## SoundMAGIC E11C

# SoundMAGIC E11C Wired Earbuds Instruction Manual

Brand: SoundMAGIC | Model: E11C

## INTRODUCTION

The SoundMAGIC E11C Wired Earbuds are designed to deliver a balanced and accurate sound experience with powerful bass and clear details. Featuring an elegant aluminum housing and a tangle-free silver-plated copper cable, these earphones offer comfort, durability, and high-resolution audio. The integrated remote and microphone provide convenient control for music and calls.

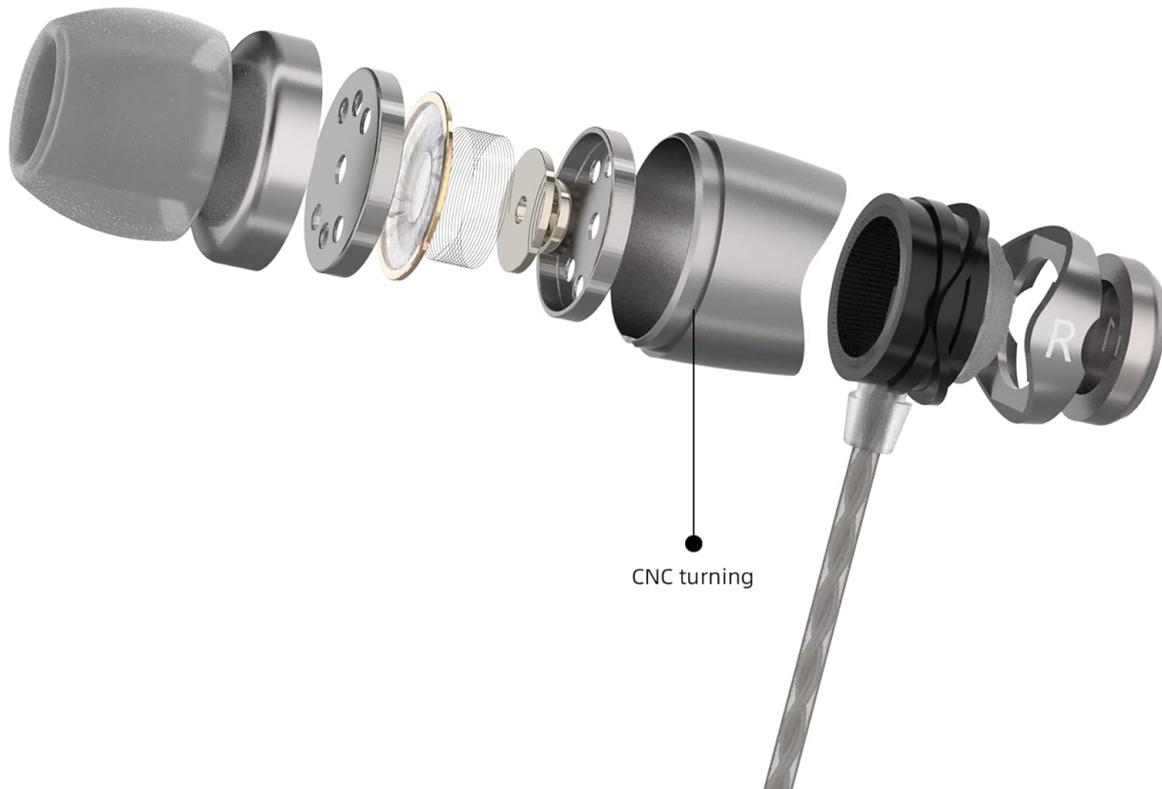

## Key Features

- **Superb Sound:** Refined and accurate sound from redesigned 10mm dynamic drivers, delivering balanced audio with extended transparent detail and warm, textured bass.
- **Elegant Aluminium Housing:** Crafted from aluminum with a high-precision cutting process and unique hand painting for a lightweight, robust, and elegant appearance.
- **Silver-Plated Copper Cable:** High-quality silver-plated copper cable ensures optimal signal transmission, reducing loss and achieving high-resolution sound levels.
- **Fully Featured Remote and Mic:** 3-button remote control for easy music and call management. Built-in high-quality microphone for hands-free calls.
- **Comfortable In-Ear Fit and Noise Isolation:** Ergonomic angled sound tubes and soft silicone eartips provide a secure fit, excellent noise isolation, and full sonic spectrum delivery.

