De'Longhi DLSC055

De'Longhi DLSC055 Hot Coffee Travel Mug User Manual

Model: DLSC055

Introduction

This manual provides instructions for the safe and effective use of your De'Longhi DLSC055 Hot Coffee Travel Mug. Please read these instructions carefully before first use and retain them for future reference. The De'Longhi DLSC055 is a 10 oz double-wall ceramic travel mug designed to keep beverages warm. It features a silicone lid for portability.

Product Overview

This image displays the De'Longhi DLSC055 Hot Coffee Travel Mug. It features a vibrant "Taster Theme" pattern in blue, orange, and brown, and is topped with a brown silicone lid. The mug is designed for portability and maintaining beverage temperature.

The De'Longhi DLSC055 travel mug consists of two main components:

- **Double-Wall Ceramic Mug:** Provides insulation to keep beverages warm.
- **Silicone Lid:** Designed for a secure fit to prevent spills during travel.

Setup and First Use

1. **Unpacking:** Carefully remove the travel mug and its lid from the packaging. Inspect for any damage.
2. **Initial Cleaning:** Before first use, wash the mug and lid thoroughly with warm, soapy water. Rinse completely and allow to air dry.
3. **Lid Placement:** Ensure the silicone lid is securely placed on the ceramic mug to prevent leaks.

Operating Instructions

Filling the Mug

1. Remove the silicone lid.
2. Pour your desired hot or cold beverage into the ceramic mug. Do not overfill; leave approximately 1 inch (2.5 cm) of space from the rim to allow for the lid and prevent spills.
3. Carefully place the silicone lid back onto the mug, pressing down firmly to create a seal.

Microwave Use

The ceramic mug is microwave safe. **Remove the silicone lid before placing the mug in a microwave.** The lid is not microwave safe.

Maintaining Beverage Temperature

The double-wall ceramic construction helps to maintain the temperature of your beverage for an extended

period. For best results with hot beverages, pre-warm the mug with hot water before filling.

Care and Maintenance

Cleaning

The De'Longhi DLSC055 travel mug and its silicone lid are dishwasher safe. For optimal cleaning and longevity, follow these steps:

- **Dishwasher:** Place both the ceramic mug and the silicone lid on the top rack of your dishwasher.
- **Hand Washing:** Wash with warm, soapy water using a non-abrasive sponge or cloth. Rinse thoroughly.
- **Drying:** Allow all components to air dry completely before storage to prevent odor or mildew.

Storage

Store the mug and lid in a clean, dry place when not in use.

Troubleshooting

Problem	Possible Cause	Solution
Lid leaks or does not seal properly.	Lid not seated correctly; debris on rim; lid damaged.	Remove lid and re-seat firmly. Check rim for debris and clean. Inspect lid for tears or damage; replace if necessary.
Beverage cools too quickly.	Mug not pre-warmed; lid not sealed; extreme ambient temperature.	Pre-warm mug with hot water before filling. Ensure lid is securely sealed. In very cold environments, heat retention may be reduced.
Stains inside mug.	Coffee or tea residue buildup.	Clean thoroughly with a bottle brush and warm, soapy water. For stubborn stains, a mixture of baking soda and water can be used.
