## Package Contents

The PLUS PLUS Building Set (Model 07002) includes the following items:

- **600 PLUS PLUS Mini Interlocking Pieces:** Comprising 500 basic color mix pieces and 100 neon pieces.
- **2 Small Green Baseplates:** For stable construction of flat designs or as foundations for 3D models.
- **1 Metal Suitcase:** A durable blue metal case with a handle and latch for storage and portability.
- **1 Guide Book:** Provides visual instructions and ideas for various builds.

## Setup

To begin using your PLUS PLUS Building Set:

1. **Unpack:** Open the metal suitcase and carefully remove all the interlocking pieces, baseplates, and the guide book.
2. **Prepare Workspace:** Choose a clean, flat surface for building. The metal suitcase lid can also serve as a contained play area.
3. **Review Guide Book:** Familiarize yourself with the visual instructions in the included guide book for initial building ideas or to understand basic connection methods.

## Operating Instructions (Building Techniques)

PLUS PLUS pieces are designed for versatile construction in both 2D and 3D. Each piece has a unique shape that allows for simple yet secure connections.

- **Basic Connection:** To connect two pieces, align the 'plus' shape of one piece with the open slots of another and gently push them together until they interlock. The fit is snug, promoting fine motor skill development.
- **2D Mosaics:** Use the baseplates to create flat designs and patterns. Pieces can be connected side-by-side or end-to-end to form intricate mosaics.
- **3D Structures:** Build upwards and outwards to create three-dimensional models. The interlocking design allows for stable structures, from simple cubes to complex figures.
- **Creative Exploration:** The open-ended nature of PLUS PLUS encourages imaginative play. Experiment with different colors and orientations to bring unique ideas to life.

## Maintenance

- **Cleaning:** PLUS PLUS pieces can be cleaned with a damp cloth and mild soap if necessary. Ensure they are completely dry before storing.
- **Storage:** Store all pieces, baseplates, and the guide book in the provided metal suitcase to keep them organized and prevent loss. The suitcase's latch ensures secure closure.
- **Inspection:** Periodically inspect pieces for any damage. Discard any broken or heavily worn pieces to

maintain safety and optimal building experience.

## Troubleshooting

- **Pieces not connecting:** Ensure the pieces are aligned correctly. The 'plus' shape should fit into the corresponding slots. Apply firm, even pressure.
- **Difficulty with complex builds:** Refer to the guide book for step-by-step visual instructions. Start with simpler designs and gradually progress to more complex structures.
- **Missing pieces:** While the set includes 600 pieces, small parts can be misplaced. Always build in a designated area and store pieces securely in the metal suitcase after use.
