## Picun Picun H10

# Picun Wireless Headphones User Manual

Model: Picun H10

## 1. PRODUCT OVERVIEW

---

The Picun H10 Wireless Headphones are designed for an active lifestyle, offering high-quality audio with the convenience of Bluetooth connectivity. Featuring a lightweight, ergonomic design, these in-ear headphones provide a secure and comfortable fit, making them ideal for sports and daily use. With IPX7 sweatproof rating and magnetic earbuds, they are built for durability and ease of storage.

## 3. SETUP AND FIRST USE

### 3.1 Charging the Headphones

Before first use, fully charge your Picun H10 headphones. The charging port is located under a rubber flap on the inline control module. Use the provided USB charging cable to connect the headphones to a USB power source (e.g., computer USB port, wall adapter). The LED indicator will show charging status.

- A full charge typically takes less than 1.5 hours.
- A full charge provides approximately 10 hours of playtime.

### 3.2 Fitting the Earbuds

For optimal sound quality and comfort, select the ear tips and ear hooks that best fit your ears. Experiment with different

sizes (S, M, L) to find the most secure and comfortable seal. The ergonomic design ensures a stable fit, especially during physical activity.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Bluetooth Pairing

To pair your Picun H10 headphones with a Bluetooth-enabled device:

1. Ensure the headphones are turned off.
2. Press and hold the multi-function button (middle button on the inline remote) until you see the blue light turn on. Continue holding the button until the red and blue lights flash alternately. This indicates pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "H10" from the list of found devices.
5. Once connected, the blue light will flash slowly, and a voice prompt will confirm the connection.

The headphones use Bluetooth 4.1 for stable and efficient wireless communication.

## 4.2 Inline Remote Control Functions

The inline remote allows you to control music playback and calls:

Image: Diagram illustrating the functions of the inline remote control: multi-function button for play/pause/answer/hang up, volume-/previous song button, and volume+/next song button.

- **Multi-function Button (Middle):**

- Press once: Play/Pause music, Answer/End call.
- Press and hold: Power On/Off, Enter Pairing Mode.

- **Volume - / Previous Song Button:**

- Press once: Decrease volume.
- Press and hold: Go to previous song.

- **Volume + / Next Song Button:**

- Press once: Increase volume.
- Press and hold: Go to next song.

### 4.3 Magnetic Earbuds

The earbuds feature a magnetic design, allowing them to clip together when not in use. This helps prevent tangling and makes them easy to store around your neck or in a bag, reducing the risk of losing them.

# MAGNETIC DESIGN

Clip it together when not in use  
also avoid losing it.

#### 4.4 IPX7 Sweatproof Rating

The Picun H10 headphones are IPX7 rated, meaning they are protected against the effects of temporary immersion in water (up to 1 meter for 30 minutes). This makes them highly resistant to sweat and rain, suitable for intense workouts and outdoor activities. Do not submerge the headphones in water for extended periods or use them for swimming.

## IPX7 SWEATPROOF

IPX7 Nano-coating effectively prevent resist rain and sweat.  
You can be carefree when running.

## 5. MAINTENANCE

To ensure the longevity and optimal performance of your headphones:

- **Cleaning:** Gently wipe the earbuds and cable with a soft, dry cloth after each use. If necessary, use a slightly damp cloth, but ensure the headphones are completely dry before charging or storing. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, clip the magnetic earbuds together and store the headphones in a clean, dry place away

from extreme temperatures and direct sunlight.

- **Charging:** Always use the provided USB cable for charging. Avoid overcharging by disconnecting the headphones once fully charged.

## 6. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully.
Cannot pair with device.	Headphones not in pairing mode; Bluetooth off on device; device too far.	Ensure headphones are in pairing mode (flashing red/blue). Turn on Bluetooth on your device. Move headphones closer to the device.
No sound or poor sound quality.	Volume too low; headphones not connected; ear tips not sealed properly.	Increase volume on headphones and device. Re-pair headphones. Try different size ear tips for a better seal.
Intermittent connection.	Interference; device too far; low battery.	Move away from other wireless devices. Stay within Bluetooth range (approx. 10 meters). Charge headphones.
