Yaheetech Pet Playpen Instruction Manual

Model: YAc67t0002

INTRODUCTION

This instruction manual provides important information for the safe and proper assembly, operation, and maintenance of your Yaheetech 6-Panel Metal Pet Playpen. Please read this manual thoroughly before use and retain it for future reference.

SAFETY INSTRUCTIONS

- Always supervise pets when they are inside the playpen.
- Ensure all connections are secure before placing a pet inside.
- Do not use the playpen as a substitute for proper training or supervision.
- Keep small children away from the playpen during assembly and use to prevent injury.
- Regularly inspect the playpen for any damaged or loose parts. Discontinue use if damage is found.
- The playpen is designed for pets. Do not allow humans to climb on or play inside the playpen.
- Ensure the playpen is placed on a stable, level surface.
- This playpen is suitable for indoor and outdoor use. For outdoor use, consider anchoring the playpen to the ground for added stability.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- 6 x Metal Panels (including 1 panel with a door)
- Connecting Rods/Stakes
- Instruction Manual

Note: A measurement tolerance of $\pm 1\text{cm}$ should be considered. Please check the dimensions of the playpen to ensure it is the appropriate size for your pet.

SPECIFICATIONS

Feature	Detail
Material	Metal (Black finish)
Overall Dimensions (L x W x H)	165 cm x 83 cm x 60 cm (approx. 65 in x 32.7 in x 23.6 in)
Each Panel Dimension (L x H)	80 cm x 60 cm (approx. 31.5 in x 23.6 in)
Door Dimensions (L x H)	38 cm x 41.5 cm (approx. 15 in x 16.3 in)
Bar Spacing	14 cm x 4 cm (approx. 5.5 in x 1.6 in)
Square Tube Size	1.5 cm x 1.5 cm (approx. 0.6 in x 0.6 in)
Wire Diameter	2.5 mm / 3.5 mm / 4.5 mm
Net Weight	9.6 kg (approx. 21.2 lbs)
Gross Weight	11.8 kg (approx. 26 lbs)
Model Number	YAq67t0002

Size: **cm**

SETUP AND ASSEMBLY

The Yaheetech pet playpen is designed for easy, tool-free assembly. Follow these steps to set up your playpen:

1. **Unpack Components:** Carefully remove all panels and connecting rods from the packaging.
2. **Connect Panels:** Stand two panels upright. Align the vertical bars of one panel with the vertical bars of another. Insert a connecting rod (stake) through the loops at the top and bottom of the aligned panels to join them securely.
3. **Form Desired Shape:** Continue connecting the remaining panels in the same manner. The flexible design allows you to configure the playpen into various shapes such as a rectangle, hexagon, square, or other irregular shapes, depending on your space and needs. For larger enclosures, additional sets can be purchased and connected.
4. **Secure the Door Panel:** One of the panels includes a hinged door. Ensure this panel is connected securely and the door latch operates correctly. The door features an auto-lock mechanism for ease of use and security.
5. **Outdoor Use (Optional):** If using outdoors, the connecting rods can also serve as ground anchors. Push the rods

firmly into the soil to stabilize the playpen and prevent movement.

Creating Different Shapes

You can purchase more sets to increase the playpen size

Rectangle
(6 pcs)

Hexagon
(6 pcs)

Square
(6 pcs)

Irregular Shape
(8 pcs)

Square
(12 pcs)

Dodecagon
(12 pcs)

Irregular Shape
(8 pcs)

OPERATION

Using your Yaheetech pet playpen is straightforward:

- **Placing Your Pet:** Open the door by disengaging the auto-lock latch. Allow your pet to enter the playpen. Close the door securely, ensuring the auto-lock mechanism engages.
- **Supervision:** Always supervise your pet while they are inside the playpen.
- **Portability:** The playpen can be easily moved once assembled. For temporary relocation, lift the entire structure. For transport or storage, disassemble the panels by removing the connecting rods. The panels can then be folded flat for space-saving storage.

Figure 6: Outdoor use of the pet playpen.

MAINTENANCE AND CARE

- **Cleaning:** The metal panels can be easily cleaned with a damp cloth and mild soap. Rinse thoroughly and dry completely to prevent rust, especially after outdoor use.
- **Inspection:** Periodically check all connecting rods, hinges, and the door latch for wear or damage. Ensure all parts are functioning correctly and securely.
- **Storage:** When not in use, disassemble the playpen and store the panels flat in a dry place to prolong its lifespan.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Playpen feels unstable.	Panels not fully connected or placed on uneven surface.	Ensure all connecting rods are fully inserted. Move to a flat, level surface. For outdoor use, push connecting rods into the ground.
Door latch is stiff or not closing properly.	Debris in latch mechanism or slight misalignment.	Clean the latch mechanism. Check if the door panel is properly aligned with the adjacent panel.
Pet is able to escape.	Playpen height is insufficient for the pet, or door is not secured.	Ensure the door is fully latched. Consider a taller playpen or additional panels if your pet can jump over the current height. Always supervise your pet.
