

VR SHINECON SC-G04BS

VR SHINECON VR Headset (Model SC-G04BS) Instruction Manual

Compatible with iPhone & Android Smartphones

INTRODUCTION

Thank you for choosing the VR SHINECON VR Headset. This manual provides essential information for the proper setup, operation, and maintenance of your virtual reality headset. Please read these instructions carefully before use to ensure a safe and optimal experience.

PACKAGE CONTENTS

Ensure all the following items are present in your package:

- VR SHINECON VR Headset x 1
- Cleaning Cloth x 1
- User Manual x 1
- USB Cable x 1

SETUP INSTRUCTIONS

1. Adjusting the Headset

The VR SHINECON headset features an adjustable head strap and built-in headphones for a comfortable fit. Adjust the strap to securely position the headset on your head.

Image: Side view of the VR SHINECON VR Headset, highlighting the adjustable head strap and integrated Bluetooth headphones. The headphones can be adjusted by 30 degrees and extend approximately 4 inches.

2. Inserting Your Smartphone

Open the front cover of the headset. Carefully place your smartphone into the designated slot, ensuring it is centered. The phone is held in place by being sandwiched between the main body and the hinged door. Exercise caution when opening the door to prevent the phone from shifting or falling.

3. Adjusting Focus and Object Distance

Once your phone is in place and the headset is worn, use the adjustment knobs to achieve a clear image.

- **Adjust object knob (2):** This knob controls the distance of the lenses from your eyes, helping to reduce eye strain.
- **Adjust focus knob (3):** This knob fine-tunes the clarity of the image. Rotate it until the image appears sharp.

4. Bluetooth Connection

To utilize the built-in headphones and multi-function keys, connect the headset to your smartphone via Bluetooth.

1. Turn on the VR headset.
2. Enable Bluetooth on your smartphone.
3. Search for available devices and select the VR SHINECON headset to pair.

Your browser does not support the video tag.

OPERATING INSTRUCTIONS

1. Controls

The headset is equipped with multi-function keys and a screen touch button for interaction with your smartphone.

- **Multi-function keys (1):** These keys typically control volume, playback, and answer calls. A hidden microphone is also integrated.
- **Screen touch button (2):** This button allows for interaction with VR applications, often simulating a tap on the screen.

2. Compatible Devices and Content

This VR headset is designed for use with smartphones running Android or iOS. It is suitable for viewing virtual reality content, including games and videos. Download VR applications from your smartphone's app store to explore various experiences.

MAINTENANCE

1. Cleaning Lenses

The headset features eye-protected anti-blue light HD lenses. Use the provided cleaning cloth to gently wipe the lenses. Do not use abrasive cleaners or harsh chemicals, as this may damage the lens coating.

2. Cleaning Padding

The headset includes soft, breathable, removable, and washable leather face padding, as well as soft, breathable leather ear padding. These can be detached for cleaning. Hand wash with mild soap and water, then allow to air dry completely before reattaching.

3. Charging

Charge the headset using a charger with a maximum output voltage of 5V and a maximum output current of 1A, or connect it to a computer's USB port using the provided USB cable.

TROUBLESHOOTING

- **Difficulty achieving clear focus:** Ensure your smartphone is properly centered within the headset. Adjust both the object distance knob and the focus knob. If you wear glasses, you may need to experiment with different diopter reading glasses to find a suitable focus range within the headset.
- **Smartphone falls out when opening the front cover:** The phone is held by pressure. Always hold the phone securely when opening the front cover to prevent it from falling.
- **Headphones not working:** Verify that the headset is successfully paired with your smartphone via Bluetooth. Ensure the headset is charged. Check your smartphone's audio output settings.
- **No Augmented Reality (AR) functionality:** This VR headset is not designed for AR applications. The front cover is non-removable and features tinted plastic, which prevents the use of your phone's camera for AR experiences.

PRODUCT SPECIFICATIONS

Brand	VR SHINECON
Model	SC-G04BS
