## SETUP AND CONNECTIVITY

---

The NUBWO Gaming Headset is designed for broad compatibility across various gaming consoles and devices. Follow these steps to connect your headset.

### Multi-Platform Compatibility

Your NUBWO headset is compatible with a wide range of devices using a standard 3.5mm audio jack.

## Connecting to Consoles and Mobile Devices

- **Xbox One S/X, PS4, Nintendo Switch, Mobile Phone, iPad:** Simply plug the 3.5mm jack of the headset directly into the controller or device's audio port.
- **Older Xbox One Controllers:** Please note that older Xbox One controllers may require an additional Microsoft adapter (not included) for full functionality.
- **Incompatible Devices:** This headset is not compatible with Xbox 360 or PS3 consoles.

## Connecting to PC/Laptop (with separate audio/mic ports)

For computers with separate audio input (microphone) and audio output (headphone) jacks, use the included PC extension cable/splitter.

1. Connect the headset's 3.5mm jack to the female end of the PC extension cable.
2. Plug the green-tipped connector of the extension cable into your computer's headphone jack.
3. Plug the pink-tipped connector of the extension cable into your computer's microphone jack.

## OPERATING YOUR HEADSET

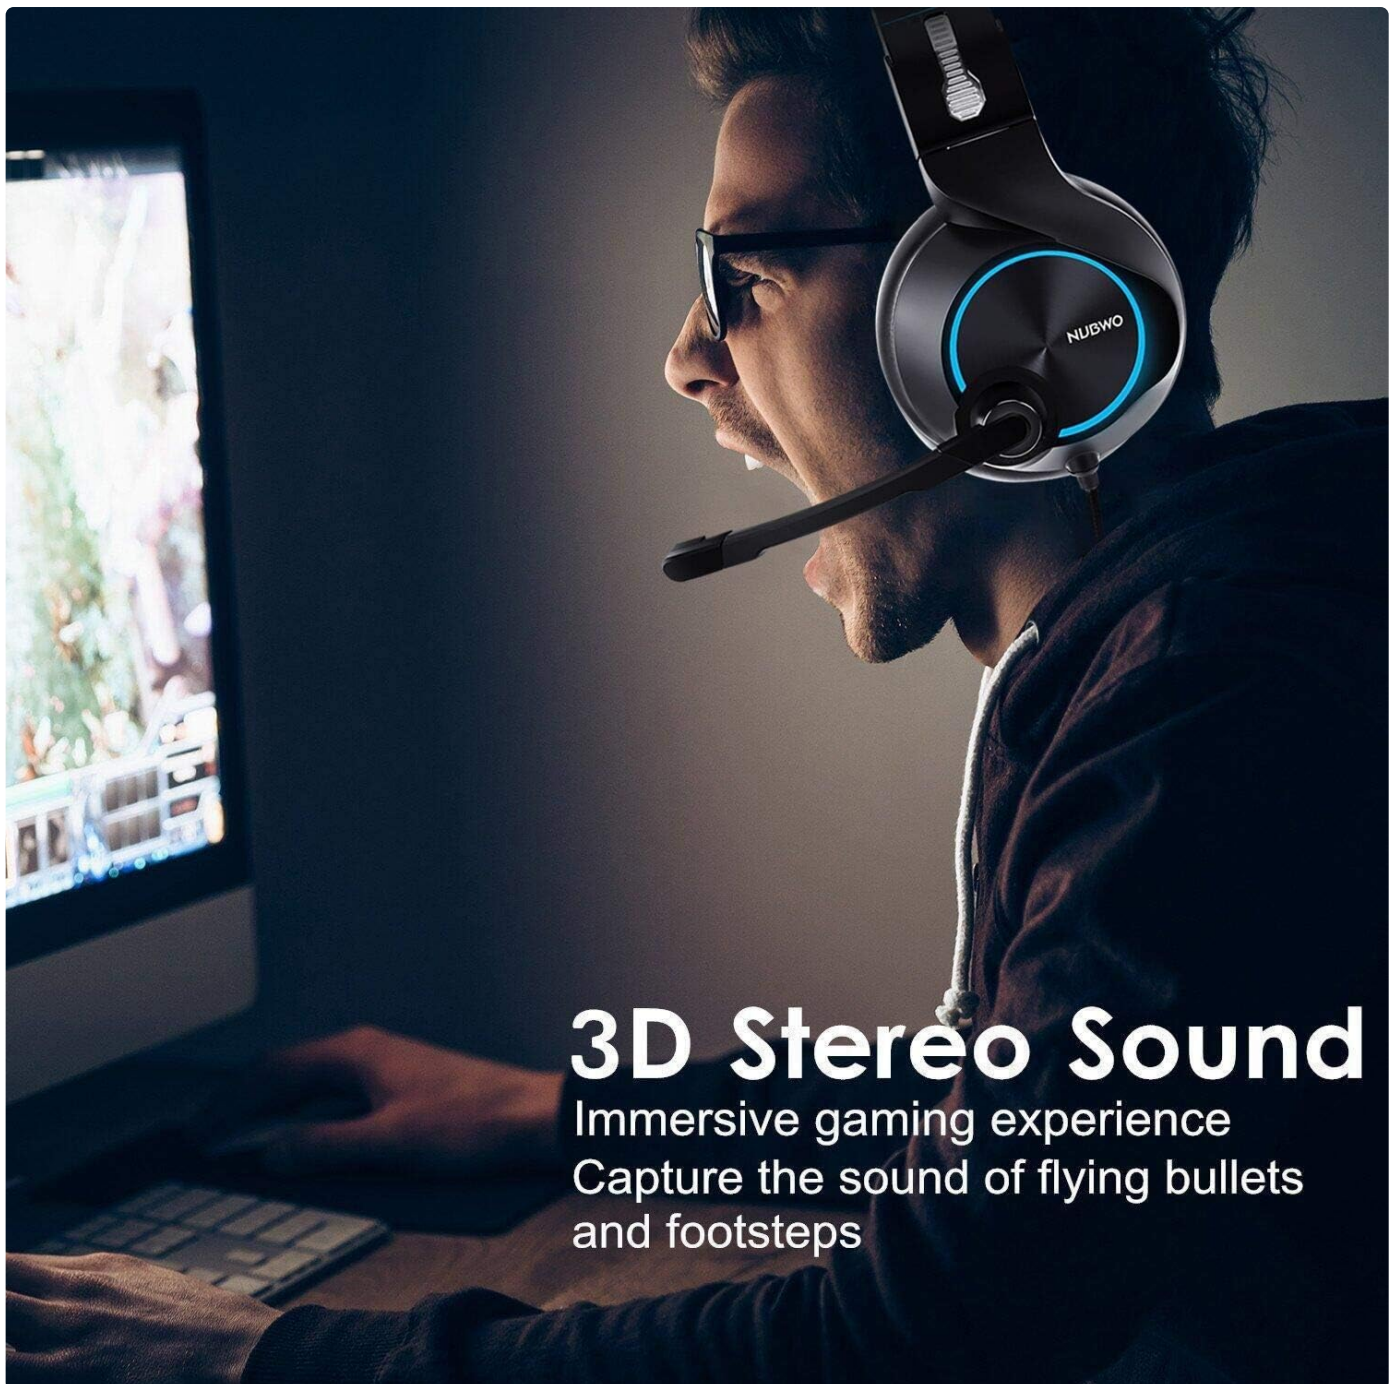

---

### Audio Experience: 3D Stereo Sound

The NUBWO Gaming Headset features 50mm high-sensitive large speakers designed to enhance 3D surround sound and bass response. This provides a clearer sense of orientation in games, delivering immersive audio for gaming, music, and movies.

