Hot Wheels GCK38

Hot Wheels Stunt & Go Playset Instruction Manual

Model: GCK38

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Hot Wheels Stunt & Go Playset. Please read this manual thoroughly before use to ensure proper function and safety.
The Hot Wheels Stunt & Go Playset is a transforming hauler truck that converts into a stunt track set. It features a loop, a launcher, and storage for up to 18 Hot Wheels vehicles. One 1:64 scale Hot Wheels vehicle is included with the playset.

Safety Information

- **Recommended Age:** This product is suitable for children aged 4 years and up.
- **Adult Supervision:** Adult supervision is recommended during assembly and initial play to ensure safe operation.
- **Small Parts:** The playset may contain small parts before assembly. Keep away from younger children to prevent choking hazards.
- **Proper Use:** Use only Hot Wheels 1:64 scale vehicles with this playset. Using other vehicles may cause damage or improper function.
- **Avoid Modifications:** Do not attempt to modify the playset. Unauthorized modifications may compromise safety and performance.

What's in the Box

Verify that all components are present before beginning assembly.

- 1x Hot Wheels Stunt & Go Transforming Hauler Truck
- 1x 1:64 Scale Hot Wheels Vehicle

Setup and Assembly

Follow these steps to transform the hauler truck into the stunt playset.

1. **Prepare the Hauler:** Ensure the hauler truck is in its compact, transport mode.
2. **Extend the Playset:** Gently pull the truck from both ends. The hauler will extend, revealing the internal track components and the base for the loop.

