REACHER Clock-Travel-Mini

REACHER Mini Battery Operated Alarm Clock User Manual

Model: Clock-Travel-Mini | Brand: REACHER

INTRODUCTION

Thank you for choosing the REACHER Mini Battery Operated Alarm Clock. This compact and user-friendly digital alarm clock is designed for simplicity and portability, making it ideal for travel, desks, shelves, or bedside tables. It features basic operation for setting time and alarm, a convenient snooze function, a backlight for night viewing, and a display ON/OFF switch to conserve battery life.

PACKAGE CONTENTS

- REACHER Mini Battery Operated Alarm Clock
- User Manual

PRODUCT OVERVIEW

Familiarize yourself with the clock's components and controls.

Front View

Figure 1: Front view of the REACHER Mini Battery Operated Alarm Clock, showing the digital display and compact size.

Top Controls

Figure 2: Top view of the clock, highlighting the 'H' (Hour), 'SNOOZE/LIGHT', and 'M' (Minute) buttons.

- **H Button:** Used to adjust the hour.
- **M Button:** Used to adjust the minute.
- **SNOOZE/LIGHT Button:** Press to activate backlight for 5 seconds or to snooze a sounding alarm.

Rear Controls and Battery Compartment

Figure 3: Rear view of the clock, showing the battery compartment and various setting buttons.

- **12/24HR Button:** Toggles between 12-hour and 24-hour time formats.
- **TIME Button:** Used to enter time setting mode.
- **ALARM Button:** Used to enter alarm setting mode.
- **DISPLAY ON/OFF Switch:** Slide switch to turn the display on or off to save battery.

SETUP

Battery Installation

1. Open the battery compartment cover located on the back of the clock.
2. Insert 2 AAA batteries (not included), ensuring correct polarity (+/-).
3. Close the battery compartment cover securely.

Initial Time Setting

1. Press and hold the **TIME** button on the back of the clock until the hour digits begin to flash.
2. Use the **H** button on the top to adjust the hour.
3. Press the **TIME** button again, and the minute digits will flash.
4. Use the **M** button on the top to adjust the minutes.

5. Press the **TIME** button once more to confirm and exit time setting mode.

OPERATING INSTRUCTIONS

Setting the Alarm

1. Press and hold the **ALARM** button on the back of the clock until the alarm hour digits begin to flash. An alarm icon will appear on the display.
2. Use the **H** button on the top to adjust the alarm hour.
3. Press the **ALARM** button again, and the alarm minute digits will flash.
4. Use the **M** button on the top to adjust the alarm minutes.
5. Press the **ALARM** button once more to confirm and exit alarm setting mode. The alarm is now set and active.

Activating/Deactivating the Alarm

- To turn the alarm ON or OFF, simply press the **ALARM** button briefly. The alarm icon on the display indicates if the alarm is active.

Snooze Function

- When the alarm sounds, press the large **SNOOZE**/**LIGHT** button on the top of the clock to activate the snooze function. The alarm will pause for approximately 5 minutes and then sound again.

Backlight Activation
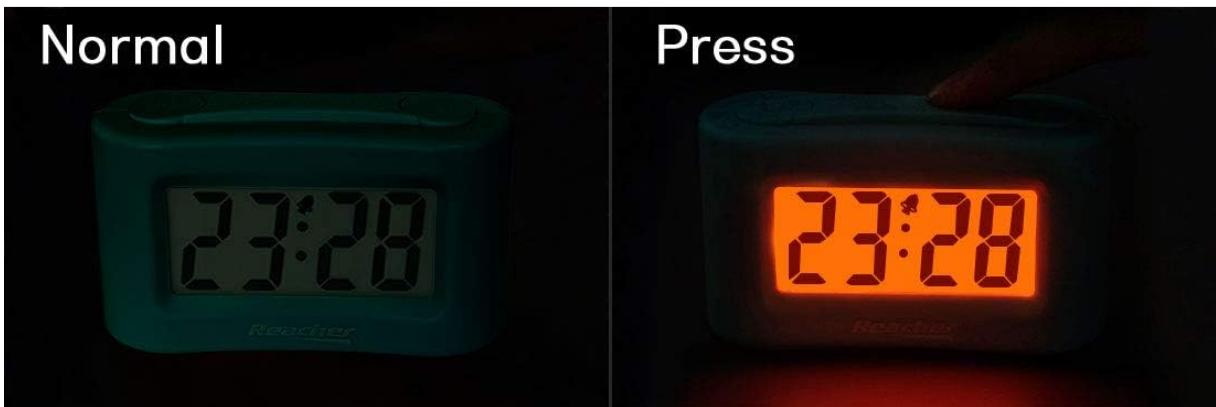

Figure 4: The clock display with its backlight activated for improved visibility in low light conditions.

