Safety Warnings

Please read and understand all safety warnings before using this product. Failure to do so may result in injury or discomfort.

- Ensure product is fully inserted before activating.
- Ensure product is turned off before removing.
- Always empty your bladder prior to using this product.
- Do not use on irritated, infected, or broken skin.
- Do not use if you have a pacemaker or defibrillator.
- Do not use if you have undiagnosed pain.

- Do not use if you have poor sensation in the pelvic area.
- Do not use this product orally or anally.
- Do not use if you have diminished mental capacity or physical competence.
- Do not use if pregnant, or if you suspect you may be pregnant.
- Do not use if you have an active vaginal and/or urinary infection.
- Do not use if you have had recent pelvic surgery.
- Ensure product is turned off before washing.
- Waterproof for cleaning purposes only while product is off. Do not use this product in or around water when e-stimulation is active.
- If you have a copper IUD, confirm with your physician that it is properly placed before using this product.
- If you have questions regarding your health, consult your physician before using this adult toy product.

Setup and Charging

Before first use, fully charge the device. The CalExotics Impulse Intimate E-Stimulator Wand is USB rechargeable.

Charging Instructions:

1. Locate the USB charging port on the device.
2. Connect the included USB charging cord to the device and to a USB power source (e.g., computer, USB wall adapter).
3. An LED light on the device will flash while charging.
4. The LED light will glow solid when the device is fully charged.
5. A complete charge takes approximately 2 hours.
6. Once fully charged, the device can run for 60 minutes on high speed and 150 minutes on low speed.

Operating Instructions

The Impulse Intimate E-Stimulator Wand features both vibration and e-stimulation functions, controlled by intuitive buttons.

Power On/Off and Vibration Control:

1. To turn the device on, press and hold the middle power button for 3 seconds. The device will activate.
2. To cycle through the 7 functions of vibration, continue to press the middle power button.
3. To turn off the vibration, press and hold the middle power button for 3 seconds.

E-Stimulation Control:

1. To turn on the e-stimulation, press and hold the top button for 3 seconds. The e-stimulation pads will activate.
2. To cycle through the 5 levels of e-stimulation, continue to press the top button.
3. To turn off the e-stimulation, press and hold the top button for 3 seconds.

Instant Off Feature:

At any time, you can press the power button to instantly turn off all vibration and e-stimulation functions. To completely power off the unit, press and hold the power button for 3 seconds.

Maintenance and Care

Proper care and maintenance will extend the life of your CalExotics Impulse Intimate E-Stimulator Wand.

- **Cleaning:** Always turn off the product before cleaning. Clean the device thoroughly with warm water and a mild soap or a toy cleaner after each use.
- **Drying:** Pat dry with a lint-free cloth. Ensure the device is completely dry before storage.
- **Storage:** Store in a cool, dry place away from direct sunlight and extreme temperatures. Keep out of reach of children.
- **Water Resistance:** The device is waterproof for cleaning purposes only when turned off. Do not use the e-stimulation function in water.

Troubleshooting

If you encounter any issues with your device, please refer to the following common solutions:

Problem	Possible Cause	Solution
Device does not turn on.	Low battery or not fully charged.	Ensure the device is fully charged (LED glows solid). Press and hold the power button for 3 seconds to activate.
Vibration or e-stimulation is weak.	Low battery.	Recharge the device.
Device turns off unexpectedly.	Low battery.	Recharge the device.

Problem	Possible Cause	Solution
E-stimulation not felt or inconsistent.	Improper contact with skin or low battery.	Ensure good contact with the skin. Cycle through e-stimulation levels. Recharge the device.

If the issue persists after trying these solutions, please contact CalExotics customer support.
