RECCI R3-T

RECCI Memory Foam Mattress Topper User Manual

Model: R3-T (Twin, 3 Inch)

INTRODUCTION

Thank you for choosing the RECCI Memory Foam Mattress Topper. This manual provides essential information for the proper setup, use, and maintenance of your mattress topper to ensure optimal comfort and longevity. Please read these instructions carefully before first use.

SAFETY INFORMATION

- Keep the mattress topper away from open flames and heat sources.
- Do not use sharp objects to open the packaging to avoid damaging the product.
- Ensure adequate ventilation during the initial expansion period.

SETUP INSTRUCTIONS

1. **Unpack the Topper:** Carefully remove the mattress topper from its packaging. Avoid using sharp objects that could cut the foam.
2. **Allow for Expansion:** Place the memory foam topper on a flat surface in a well-ventilated area. Allow 48-72 hours for the topper to fully expand and any new product odor to dissipate. This is crucial for the topper to reach its intended size and comfort level.
3. **Install the Cover:** The topper comes with a removable, washable cover. Ensure the cover is properly fitted over the memory foam.
4. **Secure to Mattress:** Position the topper on top of your existing mattress. Utilize the four adjustable elastic straps located at the corners to secure the topper firmly to prevent shifting.

OPERATING INSTRUCTIONS

The RECCI Memory Foam Mattress Topper is designed to enhance the comfort and support of your existing mattress. Once fully expanded and secured, it is ready for use.

- The 3-inch pure memory foam contours to your body, providing pressure relief and support for your head, neck, shoulders, back, and hips.
- The breathable cover helps regulate temperature for a comfortable sleep experience.

CARE AND MAINTENANCE

Proper care ensures the longevity and hygiene of your RECCI Memory Foam Mattress Topper.

- **Cover Care:** The mattress topper features a 3-sided zippered cover that is removable and machine washable. Wash the cover according to the instructions on its label, typically in cold water on a gentle cycle. Tumble dry low or air dry.
- **Foam Care:** The memory foam itself is not washable. If spills occur, spot clean with a mild detergent and water. Allow to air dry completely before replacing the cover. Do not expose the foam to direct sunlight for extended periods.
- **Ventilation:** Periodically air out the memory foam by removing the cover and allowing it to breathe in a well-ventilated room.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Topper not fully expanded	Insufficient time for decompression after unpacking.	Allow 48-72 hours for the topper to fully expand in a well-ventilated area. Cooler temperatures may require longer expansion times.
New product odor	Common with new memory foam products (off-gassing).	Ensure the topper is in a well-ventilated area for 48-72 hours before use. The odor is harmless and will dissipate.
Topper slides on mattress	Straps not properly secured or adjusted.	Adjust and tighten the four elastic straps at each corner of the topper to firmly grip your mattress.
Reduced comfort/support	Normal wear over time or improper placement.	Ensure the topper is correctly positioned. Rotate the topper periodically to distribute wear. If comfort significantly decreases, consider replacement.

SPECIFICATIONS