- To temporarily illuminate the display, press the **SNOOZE/LIGHT** button on the top of the clock. The backlight will activate for approximately 5 seconds.

Display ON/OFF
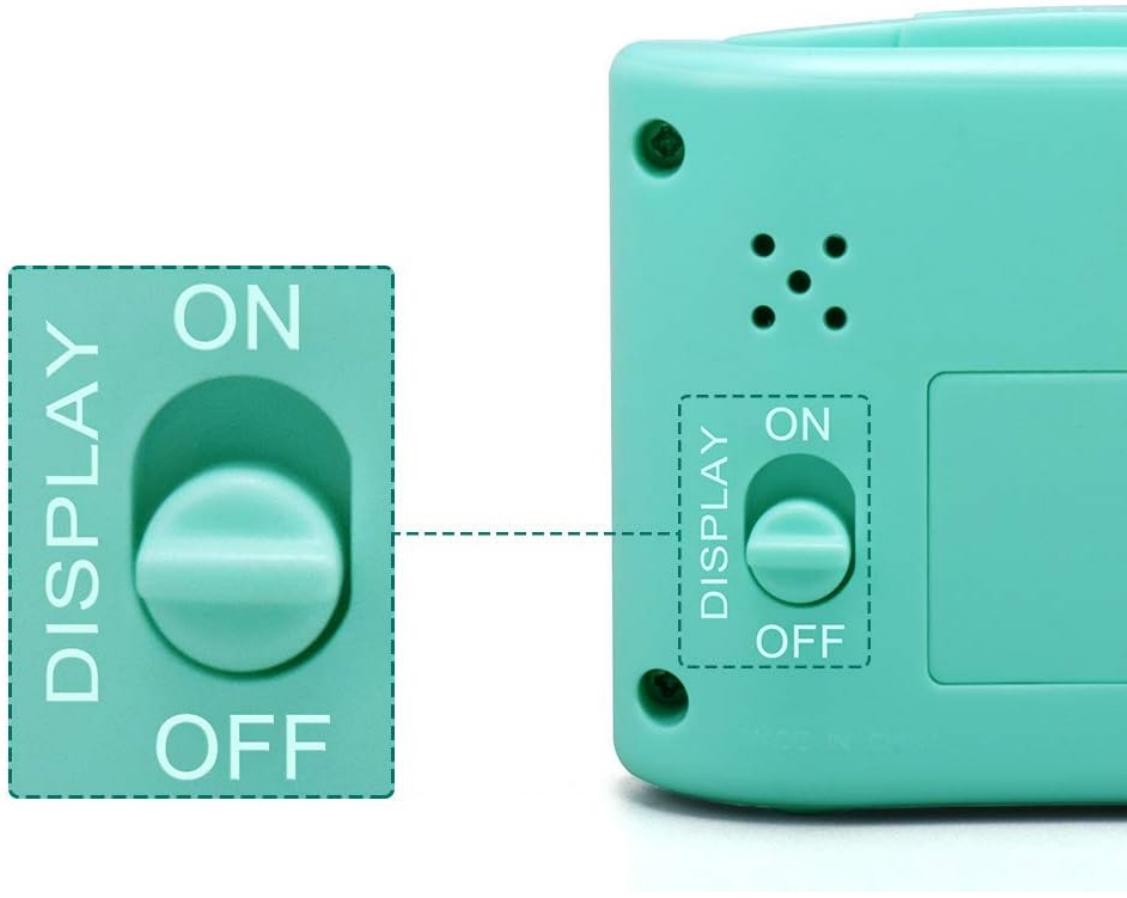

Figure 5: Side view of the clock, illustrating the physical switch to turn the display ON or OFF.

- To conserve battery power, slide the **DISPLAY ON/OFF** switch on the back of the clock to the 'OFF' position. The timekeeping will continue internally, but the display will be blank. Slide to 'ON' to reactivate the display.

12/24 Hour Format

- Press the **12/24HR** button on the back of the clock to switch between 12-hour (with AM/PM indicator) and 24-hour time formats.

MAINTENANCE

- **Cleaning:** Wipe the clock with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Battery Replacement:** Replace batteries when the display dims or the clock functions become unreliable. Always replace both batteries at the same time.
- **Storage:** If storing the clock for an extended period, remove the batteries to prevent leakage.

TROUBLESHOOTING

- **Display is blank:** Check if the DISPLAY ON/OFF switch on the back is in the 'ON' position. Ensure batteries are correctly installed and not depleted.
- **Alarm not sounding:** Verify that the alarm is set and activated (alarm icon visible). Ensure batteries are not low.

- **Incorrect time:** Reset the time following the 'Initial Time Setting' instructions.
