## AL-HARAMEEN HA-3005

# AL-HARAMEEN HA-3005 Islamic Prayer Times LCD Clock User Manual

Model: HA-3005

## INTRODUCTION

---

Thank you for choosing the AL-HARAMEEN HA-3005 Islamic Prayer Times LCD Clock. This clock is designed to provide accurate prayer times for most cities worldwide, along with various useful features for daily use. Please read this manual carefully to ensure proper setup and operation of your device.

## PRODUCT FEATURES

---

- Automatic display of prayer times for most cities worldwide.
- Five daily Azan alarms with full Azan sound and adjustable volume.
- Supports five different prayer time calculation methods.
- Easy city setting using international dialing telephone codes.
- Ability to modify prayer time differences for city outskirts.
- Special automatic wake-up alarm with disable option.
- Prayer alarms for Iqama or Salat time reminders.
- Full screen LED backlight for clear visibility.
- Snooze option for alarms.
- Temperature display.
- Daily alarm and weekend alarm settings.
- Hijri and Gregorian calendar display.
- Daylight Saving Time (DST) option.

## SETUP

### 1. Battery Installation

The AL-HARAMEEN HA-3005 clock requires 2 AA batteries (not included).

1. Locate the battery compartment on the back of the clock.
2. Open the battery compartment cover.
3. Insert 2 AA batteries, ensuring correct polarity (+ and -).
4. Close the battery compartment cover securely.

*Note: This product does not include an AC adapter. It is primarily battery-powered.*

Image: Rear view of the AL-HARAMEEN HA-3005 clock showing the battery compartment, volume control switch, DC socket, and various setting buttons.

## 2. Initial Time and Date Setting

After installing batteries, the clock will power on. You may need to set the current time and date.

1. Press the **SET** button to enter the setting mode.
2. Use the **UP** and **DOWN** buttons (indicated by arrows) to adjust the values.
3. Press **SET** again to confirm and move to the next setting (e.g., Hour, Minute, Year, Month, Day).
4. Repeat until all time and date settings are correct.

## 3. City Setting for Prayer Times

The clock calculates prayer times based on your selected city.

1. In setting mode, navigate to the city selection.

2. Use the **UP** and **DOWN** buttons to browse through pre-programmed cities or enter an international dialing telephone code for your location.
3. Press **SET** to confirm your city selection.

#### 4. Prayer Time Adjustment (if needed)

If your specific location requires a slight adjustment to the calculated prayer times, you can modify the difference.

1. In setting mode, locate the prayer time adjustment option.
2. Use the **UP** and **DOWN** buttons to add or subtract minutes from the calculated prayer times.
3. Press **SET** to save the adjustment.

## OPERATING INSTRUCTIONS

---

### 1. Daily Alarm and Weekend Alarm

The clock features a standard daily alarm and a separate weekend alarm.

- To set the daily alarm, enter setting mode and navigate to the daily alarm time. Adjust using **UP/DOWN** and confirm with **SET**.
- Similarly, set the weekend alarm time.
- You can choose to enable or disable these alarms independently.

### 2. Azan Sound Control

The clock provides complete Azan for all five prayers with adjustable volume.

- Locate the volume control switch, typically on the side or back of the clock (refer to image in Setup section).
- Slide the switch to increase or decrease the Azan volume.
- You can also enable or disable the Azan sound entirely through the settings menu.

### 3. Daylight Saving Time (DST)

To activate or deactivate Daylight Saving Time:

1. Enter setting mode.
2. Navigate to the DST option.
3. Use the **UP/DOWN** buttons to toggle DST on or off.
4. Confirm with **SET**.

### 4. Snooze Function

When an alarm sounds, press the **SNOOZE** button (if available) to temporarily silence the alarm. The alarm will sound again after a short interval.

# Full Screen LED-Light

## MAINTENANCE

- **Cleaning:** Wipe the clock with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Battery Replacement:** Replace batteries when the display dims or functions become erratic. Always use fresh AA batteries.
- **Storage:** If storing the clock for an extended period, remove the batteries to prevent leakage.
- **Environment:** Avoid exposing the clock to extreme temperatures, direct sunlight, or high humidity.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Clock display is dim or blank.	Low or dead batteries.	Replace with new AA batteries.
Azan times are incorrect.	Incorrect city setting or prayer time calculation method.	Verify city code and prayer time calculation method in settings. Adjust prayer time differences if necessary.
Azan sound is not playing or is too low/high.	Volume control is set too low/high, or Azan sound is disabled.	Adjust the volume control switch. Check settings to ensure Azan sound is enabled.
Clock resets or loses settings.	Unstable power supply or very low batteries.	Ensure batteries are fresh and properly installed. Avoid power interruptions.