## PRODUCT OVERVIEW

# Elegant Aluminium Housing For Durable

Crafted from aluminium in a high-precision cutting process and finished with a unique hand painting process

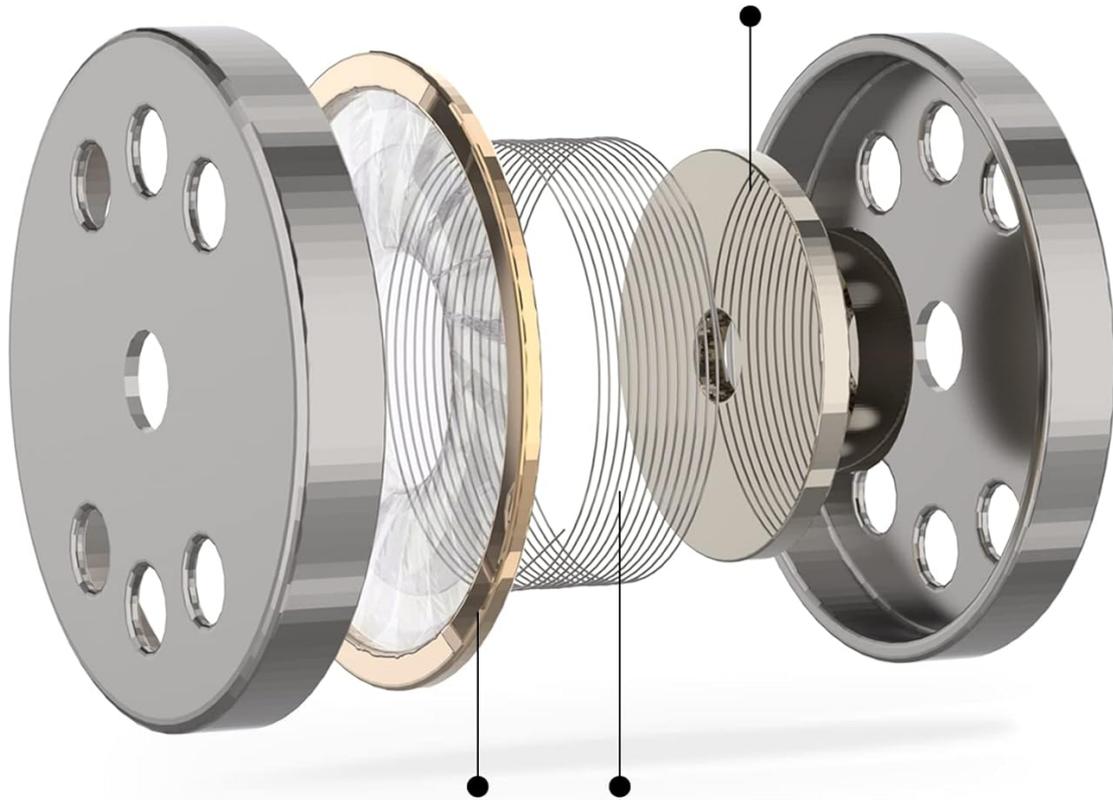

CNC turning

**Elegant Aluminium Housing:** An exploded view of the earbud highlighting its precision-crafted aluminum components, ensuring durability and a delicate texture.

# 10mm High Quality Full Range Dynamic Driver

Provides a well-balanced,entertaining,energetic Sound

N48 NdFeB provides a strong permanent magnetic field and ensures a high conversion rate of electromangnetic energy

