Ranger Design FTH-16

Ranger Design FTH-16 Service Van Shelving Package for Ford Transit High Roof - User Manual

Model: FTH-16 | **Brand:** Ranger Design (American Truck Equipment)

1. INTRODUCTION

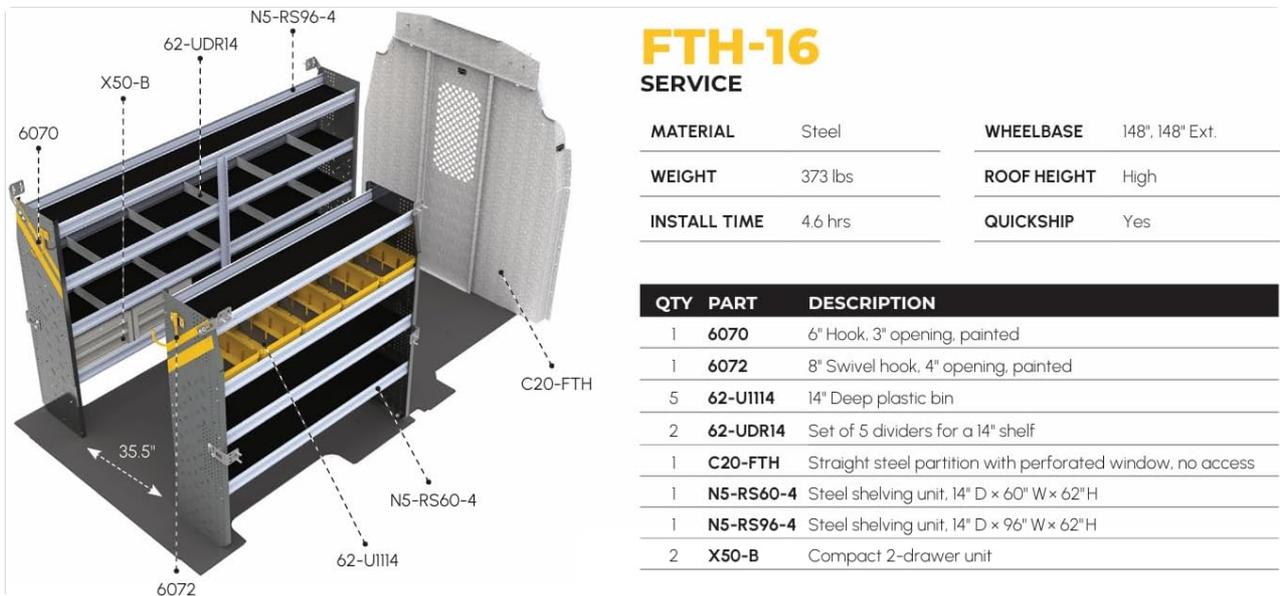

This manual provides detailed instructions for the proper installation, safe operation, and routine maintenance of the Ranger Design FTH-16 Service Van Shelving Package. This steel shelving system is specifically designed for compatibility with Ford Transit High Roof vehicles, offering an organized and efficient storage solution for commercial use.

1.1 Important Safety Information

- **Assembly Required:** This product requires assembly. Follow all instructions carefully to ensure correct installation and to prevent injury.
- **Heavy Item:** The shelving package is a heavy item. It is recommended that installation be performed by trained professionals or with adequate assistance to prevent injury.
- **Secure Installation:** Ensure all components are securely fastened to the vehicle's structure as per the installation guide to prevent movement during transit.
- **Weight Limits:** Adhere to the specified weight limits for each shelf and the overall system to maintain structural integrity and vehicle safety.

2. COMPONENTS LIST

The FTH-16 Service Van Shelving Package includes the following primary components. Refer to the diagram below for visual identification.

FTH-16 SERVICE

MATERIAL	Steel	WHEELBASE	148", 148" Ext.
WEIGHT	373 lbs	ROOF HEIGHT	High
INSTALL TIME	4.6 hrs	QUICKSHIP	Yes

QTY	PART	DESCRIPTION
1	6070	6" Hook, 3" opening, painted
1	6072	8" Swivel hook, 4" opening, painted
5	62-UI114	14" Deep plastic bin
2	62-UDR14	Set of 5 dividers for a 14" shelf
1	C20-FTH	Straight steel partition with perforated window, no access
1	N5-RS60-4	Steel shelving unit, 14" D x 60" W x 62" H
1	N5-RS96-4	Steel shelving unit, 14" D x 96" W x 62" H
2	X50-B	Compact 2-drawer unit

Figure 2.1: Exploded view of the FTH-16 shelving package components. This diagram illustrates the various parts included in the package, such as shelving units, drawers, bins, and hooks, along with their respective part numbers and dimensions.

