Yamazaki 4080

Yamazaki Smart Pole Hanger 4080 White Instruction Manual

1. Product Overview

The Yamazaki Smart Pole Hanger 4080 is a freestanding coat hanger designed for efficient garment storage. Its slim profile and horizontal hanging bar allow for easy selection of clothes, including long coats and dresses. Integrated hooks provide additional storage for bags and small items. The durable powder-coated steel construction ensures longevity and stability.

2. Package Contents

Please verify that all components are present before assembly:

- Pole Hanger Frame (main body components)
- Base
- Hanging Bar
- Hooks

- Assembly Hardware (screws, washers)
- Hex Wrench (for assembly)
- Instruction Manual

3. Safety Information

- Do not exceed the maximum recommended load capacity of 12 kg.
- Ensure the hanger is placed on a flat, stable surface to prevent tipping.
- Keep small parts and packaging materials away from children to avoid choking hazards.
- Avoid hanging heavy or unbalanced items that could compromise stability.
- Regularly check all connections to ensure they remain tight.

4. Setup and Assembly

Assembly is required for this product. Please follow these general steps. A hex wrench is included for your convenience.

1. Unpack all components and verify against the package contents list.
2. Attach the main pole to the base using the provided screws and hex wrench. Ensure a secure connection.
3. Secure the horizontal hanging bar to the top of the main pole.
4. Attach any additional hooks to the designated points on the pole.
5. Confirm all connections are tightened before use.

5. Operating Instructions

5.1 Hanging Garments

Utilize the horizontal bar to hang clothes on hangers. The design allows for side-by-side hanging, making it easy to browse and select your attire. The 140cm height accommodates longer items such as coats and dresses without them touching the floor.

5.2 Using Accessory Hooks

The integrated hooks on the pole are designed for hanging bags, scarves, hats, or other small accessories. Distribute items evenly to maintain balance.

Image 5.2: A close-up view of the hanger's hook, showing a bag neatly hung, highlighting its utility for accessories.

6. Maintenance

- Clean the hanger regularly with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- For stubborn dirt, a mild soap solution can be used, followed by wiping dry.
- Periodically inspect all joints and screws for tightness. Re-tighten if necessary to ensure stability.
- Avoid prolonged exposure to direct sunlight or high humidity, which may affect the material over time.

7. Troubleshooting

7.1 Hanger feels unstable

- Ensure all assembly screws are fully tightened.
- Verify the hanger is placed on a level surface. Adjust if necessary.
- Check if the weight distribution of hung items is balanced. Redistribute items if they are concentrated on one side.
- Do not exceed the maximum load capacity of 12 kg.

7.2 Difficulty hanging long garments

- Ensure the garment is hung properly on a hanger.
- The hanger is designed to accommodate garments up to approximately 140 cm in length. If garments are longer, they may touch the floor.

8. Specifications

Brand	Yamazaki
Model Number	4080
Color	White
Material	Body: Steel (powder coated), Caps: Polypropylene
Product Dimensions (W x D x H)	36.5 cm x 36.5 cm x 140 cm
Item Weight	5.2 kg
