

Essick Air 1970-2

Essick Air 1970-2 Humidifier Bacteriostatic Treatment Instruction Manual

Model: 1970-2

INTRODUCTION

This manual provides essential information for the safe and effective use of the Essick Air 1970-2 Humidifier Bacteriostatic Treatment. This product is designed to control bacteria and algae buildup in evaporative humidifiers, ensuring optimal performance and a cleaner mist.

SAFETY INFORMATION

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if absorbed through skin or if swallowed. May be fatal if inhaled. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles or face shield), protective clothing, and rubber gloves. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash before reuse.

First Aid

- **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
- **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
- **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison or doctor. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

KEEP OUT OF REACH OF CHILDREN

PRODUCT INFORMATION

Essick Air Humidifier Bacteriostatic Treatment is a bacteriostat, which can control the build-up of bacteria and algae in water tanks of manually-filled evaporative humidifiers. This product helps maintain the cleanliness and efficiency of your humidifier.

Image: Two 32-ounce bottles of Essick Air Humidifier Bacteriostatic Treatment.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. When filling the humidifier, use 1/6 fluid ounce (approx. 1/8 capful) Bacteriostatic Treatment per gallon of water. Repeat this process when refilling the tank.

SETUP AND OPERATING INSTRUCTIONS

The Essick Air 1970-2 Bacteriostatic Treatment is an additive for evaporative humidifiers. It does not require complex setup beyond adding it to your humidifier's water tank.

1. **Prepare Humidifier:** Ensure your evaporative humidifier is clean and ready for operation. Refer to your humidifier's specific instruction manual for initial setup.
2. **Fill Water Tank:** Fill your humidifier's water tank with fresh water.
3. **Add Treatment:** For every gallon of water, add approximately 1/8 capful (1/6 fluid ounce) of Essick Air 1970-2 Bacteriostatic Treatment.
4. **Operate Humidifier:** Turn on your humidifier as per its operating instructions. The treatment will mix with the water and begin to work, controlling bacteria and algae.

5. **Regular Refill:** Repeat steps 2 and 3 every time you refill your humidifier's water tank to maintain continuous protection.

MAINTENANCE

This bacteriostatic treatment is a key component of humidifier maintenance. By controlling bacteria and algae, it helps prevent unpleasant odors and extends the life of your humidifier's wicks and filters. Regular use reduces the frequency of deep cleaning required for the humidifier's water tank and components.

- **Filter Longevity:** The treatment helps keep humidifier filters cleaner for longer, improving efficiency.
- **Odor Control:** Eliminates odor-causing bacteria and algae, ensuring a fresh mist.
- **Regular Cleaning:** While the treatment reduces buildup, periodic cleaning of your humidifier according to its manufacturer's instructions is still recommended.

TROUBLESHOOTING

If you encounter issues while using the Essick Air 1970-2 Bacteriostatic Treatment, consider the following:

- **Persistent Odors/Buildup:** Ensure you are using the correct dosage (1/8 capful per gallon) and adding it with every refill. If issues persist, a thorough cleaning of the humidifier may be necessary before resuming treatment.
- **Product Compatibility:** This treatment is specifically designed for manually-filled evaporative humidifiers. It is not recommended for ultrasonic or hot humidifiers.
- **Cap Issues:** Some users have reported issues with the bottle cap. If the cap cracks or breaks, transfer the contents to another clearly labeled, appropriate container.

SPECIFICATIONS

- **Product Dimensions:** 3.5 x 3.5 x 9.25 inches
- **Item Weight:** 4.34 pounds (for 2-pack)
- **Volume:** 64 Fluid Ounces (2 x 32 fl oz bottles)
- **Model Number:** 1970-2
- **Manufacturer:** Essick Air
- **Included Components:** Water treatment

STORAGE AND DISPOSAL

STORAGE AND DISPOSAL: Store in original container in areas inaccessible to individuals unfamiliar with its use. Nonrefillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling, if available.

NOTICE: Since the use of this product is beyond the control of the seller, liability or damages, either incidental or consequential, shall be limited to replacement of the product.