Table 2.1: FTH-16 Package Contents

QTY	PART	DESCRIPTION
1	6070	6" Hook, 3" opening, painted
1	6072	8" Swivel hook, 4" opening, painted
5	62-UI114	14" Deep plastic bin
2	62-UDR14	Set of 5 dividers for a 14" shelf
1	C20-FTH	Straight steel partition with perforated window, no access
1	N5-RS60-4	Steel shelving unit, 14" D x 60" W x 62" H
1	N5-RS96-4	Steel shelving unit, 14" D x 96" W x 62" H
2	X50-B	Compact 2-drawer unit

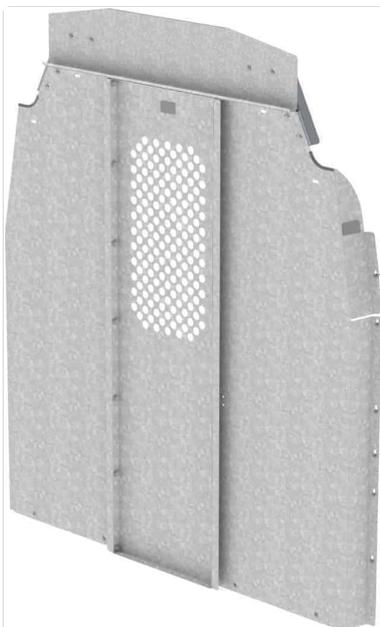

Figure 2.2: Steel Partition (C20-FTH).

This image shows the robust steel partition designed to separate the cargo area from the driver's cabin.

Figure 2.3: Steel Shelving Unit (N5-RS60-4 or N5-RS96-4). A view of one of the durable steel shelving units, featuring multiple levels for organized storage.

Figure 2.4: Compact 2-Drawer Unit (X50-B). This image displays the secure two-drawer unit, ideal for storing smaller tools and components.

Figure 2.5: 14" Deep Plastic Bin (62-UI114). A robust plastic bin designed for efficient organization of parts.

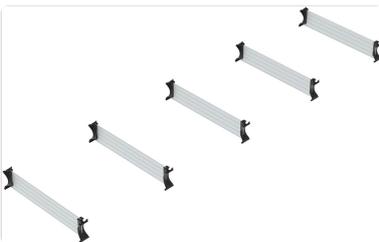

Figure 2.6: Shelf Dividers (62-UDR14). A set of dividers used to compartmentalize shelves for better organization.

3. SETUP AND INSTALLATION

The Ranger Design FTH-16 shelving package is designed for a precise fit within Ford Transit High Roof vans. Due to the weight and complexity, professional installation is highly recommended. Always refer to the detailed installation guide provided with your product for specific, step-by-step instructions and safety precautions.

3.1 General Installation Steps (Summary)

1. **Vehicle Preparation:** Clear the cargo area of the Ford Transit High Roof van. Ensure the floor and walls are clean and free from obstructions.
2. **Partition Installation:** Install the steel partition (C20-FTH) behind the driver's cabin, securing it according to the detailed instructions. This provides a safety barrier.
3. **Shelving Unit Placement:** Position the larger (N5-RS96-4) and smaller (N5-RS60-4) steel shelving units within the cargo area. These units are engineered for specific locations within the van.
4. **Securing Shelving Units:** Fasten the shelving units to the van's interior structure using the provided hardware. Ensure all anchor points are robust and secure to prevent movement during vehicle operation.
5. **Drawer Unit Integration:** Install the compact 2-drawer units (X50-B) into their designated slots within the shelving system.
6. **Accessory Installation:** Attach plastic bins (62-UI114), shelf dividers (62-UDR14), and hooks (6070, 6072) as desired for customized organization.
7. **Final Inspection:** Verify that all components are tightly secured and that there are no loose parts. Check for any potential rattling.

