ZINUS Florence Twin Metal Platform Bed Frame Instruction Manual

Model: FRBF-T

Safety Information	Component List	Setup Instructions	Operating Guidelines Warranty & Support	Maintenance
	Troubleshooting	Specifications		

1. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Weight Capacity:** The ZINUS Florence Twin Metal Platform Bed Frame is designed to support a maximum weight of 350 lbs (including mattress and occupants). For other sizes, the capacity is up to 700 lbs. Do not exceed this weight limit.
- **Assembly:** Ensure all components are securely fastened before use. Loose connections can lead to instability and potential injury.
- **Mattress Type:** This bed frame is designed to support memory foam, spring, and hybrid mattresses directly, eliminating the need for a box spring.
- **Children:** Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- **Placement:** Position the bed frame on a flat, level surface to ensure stability.

2. COMPONENT LIST

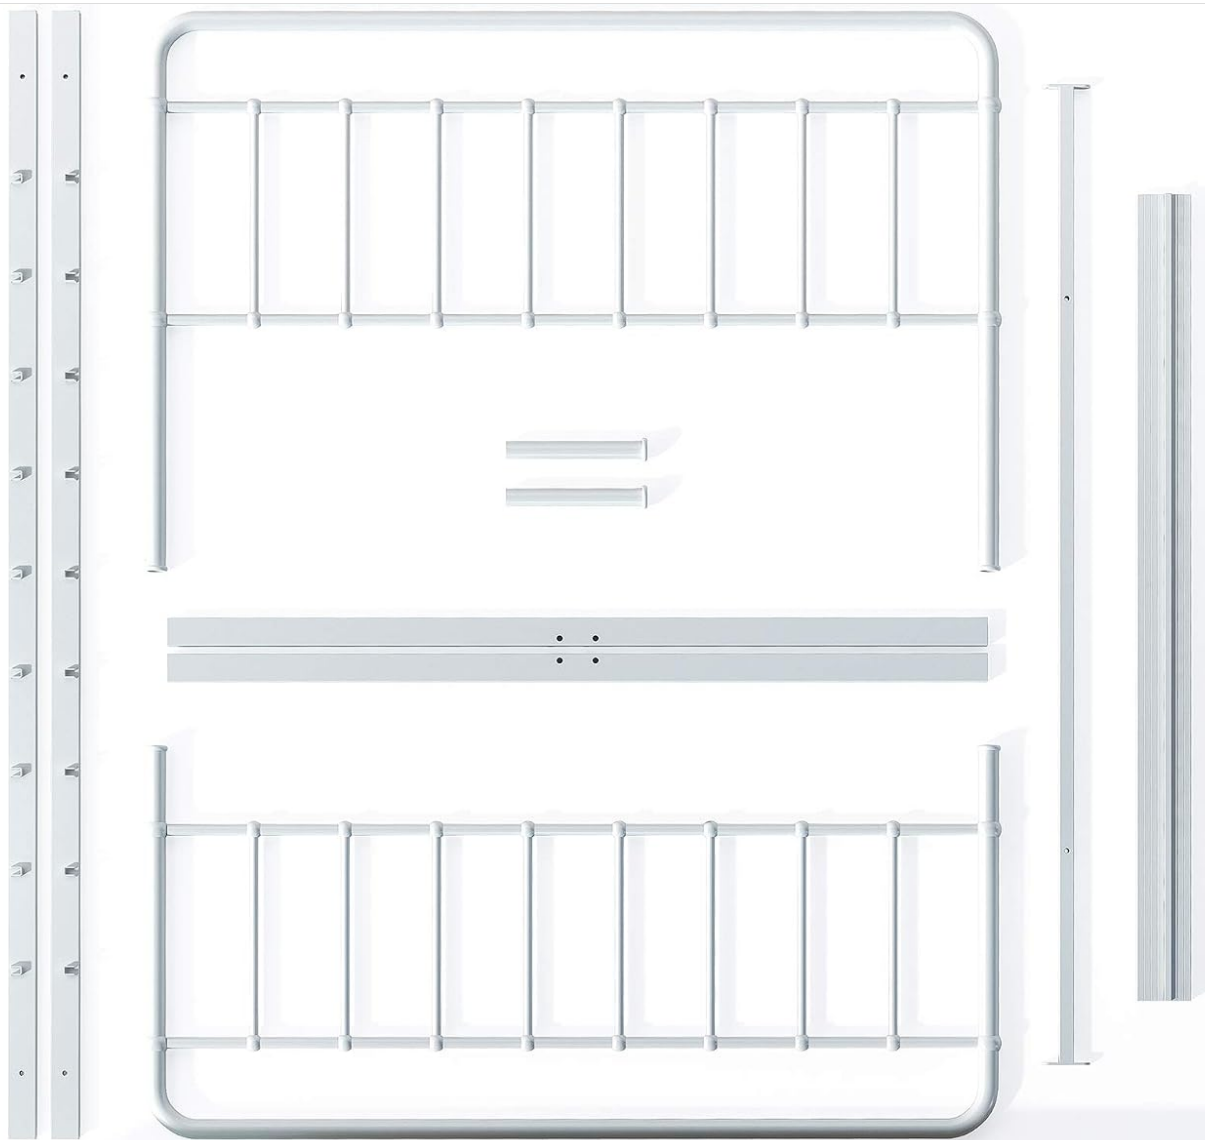

Before beginning assembly, verify that all parts listed below are present and undamaged. Refer to the included instruction sheet for detailed part identification.

- Headboard
- Footboard
- Side Rails
- Steel Slats
- Center Support Bar(s)

- Support Legs
- Assembly Hardware (bolts, washers, nuts)
- Assembly Tools (Hex wrench, Ratcheting Hex wrench)

3. SETUP INSTRUCTIONS

Assembly of the ZINUS Florence bed frame is designed to be straightforward. It is recommended to have two people for easier and faster assembly, though one person can manage.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface (like a rug or blanket) to prevent scratches. Verify all components against the parts list.
2. **Attach Side Rails:** Connect the side rails to the headboard and footboard using the provided bolts and tools. Ensure all connections are finger-tight before fully tightening.
3. **Install Center Support:** Secure the center support bar(s) and any associated support legs to the frame.
4. **Place Slats:** Position the steel slats across the frame. Many slats include adhesive strips to prevent mattress

movement. Press down firmly to engage these strips.

