## WAYKING WBK-5846-US

# WAYKING Vanity Mirror with Lights User Manual

Model: WBK-5846-US

### PRODUCT OVERVIEW

---

The WAYKING Vanity Mirror with Lights is designed to enhance your daily makeup routine with versatile lighting options and convenient features. This mirror can be used as a tabletop unit or wall-mounted, offering flexibility for various spaces.

Figure 1: WAYKING Vanity Mirror with Lights, showcasing its sleek design and illuminated bulbs on a vanity table.

### Key Features:

- **Adjustable Lighting:** Features LED bulbs with three color temperatures: cool light (6500K), warm white light (4000K), and warm light (2700K).
- **Smart Touch Controls:** Intuitive touch screen dimmer for power on/off, light color switching, and brightness adjustment.
- **Memory Function:** Automatically saves your last lighting settings for convenience.
- **Flexible Installation:** Designed for both tabletop use with a removable metal base or wall-mounting.
- **Integrated USB Port:** A convenient USB charging port is located on the side for charging mobile devices.

## Unpacking and Inspection:

1. Carefully open the packaging and remove all components.
2. Inspect the mirror and all accessories for any signs of damage. If any damage is found, do not proceed with assembly and contact customer support.
3. Ensure all parts listed in the packing list are present.

## Assembly Options:

The WAYKING Vanity Mirror offers two primary installation methods: tabletop and wall-mounted.

### Tabletop Installation:

- Place the mirror on a stable, flat surface.
- Ensure the metal base is securely attached to the mirror. The mirror is designed to be used directly on a tabletop with its integrated base.
- Connect the power adapter to the mirror's power input port and then plug it into a standard electrical outlet.

### Wall-Mounted Installation:

- To wall-mount the mirror, first remove the metal base if it is attached.
- Identify a suitable location on the wall, ensuring it is a sturdy surface capable of supporting the mirror's weight (approximately 14.8 pounds).
- Use appropriate wall anchors and screws (not included) for your wall type. The mirror has a hole at the back for hanging.
- Measure and mark the desired height and position for the mirror.
- Securely fasten the mirror to the wall.
- Connect the power adapter to the mirror's power input port and then plug it into a standard electrical outlet.

## OPERATING INSTRUCTIONS

---

The mirror features touch-sensitive controls located on the mirror surface.

## 3 Color Lighting & Adjustable Brightness

Short Press Middle button to turn on/off the mirror

Short Press "M" to convert light color

Long Press "P" to adjust brightness

Warm Light

Warm-white Light

Day Light

Figure 4: Detailed view of the touch controls for power, light color, and brightness adjustment.

- **Power On/Off:** Short press the middle touch button (usually indicated by a power icon) to turn the mirror lights on or off.
- **Change Light Color:** Short press the "M" (Mode) touch button to cycle through the three available light colors: cool light (6500K), warm white light (4000K), and warm light (2700K).
- **Adjust Brightness:** Long press the "P" (Plus) touch button to increase the brightness. Long press the "M" (Minus) touch button to decrease the brightness. Release the button when the desired brightness level is reached.
- **Memory Function:** The mirror will remember your last used brightness and color setting when turned off and on again.

### USB Charging Port:

A USB port is conveniently located on the side of the mirror for charging your mobile devices.

## Handy USB Outlet

Figure 5: The integrated USB charging port, allowing convenient charging of devices while using the mirror.

- Simply plug your USB charging cable into the port to charge your smartphone, tablet, or other compatible devices.
- The USB port functions independently of the mirror lights being on or off, as long as the mirror is connected to power.

### Product Demonstration Video:

## MAINTENANCE

---

### Cleaning the Mirror:

- Always unplug the mirror from the power outlet before cleaning.
- Use a soft, lint-free cloth dampened with a glass cleaner or water to wipe the mirror surface.
- Avoid abrasive cleaners or harsh chemicals that could damage the mirror or its frame.
- For the frame and base, use a dry or slightly damp cloth to wipe away dust.

### Bulb Replacement:

The LED bulbs in this mirror are designed for long-term use and are not user-replaceable. If a bulb malfunctions, please contact customer support for assistance.

### Storage:

If storing the mirror for an extended period, ensure it is clean and dry. Store it in a cool, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Mirror lights do not turn on.	Not plugged in. Power outlet malfunction. Touch control not activated correctly.	Ensure the power adapter is securely plugged into the mirror and the wall outlet. Test the outlet with another device. Short press the middle touch button firmly.
Lights flicker or are dim.	Loose connection. Brightness set too low.	Check all power connections. Long press the "P" touch button to increase brightness.
Cannot change light color.	"M" touch button not pressed correctly.	Short press the "M" touch button firmly to cycle through modes.
USB charging port not working.	Mirror not connected to power. Device charging cable issue.	Ensure the mirror is plugged into a live power outlet. Try a different USB cable or device.

*If the problem persists after attempting these solutions, please contact WAYKING customer support.*
