3. SAFETY INFORMATION

Always ensure the product is used with the correct voltage adapter. Keep the power cord out of reach of children and pets to prevent electric shock. This product is not a toy and should be used under adult supervision. Follow the instructions provided in the user manual for safe operation.

4. SETUP

1. **Power Connection:** Plug the device directly into a standard 110V wall outlet. Ensure the outlet is easily accessible.
2. **Initial Power On:** The device will power on automatically when plugged in.

5. OPERATING INSTRUCTIONS

5.1. Sound Selection

1. **Turn On:** Rotate the volume knob clockwise to turn on the device and adjust the sound volume.
2. **Select Sound Category:** Press the sound category buttons (e.g., White Noise, Fan Noise, Nature Sounds, Lullabies) to cycle through the available sound options within each category.
3. **Adjust Volume:** Use the 'Volume' knob to increase or decrease the sound level to your preference.

5.2. Night Light Control

1. **Turn On/Off:** Press the 'Night Light' button (represented by a light bulb icon) to turn the LED night light on or off.
2. **Adjust Brightness:** While the night light is on, press the 'Night Light' button repeatedly to cycle through the 7 available brightness levels.

6. MAINTENANCE

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, unplug the device and store it in a cool, dry place.

7. TROUBLESHOOTING

- **No Power:** Ensure the device is securely plugged into a working 110V wall outlet.
- **No Sound:** Check the volume knob to ensure it is not set to minimum. Verify that a sound category is selected.
- **Night Light Not Working:** Press the 'Night Light' button to ensure it is turned on. Cycle through brightness levels to confirm functionality.
- **Sound Quality Issues:** Ensure the device is not obstructed. If issues persist, try plugging into a different outlet.
