4. SETUP AND CHARGING

4.1 Initial Charging

Before first use, fully charge the SUNITEC BC920. Connect the provided USB charging cable to the Micro USB port on the device and the other end to the car charger or a standard USB power adapter (not included). The LED indicator will show charging status.

The device features a long-lasting battery, providing up to 22 hours of talk time and 1000 hours of standby time on a full

charge.
