BAKAJI Space-Saving Shoe Rack Wardrobe - Instruction Manual

Model: 8050534667851

INTRODUCTION

Thank you for choosing the BAKAJI Space-Saving Shoe Rack Wardrobe. This product is designed to provide a practical and functional storage solution for your shoes, suitable for various environments including your home, camping trips, or holidays. Its easy assembly ensures convenience and readiness for use whenever needed.

This shoe rack features a robust steel structure and a waterproof beige non-woven fabric cover. The roll-up front opening with a zip closure effectively protects your shoes from dust. With approximate dimensions of 60 cm (Depth) x 30 cm (Width) x 90 cm (Height), it can accommodate up to 18 pairs of shoes or slippers. It can also serve as a portable wardrobe for caravans and tents.

SAFETY INFORMATION

Warning:

- Do not expose the product to excessive water sources.
- Avoid using aggressive cleaning methods or harsh chemicals, as this may cause damage or safety issues.
- Ensure the shoe rack is placed on a stable, level surface to prevent tipping.
- Do not overload the shelves beyond the maximum weight capacity.

ASSEMBLY INSTRUCTIONS

The BAKAJI shoe rack features an easy plug-in assembly system, allowing for quick setup, typically within 5 minutes, even by a single person. No tools are required.

Components Checklist:

- Steel alloy tubes (various lengths for frame and shelves)
- Plastic connectors
- Non-woven fabric cover with zip closure
- Wire shelves (6 pieces)

Step-by-Step Assembly:

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the checklist.
2. **Assemble Base Frame:** Connect the shortest steel tubes using the plastic connectors to form the base rectangle. Ensure all connections are secure.
3. **Install Vertical Supports:** Insert the longer vertical steel tubes into the connectors of the base frame.
4. **Add First Shelf Level:** Place the wire shelves onto the designated slots on the vertical supports. Secure them by adding horizontal tubes and connectors for the next level.
5. **Continue Building Upwards:** Repeat step 4 for each subsequent shelf level until all 6 shelves are in place. Ensure the structure remains stable as you build.
6. **Attach Top Frame:** Complete the top of the frame using the remaining steel tubes and connectors.
7. **Drape Fabric Cover:** Carefully place the non-woven fabric cover over the assembled steel frame. Ensure it fits snugly.
8. **Secure Cover:** Adjust the cover so the zip closure is at the front. The cover may have ties to secure it to the frame.

OPERATING INSTRUCTIONS

Using your BAKAJI shoe rack is straightforward:

- **Shoe Storage:** Place your shoes on the 6 wire shelves. The rack is designed to hold up to 18 pairs, depending on shoe size.
- **Dust Protection:** To protect your shoes from dust, ensure the front cover is zipped closed.
- **Accessing Shoes:** Unzip the front cover to access your shoes. The cover can be rolled up and secured with the attached ties for easy access and ventilation.
- **Side Pockets:** Utilize the side pockets on the fabric cover for storing small items like shoehorns, brushes, or other

accessories.

MAINTENANCE

Proper maintenance will extend the life of your shoe rack:

- **Cleaning:** Wipe the non-woven fabric cover and steel frame with a damp cloth. For stubborn stains, use a mild soap solution and then wipe clean with a damp cloth. Ensure the fabric is dry before zipping it closed.
- **Avoid Harsh Cleaners:** Do not use abrasive cleaners, solvents, or aggressive cleaning methods, as these can damage the fabric or frame.
- **Dusting:** Regularly dust the shelves and interior to prevent dust buildup.
- **Zipper Care:** Keep the zipper clean and free of debris to ensure smooth operation. If the zipper becomes stiff, a small amount of zipper lubricant can be applied.

TROUBLESHOOTING

If you encounter any issues with your shoe rack, refer to the following common solutions:

- **Instability:** Ensure all steel tubes are fully inserted into their respective plastic connectors. Check that the rack is placed on a flat, even surface.
- **Difficulty Zipping:** Check for any fabric caught in the zipper teeth. Ensure the zipper is clean and free of debris. Avoid forcing the zipper.
- **Cover Not Fitting:** Verify that the frame is assembled correctly according to the instructions. The cover should fit snugly over the frame.
- **Damaged Components:** If any steel tubes or plastic connectors are bent or broken, they may need to be replaced. Contact customer support if replacement parts are needed (see Support section).

PRODUCT SPECIFICATIONS

Brand	BAKAJI
Model Number	8050534667851
Material	Steel Alloy (frame), Non-Woven Fabric (cover)
Color	Beige
Product Dimensions (D x W x H)	60 cm x 30 cm x 90 cm
Item Weight	3 Kilograms
