## Ariete RED SILENT 2752

# Ariete Red Silent 2752 Vacuum Cleaner Flexible Hose Instruction Manual

Model: RED SILENT 2752

## 1. Introduction

This manual provides essential instructions for the proper installation, operation, and maintenance of your Ariete Red Silent 2752 Vacuum Cleaner Flexible Hose. This product is a genuine Ariete replacement part designed to ensure optimal performance with compatible Ariete Red Silent vacuum cleaner models.

**Figure 1:** The Ariete Red Silent 2752 flexible vacuum cleaner hose, featuring its corrugated design, integrated handle, and connector ends.

## 2. Important Safety Information

Please read and understand all safety instructions before installing or using the flexible hose. Failure to follow these instructions may result in damage to the product or personal injury.

- Ensure the vacuum cleaner is unplugged from the power outlet before attaching or detaching the hose.
- Do not use the hose if it is damaged, kinked, or has any visible signs of wear.
- Keep the hose away from sharp objects, excessive heat, and open flames.
- This hose is designed for dry vacuuming only. Do not use it to pick up liquids or wet materials.
- Do not attempt to modify the hose or its connectors.

## 3. Package Contents

Verify that all components are present and undamaged upon opening the package:

- 1 x Ariete Red Silent 2752 Flexible Vacuum Cleaner Hose with integrated handle and connector.

## 4. Setup and Installation

Follow these steps to properly attach the flexible hose to your Ariete Red Silent vacuum cleaner:

1. **Unplug the Vacuum Cleaner:** Ensure your vacuum cleaner is switched off and unplugged from the electrical outlet before proceeding.
2. **Identify Connection Point:** Locate the hose connection port on your Ariete Red Silent vacuum cleaner. This is typically on the main body of the unit.
3. **Attach the Hose Connector:** Align the connector end of the flexible hose with the vacuum cleaner's intake port. Gently push and twist (if applicable) until the hose is securely fastened. Ensure a tight seal to prevent loss of suction.
4. **Verify Compatibility:** This hose is specifically designed for Ariete Red Silent models 00P275200AR0 (ERP), 00P275210AR0 (ERP2), and 00P275210ARES (ERP2). If your vacuum cleaner model is not listed, please contact Ariete customer support for compatibility verification.

## 5. Operating Instructions

Once the flexible hose is securely attached, you can begin using your vacuum cleaner:

1. **Plug In and Power On:** Plug the vacuum cleaner into a suitable electrical outlet and switch it on.
2. **Attach Accessories:** Connect desired cleaning attachments (e.g., nozzles, brushes) to the handle end of the flexible hose.
3. **Begin Cleaning:** Use the handle to maneuver the hose and attachments for cleaning various surfaces.
4. **Avoid Overstretching:** Do not overstretch the hose beyond its natural flexibility, as this can cause damage.

## 6. Care and Maintenance

Regular care will extend the life of your flexible hose:

- **Cleaning:** Wipe the exterior of the hose with a damp cloth. Do not immerse the hose in water.
- **Checking for Blockages:** Periodically check the hose for any blockages that may reduce suction. If a blockage is found, carefully remove it after ensuring the vacuum cleaner is unplugged.
- **Storage:** Store the hose in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid kinking or sharply bending the hose during storage.

## 7. Troubleshooting

If you encounter issues with your flexible hose, consider the following:

- **Reduced Suction:**
  - Ensure the hose is securely attached to the vacuum cleaner and attachments.
  - Check for blockages within the hose.
  - Verify that the vacuum cleaner's dust bag/container is not full and filters are clean.
- **Hose Damage:** If the hose is visibly damaged (cracks, tears), it should be replaced to maintain performance and safety.

For further assistance, please contact Ariete customer support.

## 8. Product Specifications

| | |
|---|---|
| **Manufacturer** | Ariete |
| **Product Dimensions (L x W x H)** | 33 x 8 x 36 cm |
| **Item Weight** | 400 grams |
| **Model Number** | RED SILENT 2752 (Compatible with 00P275200AR0, 00P275210AR0, 00P275210ARES) |
