Mallify HTBG-01

Mallify Wooden Baby Gym Instruction Manual

MODEL: HTBG-01

1. Product Overview

The Mallify Wooden Baby Gym is a meticulously crafted activity center designed to provide a secure and engaging environment for your baby's exploration and development. Constructed from natural pine wood with a smooth finish, this foldable play gym includes 6 removable sensory hanging toys to encourage early motor skills and sensory play.

2. Safety Information

WARNING: Never leave baby unattended on the mat. Always use under adult supervision.

- Ensure all components are securely fastened before each use.
- Regularly inspect the wooden frame and toys for any signs of wear, damage, or splinters. Discontinue use if any damage is found.
- Keep the play gym away from heat sources and open flames.
- Do not modify the product in any way. Use only original parts and accessories.

3. Components and Parts List

Your Mallify Wooden Baby Gym package includes the following:

- Wooden Gym Frame (2 side pieces, 1 connecting bar)
- 6 Detachable Sensory Hanging Toys (e.g., Bell Rings, Star Crinkles, Wooden Teethers, Squeeze Cloud)

- Assembly Hardware (screws, ropes)

6 Detachable Hanging Toys

4. Setup and Assembly

The Mallify Wooden Baby Gym is designed for easy setup and compact folding. Follow these steps for assembly:

1. Unpack all components and verify against the parts list.
2. Position the two wooden side pieces upright.
3. Insert the connecting bar through the designated holes at the top of the side pieces.
4. Secure the connecting bar using the provided screws or adjustment knobs on each side. Ensure they are tightened sufficiently for stability.
5. Attach the ropes at the base of the side pieces to prevent over-spreading and enhance stability. Tie them securely.
6. Hang the desired sensory toys onto the connecting bar using their attached rings. The toys are removable, allowing for customization.

Baby gym frame and hanging toys could use separately

5. Operating Instructions

Once assembled, the Mallify Wooden Baby Gym provides a stimulating environment for your infant. Place your baby on a comfortable mat or blanket directly underneath the hanging toys.

- **Interactive Play:** Encourage your baby to reach, grasp, and bat at the hanging toys. The different textures, sounds (like the bell rings and crinkles), and shapes promote sensory development and fine motor skills.
- **Adjustability:** The design allows for slight adjustments in the leg spread for optimal positioning over your baby. Ensure the gym remains stable and does not wobble.
- **Versatile Use:** The gym frame can be used independently, and the detachable toys can be used with other play setups or as standalone teethingers. It can also be positioned over a bassinet or baby lounger for varied play experiences.

Better use with bassinet, Baby Lounger.

6. Maintenance and Care

- **Cleaning:** Wipe the wooden frame and toys with a damp cloth and mild soap. Air dry thoroughly. Do not immerse in water.
- **Storage:** The play gym is designed to fold compactly for easy storage. Loosen the adjustment screws slightly to fold the frame flat. Store in a dry place away from direct sunlight.
- **Inspection:** Periodically check all connections and components for tightness and integrity.

7. Troubleshooting

- **Gym feels unstable:** Ensure the adjustment screws on the side pieces are fully tightened. Verify that the ropes at the base are securely tied and preventing the legs from spreading too wide or collapsing inward.
- **Hanging toys or wooden rings broken:** If any components are damaged during transportation or use, please contact Mallify customer support for assistance.

8. Specifications

Feature	Detail
Brand	Mallify
Model Number	HTBG-01
Material Composition	Natural Pine Wood
Package Dimensions	26.25 x 5.5 x 4 inches
Item Weight	3.39 pounds
Gym Legs Height	19.7 inches (50 cm)
