## SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Failure to follow these guidelines may result in injury or damage to the product.

- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Assemble the desk on a soft, clean surface (e.g., carpet or cardboard) to prevent scratching.
- Ensure all screws and fasteners are securely tightened before using the desk. Periodically check and re-tighten as needed.
- Do not overload the desk or drawers. Refer to the specifications for weight capacities.
- Avoid placing hot items directly on the desk surface without protective padding.
- Do not stand or sit on the desk.
- If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

## PARTS LIST

Before beginning assembly, verify that all components are present and undamaged. The following is a general list of parts you should expect:

- Desk Top Panel
- Side Drawer Units (2)
- Middle Drawer Unit (1)
- Metal Legs (4)

- Metal Crossbar (1)
- Drawer Pulls (3 - 2 metal, 1 leather)
- Assembly Hardware (screws, bolts, washers, Allen wrench)

## SETUP AND ASSEMBLY

Assembly is required for this product. It is recommended to have two people for easier and safer assembly. Please follow these general steps:

- Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface. Refer to the parts list and diagrams to identify each piece.
- Attach Legs to Desk Top:** Secure the metal legs to the underside of the desk top panel using the provided screws and an Allen wrench. Ensure the legs are oriented correctly as per the diagram.
- Install Crossbar:** Attach the metal crossbar between the legs to provide additional stability.
- Assemble Drawers:** Follow the specific instructions for assembling the drawer boxes. This typically involves attaching the front, back, and side panels, and then the bottom panel.
- Install Drawer Glides:** Attach the drawer glides to the inside of the desk frame and to the sides of the assembled drawers. Ensure they are aligned for smooth operation.
- Insert Drawers:** Carefully slide the assembled drawers into their respective compartments.
- Attach Drawer Pulls:** Secure the metal and leather drawer pulls to the front of each drawer.
- Final Check:** Once assembled, gently lift and move the desk to its desired location. Ensure all connections are tight and the desk is stable.

## OPERATING INSTRUCTIONS

The Monarch Specialties Computer Desk is designed for straightforward use in a home office environment.

- Desk Surface:** Use the spacious tabletop for your computer, laptop, monitor, and other work essentials. Consider using a desk pad to protect the surface from scratches and spills.
- Drawers:** The desk features two side drawers and one wide middle drawer. Pull the respective handles to open and push to close. Ensure drawers are fully closed when not in use to prevent accidental opening or damage.
- Weight Distribution:** Distribute weight evenly across the desk surface and within the drawers to maintain

stability and prevent tipping.

- **Cable Management:** While not explicitly designed with cable management features, you can use adhesive cable clips or ties (not included) to organize wires behind the desk for a tidy workspace.

## CARE AND MAINTENANCE

Proper care will extend the life and appearance of your desk.

- **Cleaning:** Wipe the desk surface and legs with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the laminate finish.
- **Heat and Moisture:** Protect the surface from extreme heat and moisture. Use coasters for drinks and heat pads for hot items.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration over time.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Moving:** When moving the desk, lift it rather than dragging it to prevent damage to the legs and frame.

## TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Desk is Wobbly:**

**Solution:** Ensure all assembly screws and bolts are securely tightened. Check that the desk is on a level surface. If not, use furniture glides or shims under the legs to stabilize it.

- **Drawers are Sticking or Not Sliding Smoothly:**

**Solution:** Check that the drawer glides are properly aligned and free of obstructions. Ensure the drawers are not overloaded. A small amount of silicone spray on the glides can improve smoothness.

- **Missing or Damaged Parts:**

**Solution:** Do not attempt to assemble the product with missing or damaged parts. Contact Monarch Specialties customer support with your model number and a description of the issue to request replacement parts.

- **Surface Scratches:**

**Solution:** For minor scratches, furniture repair markers or wax sticks matching the finish color may help. Always use a desk pad or protective mat to prevent future scratches.
