## 5. OPERATING INSTRUCTIONS

The GDFStudio Noble House Brava Sectional Sofa Set is designed for comfortable outdoor seating. Its

modular function allows for flexible arrangement.

- **Arrangement:** The individual pieces (right-side armchair, left-side armchair, corner piece, and two armless segments) can be configured in various ways to suit your space and needs.
- **Cushion Use:** Place the seat and back cushions for optimal comfort. The cushions are weather-resistant but should be brought indoors during heavy rain or stored in a dry place when not in use for extended periods.

## 6. MAINTENANCE AND CARE

---

Proper care will extend the life and appearance of your sectional sofa set.

- **Wood Frame Care:** Clean the acacia wood frame with a soft cloth and mild soap solution. Avoid harsh chemicals. Periodically apply a wood sealant or oil to maintain the wood's finish and protect it from weathering.
- **Cushion Care:** The cushions are made from water-resistant fabric. Spot clean with a damp cloth and mild soap. Allow to air dry completely. Do not machine wash or tumble dry. Store cushions in a dry place when not in use or during inclement weather.
- **Weather Protection:** While weather-resistant, it is highly recommended to cover the furniture with a protective cover when not in use, especially during heavy rain, snow, or prolonged sun exposure, to prevent premature wear and fading.
- **Hardware Check:** Regularly inspect all bolts and screws to ensure they remain tight. Retighten as necessary to maintain stability.

**Teak Finish + Beige**

## 7. TROUBLESHOOTING

**Issue: Sofa feels wobbly after assembly.**

**Solution:** Ensure all bolts and screws are fully tightened. If the issue persists, disassemble and reassemble, ensuring all pieces are correctly aligned before tightening hardware.

**Issue: Wood finish appears dull or faded.**

**Solution:** This can occur due to prolonged sun exposure. Clean the wood and apply a suitable outdoor wood oil or sealant to restore its appearance and provide protection.

**Issue: Cushions are getting wet or stained.**

**Solution:** While water-resistant, cushions are not waterproof. Bring cushions indoors during heavy rain. For stains, spot clean immediately with mild soap and water. Consider using a furniture cover for overall protection.
