MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your Movian Kolva Modern wardrobe.

Cleaning

- Wipe surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or polishes, as these can damage the melamine finish.
- For stubborn marks, use a mild soap solution and immediately dry with a clean cloth.

General Care

- Periodically check all screws and fittings to ensure they remain tight. Retighten if necessary.
- Keep the wardrobe away from direct sunlight and heat sources to prevent discoloration or warping.
- Avoid placing excessively heavy items on shelves to prevent bowing or damage.
- Keep the sliding door tracks clean and free of debris to ensure smooth operation.

TROUBLESHOOTING

Here are solutions to common issues you might encounter with your wardrobe.

Sliding Doors Do Not Move Smoothly

- **Check Tracks:** Inspect the upper and lower tracks for any debris, dust, or obstructions. Clean them thoroughly.
- **Verify Installation:** Ensure the doors are correctly seated in both the upper and lower tracks. Refer to the assembly instructions for proper door placement.
- **Leveling:** Confirm the wardrobe is on a level surface. Uneven flooring can affect door alignment. Adjust the wardrobe's position or use shims if necessary.

Wardrobe Feels Unstable

- **Tighten Fittings:** Check and tighten all screws and connectors throughout the wardrobe structure.
- **Wall Anchoring:** If not already done, consider securing the wardrobe to the wall using anti-tip hardware. This significantly enhances stability.
- **Even Weight Distribution:** Ensure items inside the wardrobe are distributed evenly, especially on shelves.
