## Important Safety Information

**WARNING:**

- Do not exceed the weight limit of 350 lbs for Twin size and 700 lbs for all other sizes (Full, Queen, King). Overloading the bed frame can lead to structural damage and potential injury.
- Always follow the assembly instructions carefully to prevent instability or collapse. Ensure all bolts and fasteners are securely tightened before use.
- Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- Periodically check all connections to ensure they remain tight. Loose connections can compromise the stability of the bed frame.

## Package Contents

Before beginning assembly, ensure all components are present and undamaged. Refer to the included installation manual for a detailed parts list. Typically, your package will contain:

- Headboard and Footboard sections
- Side Rails
- Steel Slats
- Support Legs
- Hardware Pack (bolts, washers, nuts)
- Assembly Tools (hex wrench, ratcheting hex wrench)

## Assembly Instructions

Assembly of the ZINUS Florence bed frame is designed to be straightforward. For detailed, step-by-step visual instructions, please refer to the official Installation Manual (PDF) available at: ZINUS Florence Bed Frame Installation Manual.
General assembly steps include:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Each part is typically labeled for easy identification.
2. **Attach Side Rails:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are snug but do not overtighten initially.
3. **Install Support Legs:** Attach any central support legs to the frame as indicated in the manual.
4. **Place Slats:** Position the steel slats across the frame. Some slats may have adhesive strips to help secure your mattress and prevent shifting. Ensure all slats are properly seated in their designated slots or attached with fasteners.
5. **Final Tightening:** Once all components are in place, go back and securely tighten all bolts and fasteners using the provided tools.

## Operating Instructions

The ZINUS Florence Platform Bed Frame is designed to support various mattress types, including memory foam, spring, and hybrid mattresses, without the need for a box spring. Simply place your mattress directly onto the assembled steel slats.

- **Mattress Placement:** Carefully place your mattress centered on the bed frame. The adhesive strips on some slats help prevent the mattress from sliding.
- **Under-bed Storage:** The frame provides approximately 10 inches of clearance space underneath, ideal for storing boxes, bins, or other items.

## Maintenance

To ensure the longevity and appearance of your ZINUS Florence bed frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which can damage the painted finish.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Moving the Frame:** If you need to move the bed frame, lift it rather than dragging it to prevent damage to the legs or your flooring. For significant moves, consider disassembling the frame to prevent stress on the joints.

## Troubleshooting

Most issues with the ZINUS Florence bed frame can be resolved with simple checks:

- **Squeaking Noises:** If the bed frame squeaks, check all bolts and connections. Loose fasteners are the most common cause of squeaking. Tighten all bolts securely. Ensure the mattress is properly seated on the slats.
- **Mattress Sliding:** If your mattress slides, ensure it is centered on the frame. The adhesive strips on the slats are designed to minimize movement. If sliding persists, consider using a non-slip mattress pad.
- **Instability:** If the frame feels wobbly, verify that all components are correctly assembled and all bolts are fully tightened. Refer to the assembly manual to confirm each step was followed.
- **Damaged Parts:** If any part is damaged or missing upon arrival, do not attempt to assemble or use the bed frame. Contact ZINUS customer support for assistance.