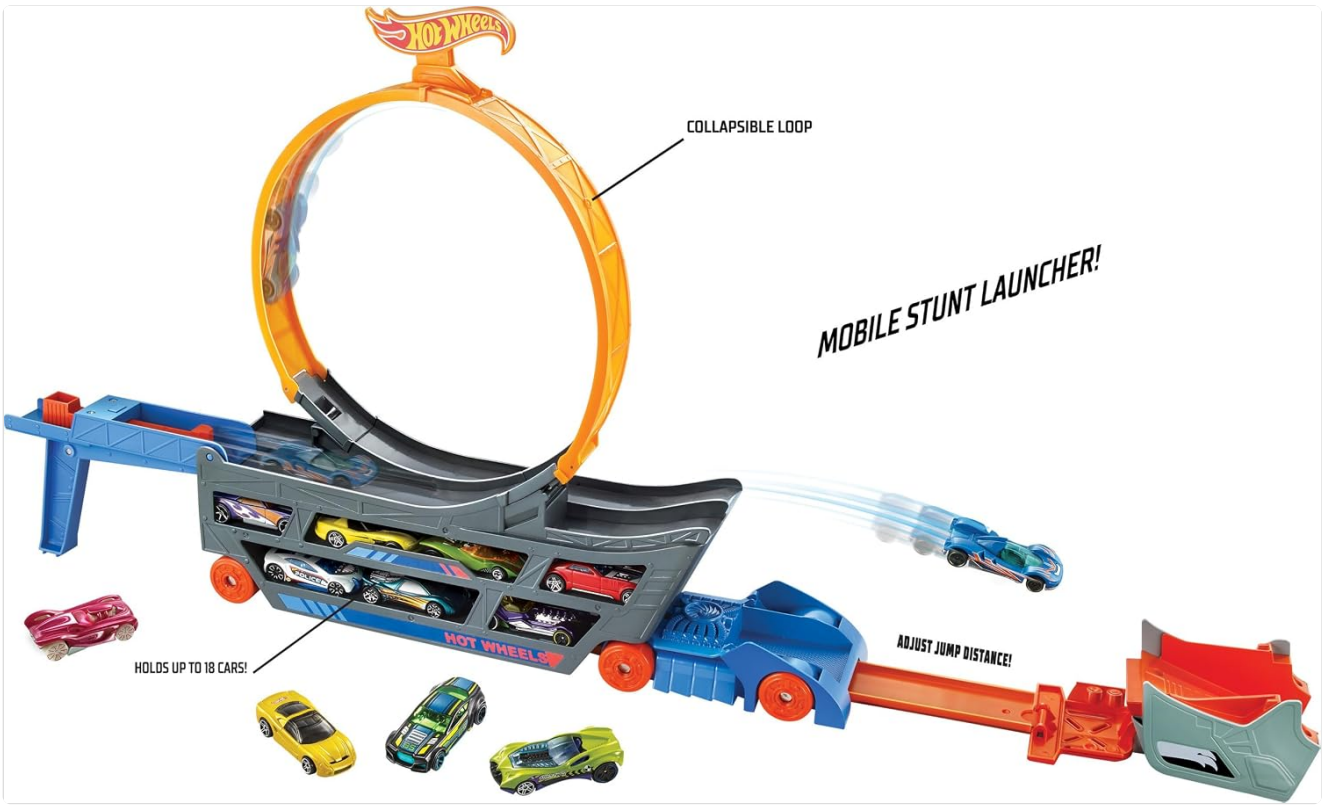

Image 2: An exploded view of the Stunt & Go Playset showing how the hauler truck expands to reveal the stunt track, including the loop and launcher. Several Hot Wheels cars are shown in the storage compartments.

3. **Attach the Loop:** Snap the two sides of the orange loop into their designated slots on the extended track base. Ensure they are securely fastened.
4. **Deploy the Launcher:** Swing out the collapsible launcher mechanism located at the front of the truck. This will form the starting ramp for your stunts.