4. OPERATING GUIDELINES

The ZINUS Florence Metal Platform Bed Frame is designed for optimal mattress support and convenience.

- **Mattress Placement:** Place your mattress directly onto the steel slats. The frame's design eliminates the need for a traditional box spring.
- **Underbed Storage:** The frame provides 10 inches of clearance from the floor, offering ample space for underbed storage containers or other items.

Image: Underbed clearance for storage.

- **Mattress Stability:** The steel slats are equipped with adhesive strips to help prevent your mattress from shifting during use.
- **Floor Protection:** The bed frame includes floor base protectors on its legs to safeguard your flooring from scratches and damage.

5. MAINTENANCE

Proper care will ensure the longevity and appearance of your ZINUS Florence bed frame.

- **Cleaning:** Wipe the metal frame with a damp cloth to remove dust and dirt. Avoid using harsh chemicals or abrasive cleaners, as these can damage the painted finish.
- **Regular Checks:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Moving the Bed:** When moving the bed frame, lift it rather than dragging it to prevent damage to the frame or your flooring.

6. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

- Squeaking or Wobbling:**

This is typically caused by loose connections. Re-tighten all bolts on the headboard, footboard, side rails, and center support. Ensure the frame is on a level surface.
- Mattress Impressions/Damage:**

While the steel slats are designed for direct mattress support, some users with specific mattress types (e.g., older flip mattresses or very soft foam) may notice impressions over time. If this occurs, consider placing a thin sheet of plywood or a bunkie board between the mattress and the slats for additional, continuous support.
- Missing Parts:**

If any parts are missing upon unboxing, please contact ZINUS customer support immediately with your purchase details.

7. SPECIFICATIONS

Brand	Zinus
Model Number	FRBF-T
Size	Twin
Product Dimensions (L x W x H)	78" x 38" x 40"
Item Weight	38 pounds
Weight Capacity	350 lbs (Twin size)
Material	Steel
