## Bush Furniture M6S006SGSU

# Bush Business Furniture Move 60 Series 72W x 30D Height Adjustable Standing Desk User Manual

Model: M6S006SGSU

## 1. PRODUCT OVERVIEW

---

The Bush Business Furniture Move 60 Series Height Adjustable Standing Desk provides a versatile workspace solution, allowing users to transition between sitting and standing positions. This desk features an electric lift mechanism, programmable height presets, and a durable thermally fused laminate finish. The included mobile file cabinet offers convenient storage.

## 2. SETUP AND ASSEMBLY

---

Assembly of the Move 60 Series Height Adjustable Standing Desk is required. Please refer to the detailed assembly instructions included in the product packaging for step-by-step guidance. Ensure all components are present before beginning assembly. No additional tools are included with the product, so please have the necessary tools ready as specified in the assembly manual.

### 3. OPERATING INSTRUCTIONS

#### 3.1. Adjusting Desk Height

The desk's height can be adjusted electrically using the control panel located on the underside of the desktop. The desk smoothly lifts from a minimum height of 27 inches to a maximum height of 46.7 inches.

- Press the **Up arrow (^)** button to raise the desk.
- Press the **Down arrow (v)** button to lower the desk.
- Release the button at your desired height. The current height will be displayed on the control panel.

#### 3.2. Programming Height Presets

The control panel features four programmable memory presets (1, 2, 3, 4) to store your preferred sitting and standing heights.

1. Adjust the desk to your desired height using the Up or Down arrow buttons.
2. Press the **"M"** button. The display will show "S-".
3. Within 3 seconds, press the desired preset number button (**1, 2, 3, or 4**). The display will show "S-1", "S-2", etc., confirming the height has been saved.
4. To recall a saved height, simply press the corresponding preset number button. The desk will automatically move to the stored height.

## 4. MAINTENANCE

---

To ensure the longevity and appearance of your Move 60 Series desk, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the thermally fused laminate finish.
- **Spills:** Clean up spills immediately to prevent staining, especially on the desktop surface.
- **Weight Distribution:** Distribute weight evenly across the desktop. Do not exceed the maximum weight capacity of 200 pounds.
- **Cable Management:** Regularly check and organize cables to prevent entanglement or damage to the electrical components.

## 5. TROUBLESHOOTING

---

If you encounter issues with your height adjustable desk, consider the following common troubleshooting steps:

- **Desk Not Moving:**
  - Ensure the power cord is securely plugged into both the desk and a working electrical outlet.
  - Check for any obstructions beneath the desk that might be preventing movement.
  - If an error code is displayed, consult the full assembly manual for specific code interpretations and solutions.
- **Uneven Movement:**
  - Verify that the desk is placed on a level surface.
  - Ensure weight is evenly distributed on the desktop.
- **Control Panel Unresponsive:**
  - Unplug the desk from the power outlet for 30 seconds, then plug it back in to reset the system.

For persistent issues, please contact Bush Business Furniture customer support.

## 6. SPECIFICATIONS
