

WiMiUS P18

WiMiUS P18 LED Projector User Manual

Model: P18

1. INTRODUCTION

Thank you for purchasing the WiMiUS P18 LED Projector. This manual provides detailed instructions for setting up, operating, and maintaining your projector. Please read this manual thoroughly before using the product to ensure proper operation and to extend its lifespan. Keep this manual for future reference.

The WiMiUS P18 is designed to deliver a high-quality viewing experience with its enhanced brightness and full 1080P resolution support, making it suitable for home theater, gaming, and presentations.

2. SAFETY INFORMATION

To ensure safe operation and prevent damage, please observe the following safety precautions:

- Do not block the ventilation openings. Ensure adequate airflow around the projector.
- Do not look directly into the projector lens when the lamp is on. The bright light can cause eye damage.
- Do not place the projector in direct sunlight, near heat sources, or in environments with high humidity or dust.
- Use only the power adapter supplied with the projector.
- Unplug the projector from the power outlet during lightning storms or when unused for long periods.
- Do not attempt to repair the projector yourself. Refer all servicing to qualified service personnel.

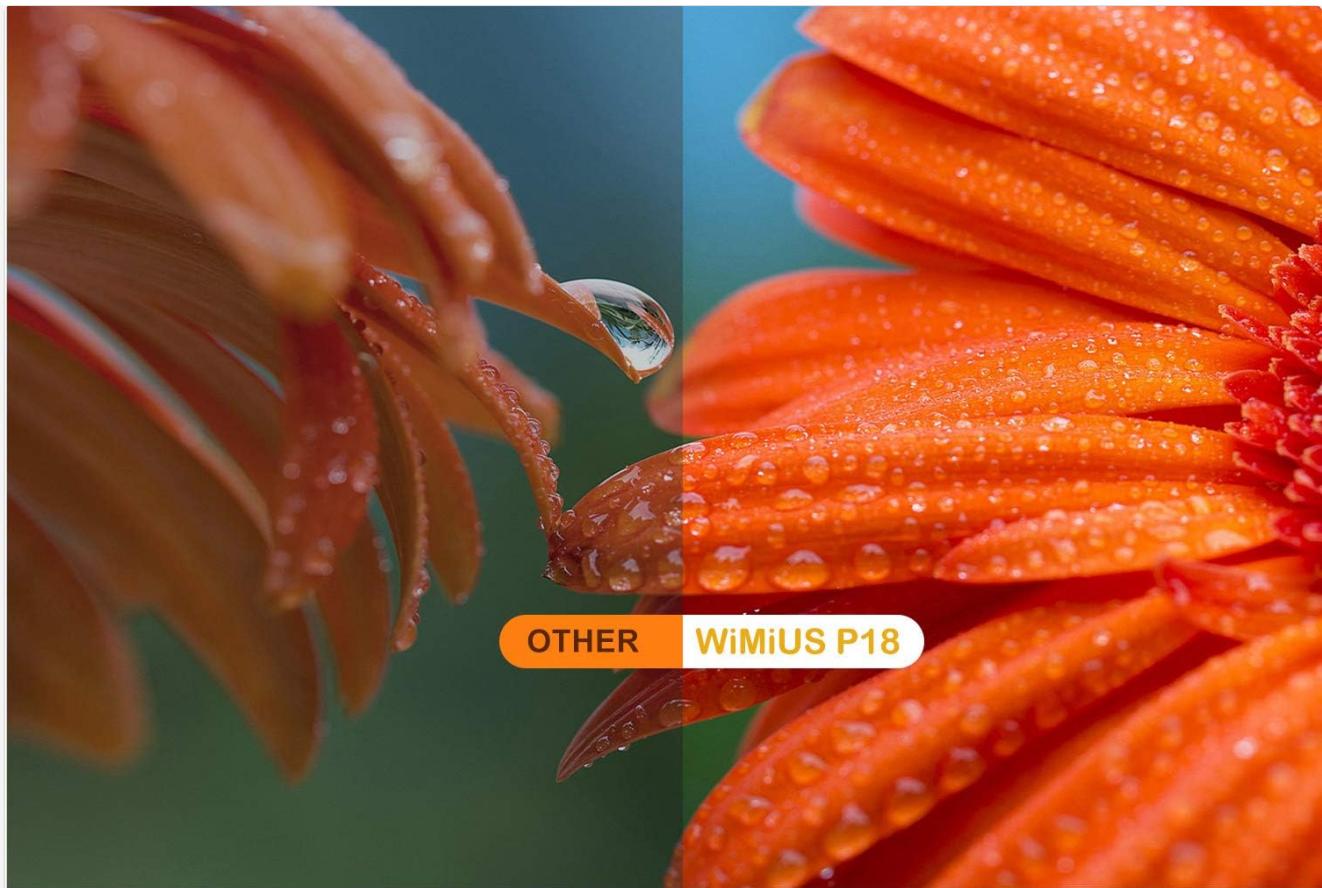

3. PACKAGE CONTENTS

Please check the package contents upon opening. If any items are missing or damaged, contact customer support.

- 1 x WiMiUS P18 Projector
- 1 x Power Cable
- 1 x HDMI Cable
- 1 x VGA Cable
- 1 x AV Cable
- 1 x Fuse
- 1 x Remote Controller
- 1 x Lens Cloth
- 1 x User Manual (this document)

4. PRODUCT OVERVIEW

4.1. Projector Components

Brightness is the Core

50000

HOURS
life span

Image: Visual comparison highlighting the superior brightness and contrast of the WiMiUS P18 projector's output compared to other models.

The WiMiUS P18 projector features a robust design with intuitive controls and multiple connectivity options. Key components include:

- **Projection Lens:** The primary output for the image.
- **Focus Ring:** Adjusts image sharpness.
- **Keystone Correction:** Corrects trapezoidal image distortion.
- **Control Panel:** Buttons for basic navigation and settings.
