cleaners directly on the headphones.
- Keep the charging port and audio jack free of dust and debris.

### 6.2 Storage

- When not in use, store the headphones in the provided soft carry bag to protect them from dust and scratches.
- Store in a cool, dry place, away from extreme temperatures and direct sunlight.
- Avoid placing heavy objects on top of the headphones.

## 7. TROUBLESHOOTING

---

### 7.1 No Power

- Ensure the headphones are fully charged. Connect them to a power source using the Micro-USB cable.
- Check the charging cable and power adapter for damage.

## 7.2 Cannot Pair via Bluetooth

- Make sure the headphones are in pairing mode (LED indicator flashing).
- Ensure Bluetooth is enabled on your device and it is within 33 feet of the headphones.
- Turn off and on your device's Bluetooth.
- If previously paired, try forgetting the device "Wrapsody" from your device's Bluetooth list and re-pairing.
- Ensure no other devices are currently connected to the headphones.

## 7.3 No Sound or Low Volume

- Increase the volume on both the headphones and your connected device.
- Ensure the headphones are properly paired via Bluetooth or the 3.5mm audio cable is securely connected.
- If using a wired connection, ensure the cable is not damaged.
- Try playing audio from a different source or application.

## 7.4 Noise Cancellation Not Working Effectively

- Ensure the ANC feature is activated (refer to section 5.5).
- Check that the earcups are properly sealed around your ears. Adjust the headband for a snug fit.
- Note that ANC is most effective against low-frequency, constant sounds and may not completely eliminate all types of noise.

## 8. SPECIFICATIONS

---

<b>Model Name</b>	Wrapsody

## 9. SAFETY INFORMATION

- Do not expose headphones to extreme temperatures, humidity, or liquids.

- Avoid dropping or subjecting the headphones to strong impacts.
- Do not attempt to disassemble or modify the headphones, as this will void the warranty and may cause damage.
- Listen at moderate volumes to prevent hearing damage. Prolonged exposure to loud sounds can cause permanent hearing loss.
- Do not use headphones while driving, cycling, or in situations where you need to be aware of your surroundings.
- Keep out of reach of children and pets.
