LEGO Creator 3 in 1 Deep Sea Creatures (31088) Instruction Manual

Brand: LEGO | Model: 31088

[Box](#) [Setup](#) [Operating](#) [Introduction](#) [Maintenance](#) [What's in the Troubleshooting](#) [Specifications](#) [Support](#)

1. INTRODUCTION

The LEGO Creator 3 in 1 Deep Sea Creatures (31088) building set offers three distinct build-and-play experiences for children aged 7 years and up. This versatile set allows you to construct a scary shark with a posable crab, a flexible squid, or a wide-mouthed angler fish. Each model features movable parts, encouraging imaginative underwater adventures and creative play.

2. WHAT'S IN THE BOX

Your LEGO Creator 3 in 1 Deep Sea Creatures set contains all the necessary LEGO building elements to construct the three featured models. The set includes 230 pieces designed for durability and precise fit.

- LEGO Building Elements (230 pieces)
- Printed Building Instructions for all three models

3. SETUP: BUILDING INSTRUCTIONS

The LEGO Creator 3 in 1 Deep Sea Creatures set provides instructions for building three distinct models from the same collection of bricks. You can build one model at a time, then disassemble it to construct another. Detailed, step-by-step instructions are included in the box to guide you through each build.

3.1. Model 1: Shark and Crab

Construct a formidable deep-sea shark with a dark-blue and white color scheme, featuring an opening mouth with pointy teeth, posable fins, and movable body joints. Accompanying the shark is a posable red crab, complete with a small treasure chest.

Shark Dimensions: Over 3" (8cm) high, 8" (21cm) long, and 3" (9cm) wide.

Crab Dimensions: Over 1" (3cm) long and 4" (11cm) wide.

3.2. Model 2: Squid

Rebuild your bricks into a dynamic squid model. This creature features a streamlined body and posable tentacles, ready for underwater exploration.

Squid Dimensions: Over 1" (4cm) high, 7" (18cm) long, and 8" (22cm) wide.

Image: The squid model from the LEGO Creator 3 in 1 set, featuring a dark blue and white body with multiple posable tentacles, designed for dynamic display.

3.3. Model 3: Angler Fish

Transform your set into a wide-mouthed angler fish, complete with its distinctive bioluminescent lure. This model captures the unique appearance of this deep-sea predator.

Angler Fish Dimensions: Over 1" (5cm) high, 5" (14cm) long, and 3" (8cm) wide.