- **Input Ports:** HDMI, VGA, USB, AV for connecting various devices.
- **Ventilation Openings:** For heat dissipation. Do not block.
- **Built-in Speakers:** For audio output.

4.2. Remote Control

The included remote control allows for convenient operation of the projector from a distance. It provides access to power on/off, input source selection, volume control, menu navigation, and more.

5. SETUP

5.1. Placement

Choose a flat, stable surface for the projector. Ensure there is enough space for ventilation. The optimal projection distance for a clear image is between 1.5m and 5.5m, with a recommended viewing distance of 2.5-3m for a large screen experience.

Image: A diagram illustrating the flexible projection sizes (36-200 inches) achievable with the WiMiUS P18 projector at various distances (1.2m to 5.5m).

5.2. Power Connection

1. Connect the power cable to the projector's power input port.
2. Plug the other end of the power cable into a wall outlet.
3. The power indicator light on the projector will illuminate.

5.3. Initial Power On

Press the power button on the projector or the remote control to turn on the device. The WiMiUS logo will appear on the screen.

5.4. Focus and Keystone Adjustment

- **Focus:** Rotate the focus ring near the lens until the projected image is clear and sharp.
- **Keystone:** Use the keystone correction dial or menu setting to adjust the image shape if it appears trapezoidal. This corrects vertical distortion. Note that horizontal keystone correction is not available; the projector must be placed perpendicular to the screen for optimal results.

6. OPERATING

6.1. Connecting Devices

The WiMiUS P18 supports various input sources:

- **HDMI:** Connect to laptops, game consoles (Xbox, PlayStation), TV boxes, Amazon Fire TV Stick, Chromecast, etc. Use the provided HDMI cable. The projector has two HDMI ports.
- **VGA:** Connect to older computers or laptops using the provided VGA cable.
- **USB:** Insert a USB flash drive to play multimedia files (videos, photos, music). The projector has two USB ports.
- **AV:** Connect to DVD players or older video devices using the provided AV cable.
- **Smartphone Connection:** For iPad, iPhone, and Android phones, an external HDMI adapter (not included) is required.

