Keter 5-Drawer Modular Garage & Tool Organizer Instruction Manual

Model: 240762

INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your Keter 5-Drawer Modular Garage & Tool Organizer. Designed for efficient and organized storage, this rolling tool chest is ideal for various applications, from garage workshops to craft rooms.

KEY FEATURES

- **Dimensions:** 23.5" H x 22.1" W x 11.3" D (Overall)
- **Modular Storage:** Adaptable for tools, crafts, or general home organization.
- **Central Locking System:** Ensures each drawer remains secure before, during, and after use.
- **Deep Bottom Drawer:** Offers ample storage space for larger tools.
- **Removable Bins and Dividers:** Includes 16 customizable bins and dividers for small parts organization.
- **Integrated Carry Handles:** Allows for easy portability of individual modules.
- **Locking Swivel Casters:** Provides enhanced mobility and stability when parked.

COMPONENTS INCLUDED

Your Keter 5-Drawer Modular Garage & Tool Organizer package includes:

- One (1) Keter 5-Drawer Modular Tool Chest unit.
- Sixteen (16) removable bins and dividers for internal drawer organization.
- Four (4) locking swivel casters for mobility.

SETUP AND ASSEMBLY

The Keter 5-Drawer Modular Garage & Tool Organizer is designed for straightforward assembly. Follow these steps to set up your unit:

1. **Attach Casters:** Carefully place the main unit on its side. Securely attach the four locking swivel casters to the designated points on the bottom of the unit. Ensure they are firmly in place before proceeding.
2. **Stack Modules (if applicable):** If your unit arrived in separate modules, align the stacking points and gently lower the upper module onto the lower one. The modular design allows for flexible configurations.
3. **Secure Latches:** Utilize the sturdy red latches on the sides of the unit to securely fasten the stacked modules together. Ensure all latches are engaged to prevent accidental separation during transport or use.
4. **Insert Drawers and Bins:** Slide each drawer into its respective slot. Place the removable bins and dividers into the slim drawers as desired for organizing small items.

OPERATING INSTRUCTIONS

Operating your Keter tool organizer is simple and intuitive:

- **Drawer Operation:** To open a drawer, pull the handle outwards. To close, push the drawer firmly until it clicks into place. The central locking system ensures all drawers are secured when the top drawer is closed and locked.
- **Using Removable Bins:** The four slim drawers come with 16 removable bins. These can be rearranged or removed entirely to suit your storage needs for small parts like screws, nuts, and bolts.
- **Mobility and Locking:** To move the organizer, unlock the swivel casters by flipping their levers. Once in the desired location, engage the caster locks to prevent the unit from rolling.

MAINTENANCE

To ensure the longevity and optimal performance of your Keter tool organizer, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the exterior and interior surfaces with a damp cloth and mild detergent. Avoid abrasive cleaners or solvents that could damage the polypropylene resin.
- **Drawer Lubrication:** If drawers begin to stick or become difficult to open, apply a small amount of silicone-based lubricant to the drawer slides. This will help maintain smooth operation.
- **Caster Inspection:** Periodically check the casters for any debris or wear. Clean them as needed to ensure smooth rolling.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

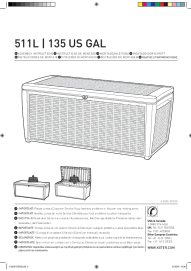

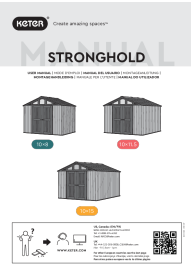

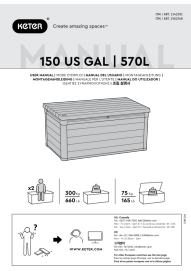

- **Drawers are Sticking:** This can often be resolved by cleaning the drawer slides and applying a silicone lubricant. Ensure no items are obstructing the drawer's path.
- **Drawers Will Not Open:** Verify that the central locking system is disengaged. The top drawer's lock controls all other drawers.
- **Unit is Not Stable/Wobbles:** Ensure all casters are properly attached and their locks are engaged when the unit is stationary. Check that modules are securely latched together.
- **Missing or Damaged Parts:** In the event of missing or damaged components upon arrival, please contact Keter customer support directly for assistance.

SPECIFICATIONS

Attribute	Detail
Brand	Keter
Model Number	240762
Product Dimensions (L x W x H)	19.76" x 11.38" x 22.13"
Material	Polypropylene Resin
Color	Black
Item Weight	21.3 pounds
Number of Compartments	21 (including bins)
Number of Pieces	5 (drawers)
Water Resistance Level	Water Resistant
UPC	731161042409
