Philips Hue White Ambiance Adore Smart Lighted Mirror User Manual

Model: 3435831U7 | Brand: Philips Hue

1. INTRODUCTION

This manual provides essential information for the installation, operation, and maintenance of your Philips Hue White Ambiance Adore Smart Lighted Mirror. Please read this manual thoroughly before installation and use to ensure proper function and safety.

The Philips Hue White Ambiance Adore lighted mirror is designed to provide versatile lighting for your daily routines, from energizing bright light to relaxing warm tones. It integrates seamlessly with the Philips Hue ecosystem, offering smart control options via the included dimmer switch or the Philips Hue app when connected to a Hue Bridge.

2. SAFETY INFORMATION

Always adhere to the following safety precautions to prevent injury or damage to the product:

- Ensure power is disconnected before installation or maintenance.
- Installation should be performed by a qualified electrician if local regulations require.
- This product is DAMP rated, suitable for use in bathrooms and vanity rooms where moisture may be present, but not direct water spray.
- Do not attempt to modify or disassemble the mirror.
- Use only with specified voltage and power requirements.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- Philips Hue White Ambiance Adore Lighted Mirror (Wall Mounted)
- Wireless Dimmer Switch
- Installation Hardware (screws, wall anchors)
- User Manual (this document)

4. SETUP AND INSTALLATION

Follow these steps to install your Philips Hue Adore Mirror and integrate it into your smart home system.

4.1. Physical Installation

1. **Prepare the Installation Area:** Choose a suitable location on a wall, ensuring it is clean, dry, and has access to electrical wiring. Turn off power to the circuit at the main breaker.
2. **Mount the Mirror:** Securely attach the mirror to the wall using the provided installation hardware. Follow standard electrical fixture installation practices for wiring the mirror to your home's electrical system. Ensure all connections are tight and insulated.
3. **Restore Power:** Once installation is complete and all connections are secure, restore power at the main breaker.

4.2. Connecting to Philips Hue System

To unlock the full smart features, the mirror requires a Philips Hue Bridge (sold separately).

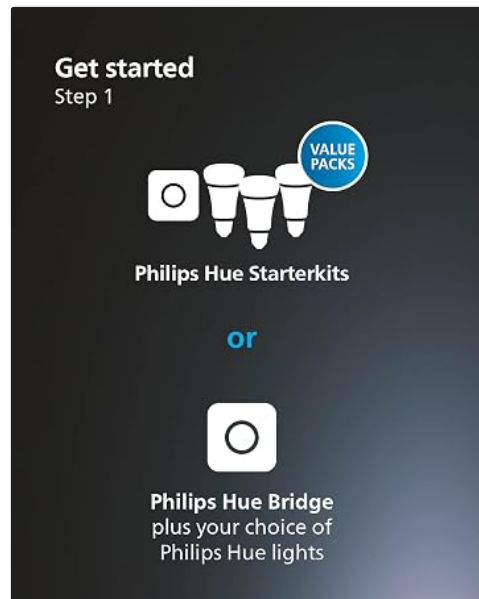

Figure 4.1: Step 1 - Getting started with Philips Hue.

1. **Install your lighting:** Ensure the Adore mirror is physically installed and powered on.
2. **Connect the Philips Hue Bridge:** If you do not have a Hue Bridge, purchase and set it up according to its instructions. Connect the Bridge to your home network.

Figure 4.2: Step 2 - Connecting the Philips Hue Bridge.

3. **Download the Philips Hue App:** Download the official Philips Hue app from the App Store (iOS) or Google Play Store (Android).

Figure 4.3: Step 3 - Downloading the Philips Hue App.

4. **Discover Devices:** Open the Hue app and follow the on-screen instructions to discover your new Adore mirror and pair the included dimmer switch.

5. OPERATING INSTRUCTIONS

The Philips Hue Adore Mirror can be controlled using the included dimmer switch, the Philips Hue app, or voice assistants.

5.1. Using the Wireless Dimmer Switch

The dimmer switch allows for basic control without the need for a smartphone or voice command:

- **On/Off Button:** Press to turn the mirror light on or off.
- **Dim Up/Down Buttons:** Press to increase or decrease the brightness.
- **Hue Button:** Cycles through pre-set light recipes (Energize, Concentrate, Read, Relax).

5.2. Using the Philips Hue App

The Hue app provides advanced control and customization options:

- **Brightness Control:** Adjust the light intensity precisely.
- **White Ambiance:** Change the color temperature from cool daylight to warm white light.
- **Light Recipes:** Select from pre-defined scenes like Energize, Concentrate, Read, and Relax.
- **Custom Scenes:** Create and save your own preferred lighting settings.
- **Schedules and Routines:** Automate your lighting to turn on/off or change based on time or presence.

5.3. Voice Control

The Philips Hue Adore Mirror can be controlled via popular voice assistants when connected to a Hue Bridge:

- **Amazon Alexa:** "Alexa, turn on the bathroom mirror."
- **Apple HomeKit:** "Hey Siri, set the bathroom mirror to energize."
- **Google Assistant:** "Hey Google, dim the bathroom mirror to 50%."

Figure 5.2: The Philips Hue Adore Mirror providing optimal lighting for daily routines.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Philips Hue Adore Mirror, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to wipe the mirror surface and frame. Avoid abrasive cleaners or solvents that could damage the finish or electronic components.
- **Dusting:** Regularly dust the mirror and light fixture to prevent accumulation that could affect light output.
- **No User-Serviceable Parts:** The integrated LED light source is designed for long life and is not user-replaceable. Do not attempt to open the fixture.

7. TROUBLESHOOTING

If you encounter issues with your Philips Hue Adore Mirror, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Mirror light does not turn on.	No power; loose wiring; dimmer switch battery low.	Check circuit breaker. Ensure wiring is secure. Replace dimmer switch battery.
Cannot control mirror with Hue app.	Hue Bridge not connected; mirror not paired; Wi-Fi issue.	Ensure Hue Bridge is powered and connected to network. Re-pair mirror in app. Check Wi-Fi signal.
Light flickers or dims unexpectedly.	Loose connection; electrical interference.	Check wiring connections. Consult an electrician if problem persists.
Dimmer switch not responding.	Battery low; out of range; not paired.	Replace battery. Move closer to mirror/Bridge. Re-pair switch in app.

If the problem persists after attempting these solutions, please contact Philips Hue customer support.