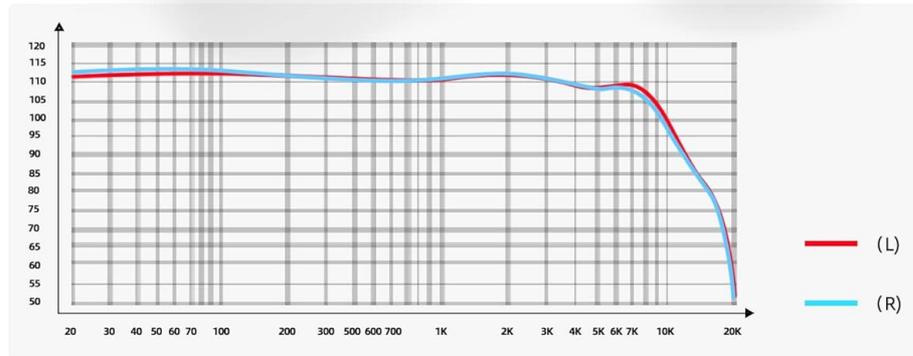

6um vibrating diaphragm + 0.035 mm copper plated aluminum coil,  
with extremely high transient response

**Dynamic Audio Performance:** The earbuds are shown alongside a frequency response graph, demonstrating their balanced sound image with smooth high-frequency detailing and textured low-frequency extension.

# Dynamic Audio Performance

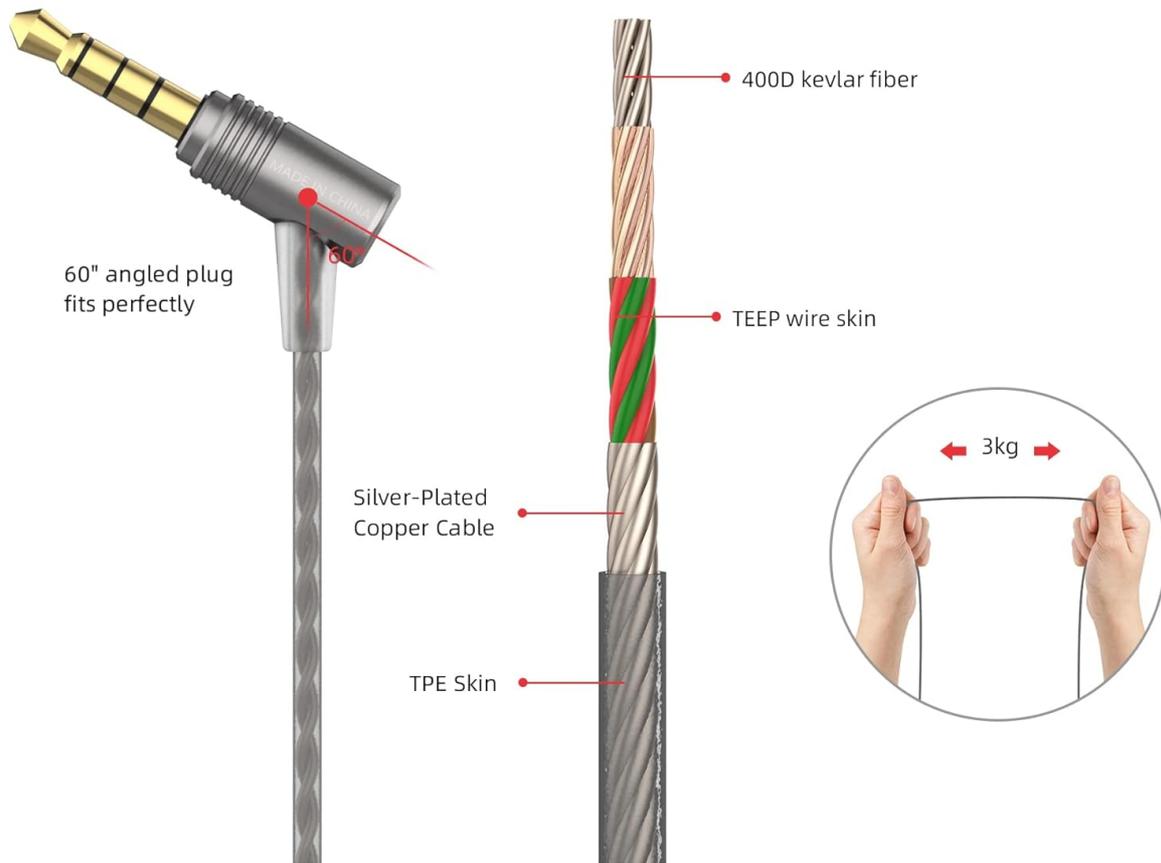

A more mature and sophisticated sound image with smoother high-frequency detailing and more textured low-frequency extension.

