## Macally UCDYNAMOUSESG

# Macally USB Type C Wired Mouse Instruction Manual

Model: UCDYNAMOUSESG

Brand: Macally

## 1. INTRODUCTION

Thank you for choosing the Macally USB Type C Wired Mouse. This manual provides detailed instructions for setting up, operating, and maintaining your new mouse. Designed for simplicity and reliability, this plug-and-play mouse offers comfortable use with adjustable DPI settings for various computing needs.

## 2. PACKAGE CONTENTS

- Macally USB Type C Wired Mouse
- Instruction Manual

## 3. SETUP

The Macally USB Type C Wired Mouse is designed for easy plug-and-play functionality, requiring no additional drivers for most operating systems.

1. **Connect the Mouse:** Locate an available USB-C port on your computer (MacBook Pro, iMac, PC, Laptop, Tablet, etc.). Insert the USB-C connector of the mouse cable firmly into the USB-C port.
2. **Automatic Recognition:** Your operating system should automatically detect and configure the mouse. No software installation is typically required.
3. **Begin Use:** Once recognized, the mouse is ready for immediate use.

## Wired for USB-C.

## 4. OPERATING INSTRUCTIONS

### 4.1 Basic Usage

The mouse features a standard 3-button layout for intuitive control:

- **Left Click Button:** Used for selecting items, opening files, and executing commands.
- **Right Click Button:** Used for accessing contextual menus and additional options.
- **Scroll Wheel:** Used for scrolling through documents and web pages. The scroll wheel can also be pressed as a middle click button for specific functions in some applications.

## A Familiar Layout.

A simple 3 button configuration featuring a left click, right click, and scroll wheel button

### 4.2 DPI Adjustment

The mouse features a dedicated DPI (Dots Per Inch) switch to adjust cursor sensitivity. This allows you to change the speed and responsiveness of the cursor to suit your preference or task.

- Press the **DPI button** (located below the scroll wheel) to cycle through the available sensitivity settings: 800, 1200, 1600, and 2400 DPI.
- Select the DPI setting that provides the most comfortable and efficient cursor movement for your current activity.

## Tune Your Sensitivity.

4 DPI modes to set your desired cursor sensitivity –  
**800/1200/1600/2400**

### 4.3 Compatibility

The Macally USB Type C Wired Mouse is universally compatible with a wide range of devices and operating systems:

- Mac (macOS)
- PC (Windows)
- iPadOS
- Android devices with USB-C ports

## Just Plug and Play.

For both Mac and PC, no drivers needed

## 5. KEY FEATURES

- USB-C Connectivity:** Specifically designed for modern laptops and computers with USB-C ports, ensuring a reliable wired connection.
- Slim & Compact Design:** With a height of only 1 inch, the mouse is slim, comfortable, and portable, fitting snugly in your hand.
- Quiet Click Buttons:** Reduces clicking noise by 90% compared to traditional mice, providing a quieter work environment.
- Adjustable DPI:** Easily switch between 800, 1200, 1600, and 2400 DPI settings for precise cursor control.
- 5-Foot Cable:** Provides ample length for flexible setup and comfortable use, even with desktop computers.
- Ambidextrous Design:** Suitable for both right-handed and left-handed users.

### Wired Specifically for USB-C.

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your Macally USB Type C Wired Mouse, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the surface of the mouse. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid using harsh chemicals or abrasive materials.
- **Optical Sensor:** Keep the optical sensor on the underside of the mouse clean and free from dust or debris. Use a cotton swab or compressed air if necessary.
- **Cable Care:** Avoid sharp bends or excessive pulling on the USB-C cable to prevent damage. Store the cable neatly when not in use.
- **Storage:** When not in use, store the mouse in a clean, dry environment away from extreme temperatures.

## 7. TROUBLESHOOTING

If you encounter any issues with your Macally USB Type C Wired Mouse, please refer to the following common solutions:

Problem	Solution
Mouse is not responding.	<p>Ensure the USB-C connector is securely plugged into your computer's USB-C port.</p> <p>Try plugging the mouse into a different USB-C port on your computer.</p> <p>Restart your computer.</p> <p>Test the mouse on another computer to determine if the issue is with the mouse or the computer.</p>
Cursor movement is erratic or jumpy.	<p>Clean the optical sensor on the underside of the mouse.</p> <p>Ensure you are using the mouse on a suitable surface (e.g., a mouse pad). Avoid highly reflective or transparent surfaces.</p> <p>Adjust the DPI setting using the DPI button to see if a different sensitivity improves performance.</p>
Buttons or scroll wheel are not working.	<p>Ensure the mouse is properly connected.</p> <p>Restart your computer.</p> <p>Check your operating system's mouse settings to ensure buttons are configured correctly.</p>