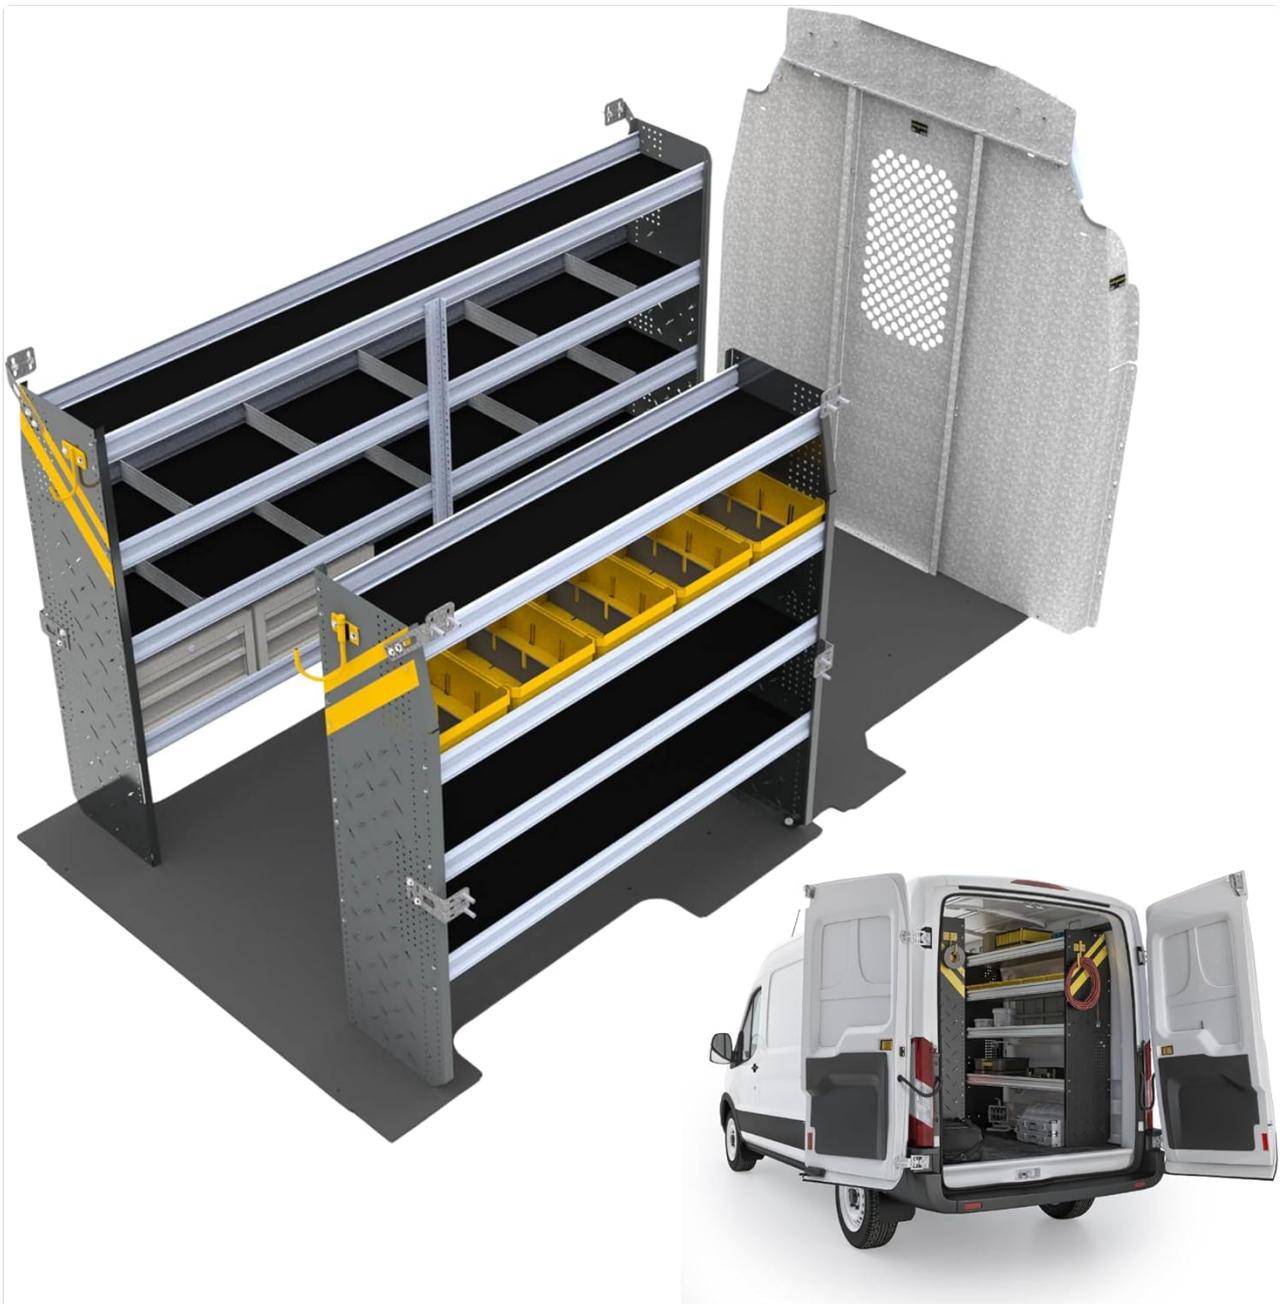

Figure 3.1: Fully installed FTH-16 shelving package. This image shows the complete shelving system integrated into the cargo area of a Ford Transit High Roof van, demonstrating the layout and capacity.