**Silver-Plated Copper Cable:** A detailed image of the earbud cable, showcasing its 3.5mm angled plug and the internal structure of the silver-plated copper wire for high-resolution audio transmission.

# Silver-Plated Copper Cable For High-res Audio

Less radio interference, better audio performance

**Comfortable In-Ear Fit and Remote:** A user wearing the earbuds, illustrating the ergonomic design for a comfortable and secure fit, with the in-line remote control clearly visible.

**Included Accessories:** The retail packaging of the SoundMAGIC E11C, displaying the earbuds, protective carrying case, and various sizes of silicone ear tips.

## WHAT'S IN THE BOX

- SoundMAGIC E11C Wired Earbuds
- Protective Carrying Case
- S/M/L Sizes Silicone Ear Tips
- Cable Clip
- PC Adapter (for computers with separate audio/mic jacks)

## SETUP

### 1. Ear Tip Selection

Choose the ear tips that provide the most comfortable and secure fit for your ears. A proper seal is crucial for optimal sound quality and noise isolation. Experiment with the included S/M/L silicone ear tips to find your best fit.

### 2. Connecting to Your Device

- Insert the 3.5mm jack into your smartphone, tablet, or any device with a compatible audio port.

- Ensure the jack is fully inserted for a stable connection and clear audio.

### 3. Using the PC Adapter (if applicable)

- If your computer has separate audio (headphone) and microphone jacks, use the included PC adapter.
- Plug the E11C's 3.5mm jack into the adapter's female port.
- Connect the adapter's two male plugs (one for audio, one for mic) into the corresponding ports on your computer.

## OPERATING INSTRUCTIONS

### In-line Remote Control

The E11C features a 3-button in-line remote for convenient control of your music and calls.

- **Volume Up (+):** Press the top button to increase volume.
- **Volume Down (-):** Press the bottom button to decrease volume.
- **Multi-function Button (Middle):**
  - **Play/Pause:** Press once to play or pause music.
  - **Next Track:** Press twice quickly to skip to the next track.
  - **Previous Track:** Press three times quickly to go to the previous track.
  - **Answer/End Call:** Press once to answer an incoming call or end an active call.
  - **Reject Call:** Press and hold for approximately 2 seconds to reject an incoming call.

The built-in microphone allows for clear hands-free communication during calls.

## MAINTENANCE

- **Cleaning:** Regularly clean the ear tips with a soft, dry cloth. For deeper cleaning, remove the silicone tips and wash them with mild soap and water, ensuring they are completely dry before reattaching.
- **Storage:** When not in use, store your earbuds in the provided protective carrying case to prevent tangling and damage.
- **Cable Care:** Avoid sharply bending or pulling the cable to prolong its lifespan. The tangle-free design helps prevent knots, but careful handling is always recommended.
- **Avoid Moisture:** While the earbuds have some water resistance, avoid prolonged exposure to water or high humidity.

## TROUBLESHOOTING

- **No Sound:**
  - Ensure the 3.5mm jack is fully inserted into your device.
  - Check your device's volume settings.

- Test the earbuds with another device to rule out device-specific issues.

- **Poor Sound Quality:**

- Ensure ear tips are correctly sized and provide a good seal in your ear canal.
- Clean ear tips and earbud nozzles to remove any debris.
- Check the audio source for quality issues.

- **Microphone Not Working:**

- Ensure the 3.5mm jack is fully inserted.
- If using with a PC, ensure the PC adapter is correctly connected to both audio and mic ports.
- Check your device's microphone input settings.

## SPECIFICATIONS

Feature	Detail
Model Name	E11C
Connectivity Technology	Wired
Headphones Jack	3.5 mm Jack
Noise Control	Sound Isolation
Frequency Response	22000 Hz
Sensitivity	112 dB
Impedance	42 Ohms
Audio Driver Type	Dynamic Driver
Audio Driver Size	10 Millimeters
Material	Aluminum, Metal, Silicone
Cable Feature	Tangle Free
Control Type	Volume Control (3-button remote)
Item Weight	15 Grams (0.529 ounces)
