Navaris 45305.2.06

Navaris Plaster Cloth Rolls (M, Pack of 6) User Manual

Brand: Navaris | Model: 45305.2.06

1. INTRODUCTION AND PRODUCT OVERVIEW

The Navaris Plaster Cloth Rolls are versatile, skin-safe bandages designed for various creative and commemorative projects. These rolls are pre-filled with plaster powder, making them ideal for arts and crafts, sculpting, and creating body casts, such as pregnancy belly molds. The material is hypoallergenic and water-resistant, ensuring a safe and reliable experience. Each pack contains 6 individually wrapped white bandage rolls, each measuring 4 inches wide by 118 inches long (10 cm x 270 cm). The quick-drying formula allows for efficient project completion, with a dry time of less than 10 minutes and a complete setting time of approximately 30 minutes, without requiring baking.

2. PRODUCT FEATURES

- **Versatile Use:** Suitable for body casts, art projects, sculpting, and pregnancy belly casting.
- **Plaster of Paris Formula:** Each bandage roll is pre-filled with plaster powder for easy activation.
- **Quick Drying:** Dries in less than 10 minutes, with a complete setting time of approximately 30 minutes.
- **Skin-Safe:** Hypoallergenic and water-resistant material, safe for direct skin contact.
- **Convenient Packaging:** Comes in a pack of 6 individually wrapped rolls to maintain freshness.
- **Easy to Customize:** Can be cut to desired sizes and decorated once dry.

SKIN FRIENDLY

The plaster-filled strips are safe for use on pregnant bellies, faces, the torso and other body parts without irritation.

3. SETUP AND OPERATING INSTRUCTIONS

1. **Preparation:** Ensure your work area is protected from plaster dust and water. Have a bowl of water ready. If applying to skin, ensure the skin is clean and optionally apply a thin layer of petroleum jelly or lotion for easier removal.
2. **Cut Strips:** Unroll the plaster cloth and cut it into desired lengths and widths using scissors, depending on your project's requirements.
3. **Activate Plaster:** Submerge each cut strip into water for 3-5 seconds. Ensure the strip is fully saturated.
4. **Apply:** Carefully remove the strip from the water, gently squeezing out excess water. Apply the wet strip to the desired area or object, smoothing it out to remove any air bubbles and ensure good contact. Overlap strips slightly to create a strong, continuous layer.
5. **Layering:** For stronger molds or sculptures, apply multiple layers of plaster strips.
6. **Drying:** The plaster will begin to dry in less than 10 minutes. The complete setting time is approximately 30 minutes. Do not bake the plaster to speed up drying.
7. **Finishing:** Once completely dry (after about 30 minutes), the mold or sculpture is ready for painting, decorating, or

displaying.

4. MAINTENANCE

Once the plaster cast is fully dry and hardened, it requires minimal maintenance. Keep finished projects away from excessive moisture to prevent softening or damage. For cleaning, a dry cloth or soft brush can be used to remove dust. Avoid harsh chemicals or abrasive materials.

5. TROUBLESHOOTING

No specific troubleshooting steps are typically required for this product. If the plaster does not set properly, ensure that the strips were fully saturated with water and that sufficient layers were applied for structural integrity. Environmental factors like extreme humidity can affect drying time.

6. SPECIFICATIONS

Feature	Detail
Product Dimensions	15.35 x 9.25 x 1.82 inches (39 x 23.5 x 4.6 cm)
Item Weight	1.51 Pounds (685 Grams)
Item Model Number	45305.2.06_m002034
Manufacturer Part Number	45305.2.06
Brand Name	Navaris
Item Form	Strips
Number of Pieces	6 Count
Material Type	Plaster
Material Features	Hypoallergenic, Water Resistant
Product Style	Gauze
Sterile	Sterile
Target Use Body Part	Face, Legs, Stomach
Recommended Uses	Crafting, Sculpting, Pregnancy Belly Casting, Home Decor, Art Projects