6.2. Selecting Input Source

After connecting a device, press the 'Source' button on the remote control or the projector's control panel to select the corresponding input (e.g., HDMI1, HDMI2, VGA, AV, USB).

6.3. Multimedia Playback (USB)

When a USB drive is inserted and selected as the source, the projector's interface will display options for playing supported file types:

- **Supported Audio files:** WMV, MP3, M4A (AAC)
- **Supported Image files:** JPEG, BMP, PNG
- **Supported Video files:** MPEG1, MPEG2, MPEG4, RM, AVI, RMVB, MOV, MKV, DIVX, VOB, M-JPEG

6.4. Audio Output

The projector has built-in 2W*2 stereo speakers. For enhanced audio, you can connect external speakers via the audio output port (if available, or use an HDMI audio extractor if connecting via HDMI and needing separate audio out).

ENJOY THE BIG SCREEN

Image: A family enjoying a movie projected onto a large screen in a comfortable living room setting, demonstrating the home theater application of the projector.

7. MAINTENANCE

7.1. Cleaning the Lens

Use the provided lens cloth or a soft, lint-free cloth to gently wipe the lens. Do not use abrasive cleaners or solvents.

7.2. Cleaning the Projector Body

Wipe the projector's exterior with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by a dry cloth.

7.3. Ventilation

Ensure the ventilation openings are clear of dust and debris. Periodically clean them with a soft brush or compressed air to maintain optimal cooling and extend lamp life.

7.4. Storage

When not in use for extended periods, store the projector in a cool, dry, and dust-free environment. Use the original packaging or a protective case if available.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
No image / No signal	Incorrect input source selected; Loose cable connection; Device not powered on.	Select the correct input source (HDMI, VGA, AV, USB). Check all cable connections. Ensure the connected device is powered on.
Blurry image	Out of focus; Incorrect projection distance; Keystone not adjusted.	Adjust the focus ring. Ensure the projector is within the recommended projection distance. Adjust keystone correction.

Problem	Possible Cause	Solution
No sound	Volume too low; Muted; Audio cable not connected (for external speakers); Source device audio settings.	Increase volume on projector and source device. Check if muted. Ensure audio cables are properly connected.
Remote control not working	Dead batteries; Obstruction between remote and projector; Remote not pointed at IR receiver.	Replace batteries. Remove any obstructions. Point remote directly at the projector's IR receiver.
Projector overheats and shuts down	Blocked ventilation; Prolonged use in hot environment.	Ensure ventilation openings are clear. Allow projector to cool down. Use in a well-ventilated area.

9. SPECIFICATIONS

Feature	Specification
Model Number	P18 (K2)
Brightness	+20% Lumens (compared to 4000 lumens models)
Contrast Ratio	4000:1
Native Resolution	1920x1080 (Full HD supported)
Projection Technology	LCD projection system (5.8 inch LCD panel)
Projection Size	50-200 inches
Projection Distance	1.5-5.5m
Focusing	Manual
Image Reverse	360 degree flip up
Scale Ratio	16:9 and 4:3
Lamp Life	50,000 hours
Speaker	2W*2
Interface Input	YPbPr / AV / VGA / 2*USB / 2*HDMI
Power Supply	AC110-240V / 50Hz-60Hz
Power Consumption	≤140W
Product Dimensions	30 x 22 x 11 cm (approx. 30.5 x 23.5 x 11.5 cm)
Item Weight	2.8 kg

10. WARRANTY AND SUPPORT

WiMiUS offers a lifetime warranty for this upgraded projector, which includes a one-year money-back warranty. This warranty covers manufacturing defects and issues with the LED lamp.

For any questions, technical assistance, or warranty claims, please contact WiMiUS customer service. We provide 7/24 customer support to assist you.
