nanoblock NBC-281

nanoblock Black Cat Building Kit NBC-281 Instruction Manual

1. PRODUCT OVERVIEW

The nanoblock Black Cat Building Kit (Model NBC-281) is part of the nanoblock Mini Collection series, allowing you to construct a detailed 3D model of a black cat using micro-sized building blocks. This kit contains over 110 pieces, designed to achieve fine detail in a compact form. nanoblock is known for its extremely small building blocks, with the smallest part measuring just 4x4x5mm, offering a challenging and rewarding building experience for enthusiasts.

2. SAFETY INFORMATION

Please read the following safety guidelines before beginning assembly:

- **Choking Hazard:** This product contains very small parts. It is not suitable for children under 3 years of age. Keep all blocks and packaging away from infants and young children to prevent accidental ingestion.
- **Recommended Age:** This kit is recommended for ages 15 and up due to the small size and intricate nature of the blocks.
- **Adult Supervision:** Adult supervision is recommended for younger builders within the recommended age range.
- **Material:** All blocks are made from 100% plastic.

3. PACKAGE CONTENTS

The nanoblock Black Cat Building Kit includes the following items:

- Approximately 110 micro-sized building blocks required to construct the Black Cat model.

- Detailed step-by-step assembly instructions sheet.

4. ASSEMBLY INSTRUCTIONS

4.1 General Building Tips

- **Work Area:** Choose a clean, well-lit, and flat surface for assembly to prevent losing small pieces.
- **Sorting Blocks:** It is helpful to sort the blocks by color and size before starting.
- **Precision:** Due to the micro size of the blocks, precision is key. Use tweezers (not included) if you find it difficult to handle the small pieces with your fingers.
- **Patience:** Building nanoblock models requires patience. Take your time and enjoy the process.

4.2 Step-by-Step Assembly

Detailed step-by-step instructions are provided within the product packaging. Please refer to the included instruction sheet for specific block placement and assembly sequence. The instructions typically use visual diagrams to guide you through each layer and section of the model.

1. Unpack all contents and verify that all pieces are present according to the parts list in the instruction manual.
2. Follow the numerical sequence of steps provided in the instruction manual.

- 3. Carefully connect the blocks, ensuring they are firmly pressed together for stability.
- 4. Pay close attention to the orientation of each block as shown in the diagrams.
- 5. If a step seems unclear, review the previous steps and diagrams.

5. USAGE AND DISPLAY

Once assembled, your nanoblock Black Cat model is designed for display. It can be placed on shelves, desks, or any flat surface as a decorative item. The model's compact size makes it suitable for various display environments.

- Avoid placing the model in direct sunlight for extended periods to prevent potential color fading.
- Keep the model away from high-traffic areas where it might be accidentally knocked over.
- The model is not intended for active play due to its delicate construction and small parts.

6. CARE AND MAINTENANCE

To maintain the appearance of your nanoblock model, follow these simple care instructions:

- **Cleaning:** Gently dust the model with a soft brush or a can of compressed air. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Handling:** Handle the model carefully to avoid dislodging any blocks. If a block comes loose, reattach it firmly.
- **Storage:** If disassembling for storage, keep all blocks in a sealed container to prevent loss.

7. TROUBLESHOOTING

Here are some common issues and their solutions:

- **Missing Pieces:** Double-check your work area and packaging. Due to the small size, pieces can be easily overlooked. If a piece is genuinely missing, contact nanoblock customer support.
- **Difficulty Connecting Blocks:** Ensure blocks are correctly aligned. Apply firm, even pressure. If a block is particularly stubborn, try rotating it slightly.
- **Model Instability:** Review the assembly steps to ensure all blocks are correctly placed and fully connected. Loose connections can lead to instability.
- **Instructions Unclear:** Refer to the visual diagrams carefully. Sometimes, looking at the next few steps can clarify the current one. Online resources or fan communities may also offer additional visual guides.

8. PRODUCT SPECIFICATIONS

Model Number	NBC-281
Product Dimensions (Assembled)	1.57 x 1.85 x 2.36 inches (4 x 4.7 x 6 cm)
Item Weight	0.986 ounces (27.95 grams)
Number of Pieces	Over 110

Recommended Age	15 years and up
Difficulty Level	3 out of 5
Material	Plastic
Manufacturer	Kawada

9. WARRANTY AND SUPPORT

nanoblock products are manufactured by Kawada. For any inquiries regarding missing parts, manufacturing defects, or general product support, please refer to the contact information provided on the product packaging or visit the official nanoblock website. Keep your proof of purchase for any warranty claims, if applicable.

The product box includes a Bandai Namco warning label, which serves as proof that you are purchasing an officially licensed Kawada product.
