G.E.T. SN-104-RSP Red Sensation 8 oz. Plastic Healthcare Mugs User Manual

Model: SN-104-RSP-EC | Brand: GET

INTRODUCTION

This manual provides essential information for the safe and effective use, maintenance, and care of your G.E.T. SN-104-RSP Red Sensation 8 oz. Plastic Healthcare Mugs. These mugs are designed for durability and repeated use in various settings, offering a shatter-proof and break-resistant alternative to traditional glassware.

Figure 1: G.E.T. SN-104-RSP Red Sensation Mug (Front View)

This image displays the G.E.T. SN-104-RSP Red Sensation 8 oz. plastic mug, showcasing its vibrant red color and sturdy design. The mug features a comfortable handle and a slightly tapered base for stability.

SAFETY INFORMATION

Please read and understand all safety instructions before using the mugs. Proper handling and care will ensure longevity and safe use.

- **Temperature Limits:** While designed for hot and cold beverages, avoid exposing mugs to extreme temperatures (e.g., direct flame, stovetop, or microwave use) as this may cause warping or damage.
- **Dishwasher Safety:** These mugs are dishwasher safe. However, to preserve the material and color, avoid using the heated dry cycle. Air drying or towel drying is recommended.
- **Chemical Exposure:** Do not use abrasive cleaners, steel wool, or harsh chemicals, as these can scratch the surface or degrade the plastic.
- **Break Resistance:** While break-resistant, these mugs are not indestructible. Excessive force or impact can still

cause damage.

SETUP AND FIRST USE

Before using your new G.E.T. Red Sensation Mugs for the first time, follow these steps:

1. **Unpack:** Carefully remove all mugs from their packaging. Inspect each mug for any signs of damage during transit.
2. **Wash Thoroughly:** Wash all mugs with warm, soapy water or place them in a dishwasher on a gentle cycle (without heated dry) before initial use. This removes any manufacturing residues.
3. **Rinse and Dry:** Rinse thoroughly with clean water and allow to air dry completely or dry with a soft cloth.

OPERATING INSTRUCTIONS

These mugs are designed for serving a variety of beverages in healthcare, institutional, or home environments.

- **Beverage Compatibility:** Suitable for both hot and cold liquids. The 8 oz. capacity is ideal for coffee, tea, water, juice, and other common beverages.
- **Handling:** The integrated handle provides a secure grip, making it easy to hold and transport, especially for individuals who may have difficulty with heavier or more fragile drinkware.
- **Stacking:** Mugs can be stacked for efficient storage when not in use. Ensure they are clean and dry before stacking to prevent moisture buildup.

This image shows the G.E.T. SN-104-RSP Red Sensation 8 oz. plastic mug from a side perspective, highlighting its ergonomic handle and the smooth finish of the plastic material.

MAINTENANCE AND CARE

Proper maintenance extends the life and appearance of your G.E.T. mugs.

- **Cleaning:** Wash after each use. Hand washing with mild soap and water is effective. For dishwasher use, place on the top rack and avoid high-heat drying cycles.
- **Stain Removal:** For stubborn stains (e.g., from coffee or tea), a solution of baking soda and water can be used as a gentle abrasive. Avoid bleach or harsh stain removers.
- **Odor Prevention:** Ensure mugs are completely dry before storing to prevent odors. If odors persist, a vinegar rinse followed by thorough drying can help.
- **Storage:** Store in a clean, dry place. Stacking is acceptable, but avoid excessive weight on stacked mugs.

Figure 3: G.E.T. SN-104-RSP Red Sensation Mug (Top View)

This image provides a top-down view of the G.E.T. SN-104-RSP Red Sensation 8 oz. plastic mug, clearly showing the wide opening and the smooth interior surface, designed for easy cleaning.

TROUBLESHOOTING

Common issues and their solutions:

Problem	Possible Cause	Solution
Mugs appear cloudy or dull.	Hard water deposits or residue from detergents.	Rinse with a vinegar solution, then wash with mild soap and water. Ensure proper rinsing. Avoid harsh detergents.
Stains from coffee/tea.	Prolonged contact with dark liquids.	Clean immediately after use. For existing stains, use a paste of baking soda and water, gently scrub, then rinse.
Mugs retain odors.	Improper drying or strong-smelling contents.	Ensure mugs are completely dry before storage. A vinegar rinse can help neutralize odors.
Mugs are warped or melted.	Exposure to excessive heat (e.g., microwave, stovetop, heated dry cycle).	These mugs are not designed for microwave or stovetop use. Avoid heated dry cycles in dishwashers. Replace damaged mugs.

SPECIFICATIONS

Key technical details for the G.E.T. SN-104-RSP Red Sensation Mugs:

Model Number: SN-104-RSP-EC

Capacity: 8 oz.

Material: Plastic

Color: Red Sensation

Special Features: Break Resistant, Dishwasher Safe (avoid heated Dry)

Package Dimensions: 6.46 x 6.42 x 4.65 inches (for the pack)
