

OttLite OTL13MAG80-SHPR

OttLite 13 Watt Magnifier Task Lamp

Model: OTL13MAG80-SHPR | Brand: OttLite

INTRODUCTION

The OttLite 13 Watt Magnifier Task Lamp is designed to provide optimal illumination and magnification for various tasks, including reading, crafting, and detailed work. Its unique natural daylight illumination technology helps reduce glare and eyestrain, ensuring accurate color rendition and clear visibility of fine details. The lamp features a portable, foldable design with an adjustable height and a swiveling base for versatile positioning.

The OttLite 13 Watt Magnifier Task Lamp, shown in its fully extended position, highlighting its compact and functional design.

SAFETY INFORMATION

- Always unplug the lamp from the power outlet before cleaning or performing any maintenance.
- Do not operate the lamp with a damaged cord or plug. If damaged, contact qualified service personnel.
- Keep the lamp away from water or other liquids. Do not immerse the lamp in water.
- Ensure the lamp is placed on a stable, flat surface to prevent tipping.
- Use only the specified bulb type (13-watt Type E) to avoid damage and ensure proper operation.

PACKAGE CONTENTS

Please verify that all items are present in your package:

- OttLite 13 Watt Magnifier Task Lamp (Dark Blue)
- 13-watt Type E Compact Fluorescent Bulb (pre-installed or included separately)
- Integrated 2x Optical Grade Magnifier

The lamp in its compact, folded state, demonstrating its portability and ease of storage.

SETUP

Unpacking

1. Carefully remove all components from the packaging.
2. Retain packaging for future storage or transport.

Assembly

1. Place the lamp on a stable, flat surface.
2. Unfold the lamp by gently lifting the top section until it locks into an upright position.
3. Ensure the 13-watt Type E bulb is securely installed in the lamp head. If not, align the pins of the bulb with the socket and push firmly until it clicks into place.
4. Plug the power cord into a standard 120V AC electrical outlet.

This diagram illustrates the lamp's adjustable height, ranging from 11.5 to 19.5 inches, and its 360-degree swiveling base for flexible positioning.

OPERATING INSTRUCTIONS

Powering On/Off

To turn the lamp ON, simply lift the lamp head to its upright position. The lamp will automatically illuminate. To turn the lamp OFF, gently fold the lamp head down until it is fully closed. The light will

extinguish.

Adjusting Height and Position

The lamp's shade can be effortlessly maneuvered to adjust its height from 11.5 inches to 19.5 inches. The built-in 360-degree swiveling 5-inch base allows you to easily rotate the lamp to direct light precisely where needed.

Using the Magnifier

The integrated 2x Optical Grade Magnifier is designed for precise tasks. It can be pulled out from either side of the lamp head and positioned over your work area. When not in use, the magnifier stores neatly inside the shade.

The OttLite lamp providing bright, clear illumination for a crafting project, demonstrating its utility for detailed work.

Bulb Replacement

The lamp uses an easy-to-replace 13-watt Type E bulb, designed to last up to 10,000 hours. To replace the bulb, ensure the lamp is unplugged and cool. Gently remove the old bulb by pulling it straight out. Insert the new Type E bulb by aligning the pins and pushing it firmly into the socket until it

is secure.

Replacement Bulb Type

A detailed view of the 13-watt Type E replacement bulb, indicating the specific type required for this lamp.

MAINTENANCE

- **Cleaning:** To clean the lamp, ensure it is unplugged and cool. Wipe the exterior surfaces with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Magnifier Care:** Clean the magnifier lens with a soft, lint-free cloth. For stubborn smudges, a small amount of lens cleaner can be applied to the cloth, not directly to the lens.

- Storage:** When not in use for extended periods, fold the lamp into its compact position and store it in a dry, safe place, ideally in its original packaging.

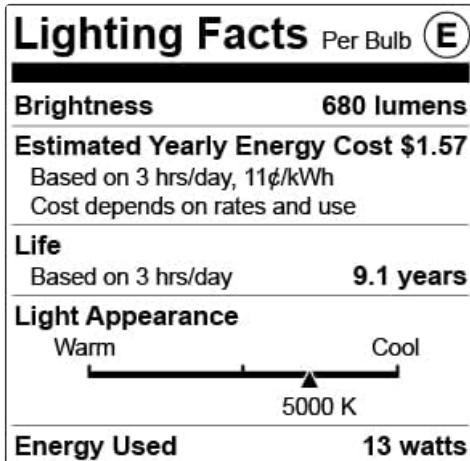

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in; Bulb loose or burnt out; Lamp head not fully upright.	Ensure power cord is securely plugged in. Check if the bulb is properly seated or needs replacement. Fully extend the lamp head until it locks into the ON position.
Light is dim or flickers.	Bulb nearing end of life; Incorrect bulb type.	Replace the bulb with a new 13-watt Type E OttLite bulb. Ensure the correct bulb type is used.
Magnifier does not stay in place.	Improper insertion; Damaged clips.	Ensure the magnifier is fully inserted into its designated slots. If clips are damaged, contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	OttLite
Model Number	OTL13MAG80-SHPR
Color	Dark Blue
Item Weight	2.9 Pounds (1.31 kg)
Product Dimensions	10 x 5 x 11.5 inches (25.4 x 12.7 x 29.2 cm)
Magnification Strength	2x
Bulb Type	13-watt Compact Fluorescent (Type E)
Luminous Flux	580 Lumens
Color Temperature	5000 Kelvin (Natural Daylight)
Voltage	120 Volts

Feature	Detail
Power Source	Corded Electric