Figure 3.2: Multiple views of the installed shelving. This composite image provides different perspectives of the shelving system within the van, highlighting its comprehensive integration.

4. OPERATION AND USAGE

The Ranger Design FTH-16 shelving system is designed to maximize the utility of your Ford Transit High Roof van's cargo space, providing organized and accessible storage for tools and equipment.

4.1 Organizing Your Workspace

- **Shelf Utilization:** Use the multiple shelves for larger items, equipment cases, or bulk supplies. Arrange items by frequency of use or category for efficient access.
- **Drawer Units:** The compact 2-drawer units are ideal for small parts, fasteners, and hand tools, keeping them secure and easily retrievable.
- **Plastic Bins and Dividers:** Utilize the 14" deep plastic bins with dividers for organizing smaller components, preventing them from shifting during transit.
- **Hooks:** The included hooks can be used for hanging cables, hoses, or other items, keeping them off the floor and readily available.

4.2 Loading and Securing Items

- **Even Weight Distribution:** Distribute weight evenly across the shelves and within the van to maintain vehicle stability.
- **Secure Loose Items:** Always ensure all items on shelves, in bins, and in drawers are properly secured to prevent movement, damage, or injury during driving. Consider using bungee cords or cargo nets for larger items on shelves.
- **Access:** Plan your layout to ensure easy access to frequently used tools and materials.

5. MAINTENANCE

Regular maintenance ensures the longevity and continued safe operation of your Ranger Design FTH-16 shelving package.

5.1 Cleaning

- **General Cleaning:** Wipe down steel surfaces with a damp cloth and mild detergent as needed. Avoid abrasive cleaners that could damage the finish.
- **Plastic Components:** Plastic bins and dividers can be washed with soap and water.
- **Drying:** Ensure all components are thoroughly dry after cleaning to prevent rust on steel parts.

5.2 Inspection

- **Fastener Check:** Periodically inspect all bolts, screws, and mounting hardware for tightness. Re-tighten any that are loose to prevent rattling and ensure structural integrity.
- **Component Condition:** Check shelves, drawers, and bins for signs of wear, damage, or deformation. Replace any damaged components immediately.
- **Corrosion:** Inspect steel components for any signs of rust or corrosion, especially in areas exposed to moisture. Address minor rust with appropriate rust treatment and paint.

6. TROUBLESHOOTING

This section addresses common issues that may arise during the use of your shelving package.

6.1 Common Issues

- **Rattling Noise:**
 - **Cause:** Loose fasteners or unsecured items.
 - **Solution:** Inspect all mounting bolts and shelf fasteners. Tighten any that are loose. Ensure all tools and equipment stored on the shelves or in bins are properly secured and not free to move.
- **Difficulty with Drawer Operation:**
 - **Cause:** Obstruction in drawer slides or excessive weight.
 - **Solution:** Check for any debris or objects obstructing the drawer slides. Ensure the drawer is not overloaded beyond its capacity.
- **Shelf Instability:**
 - **Cause:** Improper installation or loose connections.
 - **Solution:** Re-check all installation points and fasteners for the affected shelf. Ensure it is correctly seated and secured according to the installation guide.

7. SPECIFICATIONS

Table 7.1: Product Specifications

Brand	Ranger Design (American Truck Equipment)
Model	FTH-16
Compatible Vehicle	Ford Transit High Roof
Material	Alloy Steel
Color	Black
Item Weight (Package)	348 Pounds
Assembly Required	Yes
Water Resistance Level	Not Water Resistant
Style	Van storage & organization
Door Style (for drawers)	Sliding Doors

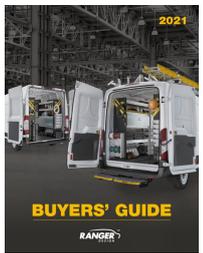

8. WARRANTY INFORMATION

This Ranger Design product is covered by a manufacturer's warranty. For specific details regarding warranty coverage, duration, and claims procedures, please refer to the warranty documentation included with your purchase or contact Ranger Design customer support directly.

9. CUSTOMER SUPPORT

For technical assistance, replacement parts, or any questions regarding the Ranger Design FTH-16 Service Van Shelving Package, please contact Ranger Design customer support. Contact information can typically be found on the manufacturer's website or in the packaging materials.
