2. Media Management with Nero MediaHome and DriveSpan

Organize and stream your media efficiently. Nero MediaHome supports music, videos, photos, and slideshows. With DriveSpan, you can consolidate data from various devices and cloud services into one target device, eliminating duplicates.

- **OneDrive Integration:** Browse and access OneDrive files directly within Nero MediaHome using 'Files on Demand'. Download only what you need locally.
- **Data Consolidation:** Use the DriveSpan app to gather all your media from mobile devices, hard drives, and cloud services into a single location.

3. Disc Burning and Recoding with Nero Burning ROM and Recode

Copy and burn data to CD, DVD, and Blu-ray with advanced security standards using SecurDisc 4.0. Nero Recode allows you to convert video clips in different formats to video disc compatible formats, saving time when burning.

4. Backup with Nero BackItUp

The easy 1-Click BackUp solution rapidly keeps everything safe and secure, including your cloud data. Backup your photos, videos, music, and data to cloud services like OneDrive and Google Drive, and restore them when needed.

6. Nero Mobile Apps Integration

Enhance your Nero Platinum 2019 experience with complementary mobile apps. These apps work in combination with your Nero suite for seamless media management and transfer.

- **DriveSpan:** Consolidate media from mobile devices.
- **WiFi+Transfer:** Transfer files wirelessly.
- **Nero AirBurn:** Burn files directly from your mobile device.
- **Nero Receiver:** Stream media to your TV or other devices.

MAINTENANCE

To ensure optimal performance and security of your Nero Platinum 2019 software, regular maintenance is recommended:

- **Software Updates:** Regularly check for and install the latest software updates provided by Nero. Updates often include performance improvements, bug fixes, and new features.
- **System Backups:** Utilize Nero BackItUp to perform regular backups of your important data. This protects against data loss due to hardware failure or other unforeseen issues.
- **Disk Cleanup:** Periodically use tools like Nero DuplicateManager Photo to remove unnecessary duplicate files and free up disk space.
- **System Optimization:** Ensure your operating system is well-maintained, with sufficient free disk space

and defragmented drives (if using HDD).

TROUBLESHOOTING

If you encounter issues with Nero Platinum 2019, consider the following steps:

- **Nero KnowHow PLUS:** This integrated feature provides context-sensitive help, manuals, FAQs, and video tutorials directly within the application. Click the 'Live Guide' option for assistance.
