Beats MTH52LL/A

BeatsX Wireless Earphones Instruction Manual

Model: MTH52LL/A

1. SETUP

1.1 What's in the Box

Verify that all components are present in the packaging:

- BeatsX earphones
- Eartips with four size options
- Lightning to USB-A charging cable
- Quick start guide
- Warranty card

1.2 Charging Your Earphones

Before initial use, fully charge your BeatsX earphones. Connect the Lightning to USB-A charging cable to the charging port on the earphones and then to a USB power source.

- A full charge provides up to 8 hours of listening time.
- The Fast Fuel feature allows for 2 hours of playback from a 5-minute charge when the battery is low.

1.3 Pairing with Your Device

1.3.1 Pairing with iOS Devices (Apple W1 Chip)

1. Ensure your iOS device's Bluetooth is enabled.
2. Hold your BeatsX earphones near your unlocked iOS device.
3. Follow the on-screen instructions to connect. The Apple W1 chip enables seamless pairing and switching between iCloud-connected devices.

1.3.2 Pairing with Android and Other Bluetooth Devices

1. Press and hold the power button on your BeatsX earphones for 5 seconds until the LED indicator flashes.
2. On your device, go to Bluetooth settings and select "BeatsX" from the list of available devices.
3. Confirm the pairing.

1.4 Selecting Eartips

The BeatsX earphones come with four size options for eartips. Choose the size that provides a comfortable and secure fit for optimal sound quality and noise isolation.

2. OPERATING YOUR BEATSX EARPHONES

2.1 Power On/Off

- **To Power On:** Press and hold the power button until the LED indicator lights up.

- **To Power Off:** Press and hold the power button until the LED indicator turns off.

2.2 Using RemoteTalk Controls

The RemoteTalk cable allows you to control music, manage calls, and activate voice assistants.

- **Play/Pause Music:** Press the center button once.
- **Skip Track Forward:** Press the center button twice.
- **Skip Track Backward:** Press the center button three times.
- **Answer/End Call:** Press the center button once during a call.
- **Activate Siri or Voice Assistant:** Press and hold the center button.
- **Volume Up:** Press the top volume button.
- **Volume Down:** Press the bottom volume button.

2.3 Wearing Your Earphones

The Flex-Form cable is designed for comfort and flexibility. Place the neckband around your neck and insert the earbuds into your ears. Adjust the cable for a secure and comfortable fit. The magnetic earbuds can clasp together for easy storage around your neck when not in use.

3. MAINTENANCE

3.1 Cleaning

- Wipe the earphones and eartips with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Remove eartips periodically and clean them with mild soap and water, then dry thoroughly before reattaching.

3.2 Storage

When not in use, store your BeatsX earphones in a clean, dry place. The Flex-Form cable allows for easy coiling and

portability. The magnetic earbuds help prevent tangling.

Image: The magnetic earbuds of the BeatsX earphones are shown clasped together, illustrating their compact storage feature.

3.3 Battery Care

- Avoid exposing the earphones to extreme temperatures.
- Charge the earphones regularly, even if not used frequently, to maintain battery health.

4. TROUBLESHOOTING

4.1 Earphones Not Powering On

- Ensure the earphones are charged. Connect them to the charging cable and a power source.
- Press and hold the power button firmly for a few seconds.

4.2 Cannot Pair with Device

- Make sure Bluetooth is enabled on your device.
- Ensure the earphones are in pairing mode (LED indicator flashing).
- Move the earphones closer to your device.
- Try forgetting "BeatsX" from your device's Bluetooth settings and re-pairing.

4.3 No Sound or Poor Sound Quality

- Check the volume levels on both your earphones and your connected device.
- Ensure the earphones are properly seated in your ears and that the eartips provide a good seal.
- Clean the eartips and speaker grilles to remove any debris.
- Try disconnecting and reconnecting the Bluetooth connection.

4.4 Resetting Your BeatsX Earphones

If you experience persistent issues, you may need to reset your earphones:

1. Press and hold both the power button and the volume down button for 10 seconds.
2. Release the buttons when the LED indicator flashes.
3. Your earphones are now reset and will need to be re-paired with your devices.
