

UDEAR UDS1

UDEAR Portable Wardrobe Closet Clothes Organizer (Model UDS1) Instruction Manual

Model: UDS1 | Brand: UDEAR

1. PRODUCT OVERVIEW

The UDEAR Portable Wardrobe Closet is designed for efficient clothing storage and organization. It features a sturdy frame, multiple storage compartments, and a protective fabric cover.

- **Sturdy Construction:** Composed of non-woven fabric, steel tubes, and PP plastic connectors for durability.
- **Spacious Storage:** Includes 6 storage shelves, 2 hanging sections, and 4 side pockets.
- **Dustproof & Waterproof:** Features a removable fabric cover with zipper closure to protect contents from dust and moisture. The non-woven fabric is breathable and easy to clean.
- **Portability:** Lightweight design allows for easy disassembly, transport, and reassembly without special tools.

2. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. The package should contain:

- Steel Tubes (various lengths for frame and hanging rods)
- PP Plastic Connectors (various shapes for joining tubes)
- Non-Woven Fabric Tiers (for shelves)
- Non-Woven Fabric Cover (with zipper and side pockets)
- Instruction Manual

3. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and does not require special tools. Follow these steps carefully:

1. **Unpack Components:** Lay out all steel tubes, plastic connectors, and fabric tiers on a clean, flat surface. Separate components by type and length.
2. **Assemble Base Frame:** Connect the shortest steel tubes with the appropriate plastic connectors to form the base rectangle of the wardrobe. Ensure all connections are secure.
3. **Install Lower Fabric Tiers:** Slide the fabric tiers onto the designated steel tubes for the bottom shelves before adding vertical supports.
4. **Build Vertical Structure:** Insert longer vertical steel tubes into the base connectors. Continue adding horizontal tubes and fabric tiers to build the wardrobe upwards, section by section.
5. **Install Hanging Rods:** Place the steel hanging rods into their designated connectors in the upper sections.
6. **Complete Top Frame:** Assemble the top rectangle of the wardrobe using the remaining steel tubes and connectors.
7. **Attach Fabric Cover:** Drape the non-woven fabric cover over the assembled frame. Ensure the zippers align correctly and the side pockets are accessible.
8. **Secure Cover:** Fasten the cover to the frame as indicated in the detailed manual (if specific fasteners are present).

4. OPERATING INSTRUCTIONS

To maximize the utility and lifespan of your UDEAR Portable Wardrobe:

- **Hanging Clothes:** Utilize the two hanging sections for garments that require hanging, such as shirts, dresses, and coats. Distribute weight evenly across the rods.
- **Shelf Storage:** Use the six shelves for folded clothing, linens, bags, or other accessories. Avoid overloading shelves to maintain structural integrity.
- **Side Pockets:** The four side pockets are suitable for smaller items like socks, ties, belts, or small accessories.
- **Zipper Closure:** Keep the fabric cover zipped when not accessing items to protect contents from dust and maintain a tidy appearance.

5. MAINTENANCE

Proper maintenance ensures the longevity of your wardrobe:

- **Cleaning:** Wipe the non-woven fabric cover and tiers with a dry cloth to remove dust. For minor stains, a damp cloth with mild soap can be used, followed by drying thoroughly.
- **Frame Inspection:** Periodically check all steel tube connections and plastic connectors to ensure they remain secure. Tighten if necessary.
- **Weight Distribution:** Avoid concentrating heavy items in one area. Distribute weight evenly across shelves and hanging rods to prevent sagging or structural stress.
- **Relocation:** When moving the wardrobe, it is recommended to empty it first to prevent damage to the frame or cover.

6. TROUBLESHOOTING

Refer to the following solutions for common issues:

- **Wardrobe feels unstable:**

Ensure all steel tubes are fully inserted into their respective plastic connectors. Verify that the wardrobe is placed on a flat, level surface. Redistribute heavy items if they are concentrated on one side.

- **Fabric cover does not fit correctly:**

Check that the frame has been assembled according to the instructions and all dimensions are correct. The cover should be draped over the frame from top to bottom, aligning zippers and corners carefully.

- **Tubes or connectors are damaged:**

If any components are damaged upon arrival or during assembly, contact customer service for replacement parts. Avoid using damaged parts as this can compromise the wardrobe's stability.

- **Zipper issues:**

Ensure the fabric is not caught in the zipper. Apply a small amount of zipper lubricant (e.g., wax) if the zipper is stiff. Avoid forcing the zipper.

7. SPECIFICATIONS

Feature	Detail
Brand	UDEAR
Model Number	UDS1
Dimensions (L x W x H)	50.4 x 17.7 x 66.9 inches (128 x 45 x 170 cm)
