

Baseus Enho5

Baseus Encok H05 Wired Earphones User Manual

MODEL: ENHO5

Brand: Baseus

1. Introduction

The Baseus Encok H05 earphones are designed to deliver clear stereo sound with a comfortable and secure fit. Featuring a precise acoustic structure, dynamic drivers, and a high-performance diaphragm, these earphones are engineered for an immersive audio experience across various music genres.

Key features include:

- **Ergonomic Design:** Earhook design ensures a steady and comfortable fit for extended wear.
- **Durable Construction:** Made with TPE materials for high toughness and durability.
- **Wired Control:** Integrated in-line control panel for easy management of calls and music playback.
- **Stereo Sound:** Provides a rich stereo sound experience.

2. Package Contents

Please check the package for the following items:

- Baseus Encok H05 Earphone (1 unit)

3. Product Overview

The Baseus Encok H05 earphones feature an earhook design for stability and an in-line control panel for convenient operation.

Figure 3.1: Baseus Encok H05 Red Earphones with In-line Control and 3.5mm Jack. This image displays the full length of the red earphones, highlighting the 3.5mm audio jack and the integrated in-line control panel.

Figure 3.2: Baseus Encok H05 Red Earphones in Use. This image shows the red earphones being worn, demonstrating the earhook design for a secure and comfortable fit.

Components:

- **Earbuds:** Designed for in-ear comfort and sound delivery.
- **Earhooks:** Flexible hooks that fit over the ear for enhanced stability.
- **In-line Control Panel:** Contains buttons for managing audio and calls.

- **3.5mm Audio Jack:** Standard connector for audio devices.

4. Setup

To begin using your Baseus Encok H05 earphones, follow these simple steps:

1. **Identify the Audio Port:** Locate the 3.5mm audio jack port on your smartphone, tablet, computer, or other compatible audio device.
2. **Connect the Earphones:** Insert the 3.5mm audio jack of the Baseus Encok H05 earphones firmly into the audio port of your device.
3. **Position the Earphones:** Place the earbuds into your ears and gently adjust the earhooks over your ears until they feel secure and comfortable. Ensure a snug fit for optimal sound quality and bass response.

5. Operating Instructions

The in-line control panel allows for convenient management of your audio and calls without needing to access your connected device directly.

Music Playback:

- **Play/Pause:** Press the central button once to play or pause the current track.
- **Next Track:** Press the central button twice quickly to skip to the next track.
- **Previous Track:** Press the central button three times quickly to go back to the previous track.

Call Management:

- **Answer/End Call:** Press the central button once to answer an incoming call or end an ongoing call.
- **Reject Call:** Press and hold the central button for approximately 2 seconds to reject an incoming call.

6. Maintenance

Proper care and maintenance will extend the lifespan of your Baseus Encok H05 earphones.

- **Cleaning:** Use a soft, dry cloth to wipe the earphones. Do not use abrasive cleaners or solvents. For earbuds, gently remove any earwax buildup with a small, soft brush or cotton swab.
- **Storage:** When not in use, store the earphones in a clean, dry place, preferably in a protective pouch, to prevent tangling and damage to the cable.
- **Avoid Moisture:** Do not expose the earphones to water, rain, or excessive humidity.
- **Handle with Care:** Avoid pulling on the cable directly when disconnecting from a device. Always grasp the 3.5mm jack.

7. Troubleshooting

If you encounter issues with your earphones, refer to the following common solutions:

- **No Sound:**
 - Ensure the 3.5mm jack is fully inserted into the device's audio port.
 - Check the volume level on your connected device.
 - Test the earphones with another audio device to rule out a device-specific issue.
 - Inspect the cable for any visible damage or breaks.

- **Poor Sound Quality (Distortion, Low Volume):**

- Ensure the earbuds are properly seated in your ears for a good seal.
- Clean the earbud grilles if they appear blocked by debris.
- Try adjusting the audio settings on your connected device.

- **Microphone Not Working:**

- Ensure the 3.5mm jack is fully inserted. Some devices require a TRRS (Tip-Ring-Ring-Sleeve) jack for microphone functionality, which these earphones provide.
- Check microphone permissions in your device's settings for the application you are using.
- Test the microphone with another device or application.

8. Specifications