### Flexible Noise-Cancelling Microphone

The headset is equipped with an Omni-directional and 135° flexible silicone microphone. This design allows for clear and accurate voice pickup, ensuring effective communication during gameplay or calls. The silicone material provides flexibility and stability, preventing crackling noises when adjusted.

## MAINTENANCE

Proper care will extend the life and performance of your NUBWO Gaming Headset.

- **Cleaning:** Use a soft, dry cloth to wipe down the earcups and headband. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the speaker grilles or microphone.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tangling the cable by coiling it loosely.
- **Handling:** Avoid pulling the cable forcefully when disconnecting the headset. Always grasp the plug itself. Do not expose the headset to excessive force or drops.

## TROUBLESHOOTING

If you encounter issues with your NUBWO Gaming Headset, please refer to the following common solutions:

Problem	Possible Cause	Solution
No sound from headset.	Volume too low; incorrect connection; device audio settings.	Increase volume using the in-line dial and device settings. Ensure the 3.5mm jack is fully inserted. Check device's audio output settings.
Microphone not working.	Microphone muted; incorrect connection; device microphone settings.	Ensure the in-line mute switch is off. For PC, ensure the pink-tipped splitter is connected to the microphone jack. Check device's microphone input settings and privacy settings.
Sound distortion or static.	Loose connection; interference; faulty audio port.	Ensure all connections are secure. Try connecting to a different audio port or device to rule out a faulty port.
Headset uncomfortable after prolonged use.	Improper fit.	Adjust the headband and earcups for a more comfortable fit. Take short breaks during long gaming sessions.