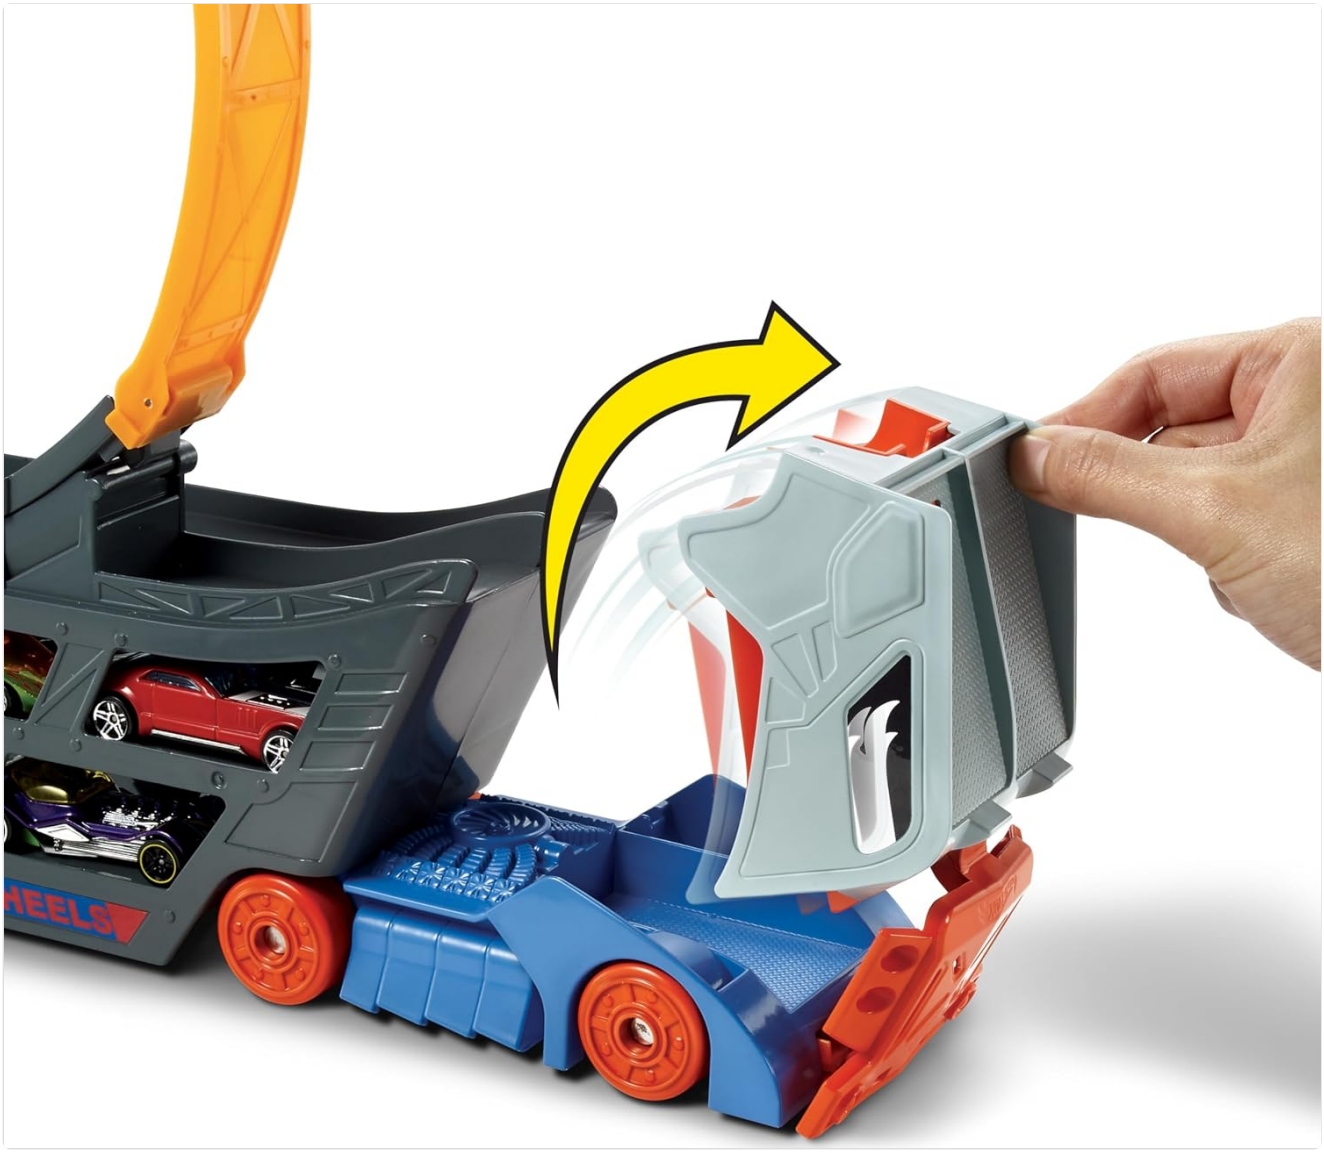

Image 3: A hand demonstrates pulling the truck cab forward, which transforms it into the launcher mechanism for the stunt track.

5. **Adjust Jump Distance (Optional):** The launcher can be adjusted to vary the jump distance for different stunt challenges.

Image 4: The Hot Wheels Stunt & Go Playset fully assembled and ready for play, showcasing the large orange loop and the blue launcher ramp.

Operating Instructions

Learn how to perform stunts and utilize the playset's features.

1. **Load a Vehicle:** Place a 1:64 scale Hot Wheels car onto the launcher mechanism.
2. **Launch the Car:** Pull back the launcher and release it to send the car speeding through the loop. The launcher has an adjustable 4-speed setting for varied launch power.

Image 5: A close-up view of the blue launcher mechanism, showing a Hot Wheels car positioned for launch. A hand is shown operating the launcher.

3. **Perform Stunts:** Aim to launch the car through the loop and land the jump on the other side. You can connect additional Hot Wheels track (sold separately) to extend the landing zone or create longer jumps.
4. **Vehicle Storage:** The hauler truck features multiple compartments to store up to 18 Hot Wheels cars when not in use or during transport.

Image 6: A child is shown interacting with the Hot Wheels Stunt & Go Playset, placing a car into one of the storage compartments within the hauler. The loop is visible in the background.

Maintenance

- **Cleaning:** Wipe the playset with a damp cloth to remove dust and dirt. Do not immerse in water. Avoid harsh chemicals.
- **Storage:** When not in use, fold the playset back into its hauler truck configuration for compact storage. Store in a cool, dry place away from direct sunlight.
- **Inspection:** Periodically inspect the playset for any signs of damage or wear. Discontinue use if any parts are broken or compromised.

Troubleshooting

Problem	Possible Cause	Solution
Car does not launch effectively.	Launcher not pulled back fully; car not positioned correctly; car is too heavy or not a standard Hot Wheels 1:64 scale.	Ensure the launcher is pulled back completely before release. Verify the car is seated properly. Use only standard Hot Wheels 1:64 scale vehicles.
Car does not complete the loop.	Insufficient launch speed; car is too heavy or has high friction wheels.	Adjust the launcher to a higher speed setting. Try a different, lighter Hot Wheels car.
Playset does not transform smoothly.	Obstruction in the mechanism; parts misaligned.	Check for any foreign objects or debris. Ensure all parts are aligned correctly before attempting to extend or collapse. Do not force the mechanism.

Specifications

Model Number: GCK38

ASIN: B07H1NXYNQ

Brand: Hot Wheels

Manufacturer: Mattel

Item Weight: 1.23 pounds (approximately 0.56 kg)

Recommended Age: 4 years and up

Release Date: April 10, 2019

Capacity: Stores up to 18 Hot Wheels 1:64 scale vehicles