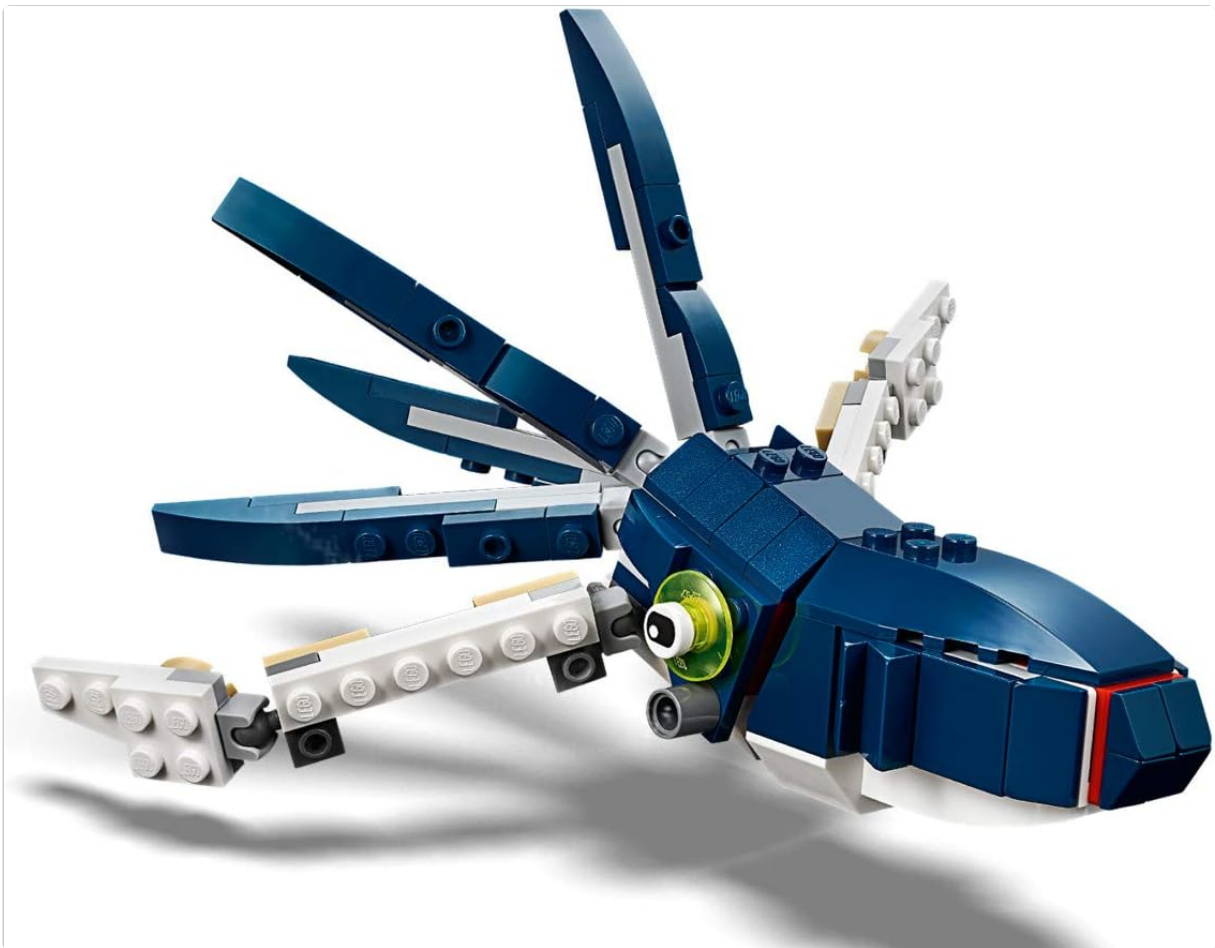

Image: The angler fish model from the LEGO Creator 3 in 1 set, featuring a wide, toothy mouth and a prominent lure extending from its head, characteristic of deep-sea angler fish.

4. OPERATING YOUR MODELS

Once assembled, your LEGO Deep Sea Creatures models are designed for interactive play. Each creature features various movable parts to enhance realism and playability:

- **Shark:** The shark's mouth can open and close, revealing its pointy teeth. Its fins and body joints are posable, allowing for dynamic swimming poses.
- **Crab:** The crab is posable, enabling various stances and interactions with the treasure chest.
- **Squid:** The squid's tentacles can be adjusted to simulate movement through water.
- **Angler Fish:** The angler fish's wide mouth can be opened, and its lure can be positioned.

These features encourage creative storytelling and imaginative play scenarios in an underwater setting.

5. MAINTENANCE

To ensure the longevity and cleanliness of your LEGO Deep Sea Creatures set, follow these simple maintenance guidelines:

- **Cleaning:** Clean LEGO bricks by hand using lukewarm water (not exceeding 40°C or 104°F) and a mild detergent. Rinse thoroughly with clear water and air dry at room temperature. Avoid using hot water, washing machines, or dryers, as high temperatures can damage the bricks.
- **Storage:** Store your LEGO bricks in a cool, dry place away from direct sunlight to prevent discoloration and warping. Keep them in a container to prevent loss of small pieces.
- **Handling:** Handle your models with care to avoid accidental disassembly.

6. TROUBLESHOOTING

If you encounter any issues while building or playing with your LEGO set, consider the following common solutions:

- **Missing Pieces:** In the rare event of a missing piece, please visit the official LEGO Customer Service

website to request replacement parts. You will typically need the set number (31088) and the part number (found in the back of the instruction manual).

- **Difficulty Assembling:** Double-check the instruction manual to ensure all steps are followed correctly. Sometimes, a small detail can be overlooked. Online building instructions are also available on the LEGO website.
- **Loose Connections:** Ensure that all bricks are firmly pressed together. LEGO bricks are designed to fit snugly.

7. SPECIFICATIONS

Product Name:	LEGO Creator 3 in 1 Deep Sea Creatures
Model Number:	31088
Brand:	LEGO
Number of Pieces:	230
Recommended Age:	7 years and up
Product Dimensions:	10.32 x 5.55 x 1.89 inches (packaging)
Item Weight:	0.011 ounces
Release Date:	January 1, 2019

8. WARRANTY AND SUPPORT

LEGO products are manufactured to high-quality standards. For information regarding product warranty, missing parts, or general customer support, please visit the official LEGO website or contact their customer service directly. You can find detailed contact information and FAQs on www.lego.com/service.

9. PRODUCT VIDEOS

Official product videos from the seller are not available for embedding at this time. For additional visual guides or product information, please refer to the official LEGO website or other trusted online resources.
